Internal Complaints Committee (ICC)

2017-18

Men and women in today's society work together on all fronts. Women are today at the forefront in politics, business as well as social domains. Yet women and students of all genders have to suffer sexual harassment. Any form of sexual harassment is against the basic human right of freedom and right to live. Every individual deserves a workplace which is safe and secure. Also basic respect is expected at any workplace by every individual.

Government of India communicated the sexual harassment of women at workplace act, 2013, which decides a complaint correction mechanism that instructs all educational institutions set up an Internal Complaints Committee (I.C.C.) to look into such complaints.

Composition of Internal Complaints Committee (ICC) consists of One Presiding officer who should be women faculty member employed at a senior level whose position should not be below a Professor for University or Associate professor for College. Two Faculty members who willing to give their time and energy to the cause of women or have social work experience or legal knowledge. Two Non-teaching Employees. Three students which includes One undergraduate student, One Post graduate student and One Research scholar. One External member from amongst NGO or association willing to give their time and energy to the cause of women or a person familiar with issues related to sexual harassment. Likewise Internal Complaints Committee (ICC) was on formed on 1st August 2017 in Brijlal Biyani Science College, Amravati as follows:

Presiding Officer –

Dr (Ms) S. N. Gupta, Associate Professor, Chemistry Department, Brijlal Biyani Science College, Amravati

Faculty Members –

Mrs S. P. Nibjiya, Assistant Coordinator, Commerce & Management Department, Brijlal Biyani Science College, Amravati;

Ku U. S. Junghare, Assistant Coordinator, Computer Science Department, Brijlal Biyani Science College, Amravati

Non Teaching Employees –

PRINCIPAL
Brijlal Biyani Science College,
Amravati.

Shri S. M. Sharma, Laboratory Attendent, Brijlal Biyani Science College, Amravati;

Miss A. D. Wahane, Junior Clerk, Brijlal Biyani Science College, Amravati

Students –

Undergraduate Student –

Ku D. N. Nikharkar, B.Sc.I (BTB), Brijlal Biyani Science College, Amravati;

Post Graduate Student –

Ku A. S. Kadu, M. Sc. I- Electronics, Brijlal Biyani Science College, Amravati;

Research Scholar –

Miss S. V. Tambakhe, Research Scholar, Chemistry Deprtment

External Member -

Mrs M. A. Gadve

The entire objective of formation of this commiftee is to ensure a safe and healthy working environment for women and students of all genders. The ICC will work accordingly so that the aggreived person will get prompt justice.

Guest lecture of Internal Complaints Committee was arranged for all the students, teaching and nonteaching staff members of Brijlal Biyani Science College Amravati on 26.09.2017 and the guest speaker was Adv Mrs Sushma Joshi. She explained all the law related to sexual harassment of all gender at workplace.

Dr (Ms) S. N. Gupta

Certificate

This is to certify that Adv Mrs Sushma Joshi has given Guest lecture of Internal Complaints Committee on topic 'Legal Awareness relating to new generation' which was organized for all the students, teaching and nonteaching staff members of Brijlal Biyani Science College Amravati on 20.02.2019.

Adv Mrs Sushma Joshi explained all the laws related to sexual harassment of all gender at workplace. More than 400 students were present.

I express my sincere thanks to Adv Mrs Sushma Joshi for valuable speech given to all the students, teaching and nonteaching staff members of Brijlal Biyani Science College Amravati on 20.02.2019.

I also hope that she will continue her valuable guidance to this Institution in future.

Thanking you,

Yours faithfully

Science Faculty

Internal Complaints Committee (ICC)

IQAC Activity No.: 2018-19 / Science / Chemistry Department / Activity No. 1 / Criterion No.

Name of Activity: Internal Complaints Committee (ICC)			
Date	Faculty	Committee	Incharge / Presiding Officer
20.02.2019	Science	Internal Complaints Committee (ICC)	Dr (Ms) S. N. Gupta
Time	Venue	Number of Participants	Assistant Incharge
3 pm to 6 pm	Brijlal Biyani Science College, Amravati	500	Mrs S. P. Nibjiya, Ku U. S. Junghare

Brief Information about the activity

Topic of Activity	Internal Complaints Committee (ICC) Guest Lecture
Objectives	The entire objective of formation of this committee is to ensure a safe and healthy working environment for women and students of all genders.
Methodology	Men and women in today's society work together on all fronts. Women are today at the forefront in politics, business as well as social domains. Yet women and students of all genders have to suffer sexual harassment. Any form of sexual harassment is against the basic human right of freedom and right to live. Every individual deserves a workplace which is safe and secure. Also basic respect is expected at any workplace by every individual. Government of India communicated the sexual harassment of women at workplace act, 2013, which decides a complaint correction mechanism that instructs all educational institutions set up an Internal Complaints

PRINCIPAL
Brijlal Biyani Science College,
Amravati.

Committee (I.C.C.) to look into such complaints.

Composition of Internal Complaints Committee (ICC) consists of One Presiding officer who should be women faculty member employed at a senior level whose position should not be below a Professor for University or Associate professor for College. Two Faculty members who willing to give their time and energy to the cause of women or have social work experience or legal knowledge. Two Non-teaching Employees. Three students which includes One undergraduate student, One Post graduate student and One Research scholar. One External member from amongst NGO or association willing to give their time and energy to the cause of women or a person familiar with issues related to sexual harassment. Likewise Internal Complaints Committee (ICC) was on formed on 1st August 2017 in Brijlal Biyani Science College, Amravati as follows:

Presiding Officer – Dr (Ms) S. N. Gupta, Associate Professor, Chemistry Department, Brijlal Biyani Science College, Amravati
Faculty Members – Mrs S. P. Nibjiya, Assistant Coordinator, Commerce & Management Department, Brijlal Biyani Science College, Amravati; Ku U. S. Junghare, Assistant Coordinator, Computer Science Department, Brijlal Biyani Science College, Amravati
Non Teaching Employees – Shri S. M. Sharma, Laboratory Attendent, Brijlal Biyani Science College, Amravati; Mrs S. D. Bhendkar, Laboratory Attendent, Brijlal Biyani Science College, Amravati
Students - Undergraduate Student - Ku D. N. Nikharkar, B.Sc.II (BTB), Brijlal Biyani Science College, Amravati; **Post Graduate Student** - Ku A. S. Kadu, M. Sc. II- Electronics, Brijlal Biyani Science College, Amravati; **Research Scholar** - Miss S. V. Tambakhe, Research Scholar, Chemistry Deprtment
External Member : Mrs M. A. Gadve

The entire objective of formation of this committee is to ensure a safe

	and healthy working environment for women and students of all genders. The ICC will work accordingly so that the aggreived person will get prompt justice. Guest lecture of Internal Complaints Committee was arranged for all the students, teaching and nonteaching staff members of Brijlal Biyani Science College Amravati on 20.02.2019 and the guest speaker was Adv Mrs Sushma Joshi on topic 'Legal Awareness relating to new generation'. She explained all the law related to sexual harassment of all gender at workplace.

INTERNAL COMPLAINTS COMMITTEE (ICC)
GUEST LECTURE
ZERO TOLERANCE FOR SEXUAL HARASSMENT OF
STUDENTS & WOMEN IN COLLEGES & UNIVERSITIES

Internal Complaint Committee (ICC) Report

Year 2019-20

Men and women in today's society work together on all fronts. Women are today at the forefront in politics, business as well as social domains. Yet women and students of all genders have to suffer sexual harassment. Any form of sexual harassment is against the basic human right of freedom and right to live. Every individual deserves a workplace which is safe and secure. Also basic respect is expected at any workplace by every individual.

Government of India communicated the sexual harassment of women at workplace act, 2013, which decides a complaint correction mechanism that instructs all educational institutions set up an Internal Complaints Committee (I.C.C.) to look into such complaints.

Composition of Internal Complaints Committee (ICC) consists of One Presiding officer who should be women faculty member employed at a senior level whose position should not be below a Professor for University or Associate professor for College. Two Faculty members who willing to give their time and energy to the cause of women or have social work experience or legal knowledge. Two Non-teaching Employees. Three students which includes One undergraduate student, One Post graduate student and One Research scholar. One External member from amongst NGO or association willing to give their time and energy to the cause of women or a person familiar with issues related to sexual harassment. Likewise Internal Complaints Committee (ICC) was on formed on 1st August 2017 in Brijlal Biyani Science College, Amravati as follows:

Presiding Officer –

Dr (Ms) S. N. Gupta, Associate Professor, Chemistry Department, Brijlal Biyani Science College, Amravati

Faculty Members –

1. Mrs S. P. Nibjiya, Assistant Coordinator, Commerce & Management Department, Brijlal Biyani Science College, Amravati

2. Ku U. S. Junghare, Assistant Coordinator, Computer Science Department, Brijlal Biyani Science College, Amravati

Non Teaching Employees –

1. Shri S. M. Sharma, Laboratory Attendent, Brijlal Biyani Science College, Amravati

PRINCIPAL
Brijlal Biyani Science College,
Amravati.

2. Mrs S. D. Bhendkar, Laboratory Attendent, Brijlal Biyani Science College, Amravati

Students -

1. Undergraduate Student -

INTERNAL COMPLAINTS COMMITTEE (IIC)

Online Guest Lecture on Topic 'Prevention of Sexual Harassment of Students & Women in Colleges & Universities' Organized by Internal Complaints Committee (ICC) Brijlal Biyani Science College Amravati on Friday 29th January 2021 at 1 pm

Introduction about Internal Complaints Committee (ICC):

Men and women in today's society work together on all fronts. Women are today at the forefront in politics, business as well as social domains. Yet women and students of all genders have to suffer sexual harassment. Any form of sexual harassment is against the basic human right of freedom and right to live. Every individual deserves a workplace which is safe and secure. Also basic respect is expected at any workplace by every individual.

Government of India communicated the sexual harassment of women at workplace act, 2013, which decides a complaint correction mechanism that instructs all educational institutions set up an Internal Complaints Committee (I.C.C.) to look into such complaints.

Composition of Internal Complaints Committee (ICC) consists of -

1. **One Presiding officer** who should be women faculty member employed at a senior level whose position should not be below a Professor for University or Associate professor for College.
2. **Two Faculty members** who willing to give their time and energy to the cause of women or have social work experience or legal knowledge.
3. **Two Non-teaching Employees.**
4. **Three students** which includes One undergraduate student, One Post graduate student and One Research scholar.
5. **One External member** from amongst NGO or association willing to give their time and energy to the cause of women or a person familiar with issues related to sexual harassment.

Likewise Internal Complaints Committee (ICC) was formed on 21st July 2020 in Brijlal Biyani Science College, Amravati as follows:

1. **Presiding Officer** – Dr (Ms) S. N. Gupta, Professor, Chemistry Department, Brijlal Biyani Science College, Amravati
2. **Faculty Members** –

- Dr L. A. Sharma, Assistant Professor, Physics Department, Brijlal Biyani Science College, Amravati
- Dr M. C. Golchha, Assistant Professor, Physics Department, Brijlal Biyani Science College, Amravati

Acknowledgements

Its our immense pleasure to thank our honourable Principal, Dr.P.B. Raghuwanshi, Brijlal Biyani Science college, Amravati, for granting permission to conduct this activity within the college campus. Thanks for his motivation.

We are greatly thankful to Dr. Manjushree Boob, for necessary guidance and suggestions when ever needed.

We are also thankful to the UGC, New Delhi for granting Equal Opportunity Centre.

We express immense thanks to Dr. Mrs S. R. Katke, Head, Department of Zoology for giving the permission to conduct the blood tests in the zoology Laboratory.

Organisers

7.1.1.293

Introduction:

Haemoglobin is a protein based component of RBC's whose primary role is to transfer the oxygen from the lungs to rest of the body. Thus Haemoglobin is an important parameter in all the individuals as the working capacity of individuals depend on it.

Whenever the blood is carried into the lungs, these hemoglobin proteins attract whatever oxygen is available and this oxygenated blood then travels throughout the entire bloodstream, releasing oxygen into the various muscles and cells all around the body. Haemoglobin concentration is expressed as the amount of Haemoglobin in grams per decilitre of blood and the normal ranges of Haemoglobin depends on the age , beginning of adolescent and the sex of person.

The normal ranges of Haemoglobin in adult women is 12-16 gm/dl and in adult males is 14-18 gm/dl. In medical condition in which the RBC's or Hb is less than normal is referred as Anaemia. These definitions may vary slightly depending on the source and the laboratory reference used.

1. Anemia: Number of non pregnant women whose hemoglobin count is less than 12 grams per deciliter (g/dl) plus number of pregnant women whose count is less than 11 g/dl.

2. Mild anemia: Number of non pregnant women whose hemoglobin count is between 10.0 and 11.9 grams per deciliter (g/dl) plus number of pregnant women whose count is between 10.0 and 10.9 g/dl.

3.Moderate anemia: Number of women pregnant or not whose hemoglobin count is between 7.0 and 9.9 grams per decilitre (g/dl).

4. Severe anemia: Number of women pregnant or not whose hemoglobin count is less than 7.0 grams per decilitre (g/dl).

Certain groups of people are more likely to have iron-deficiency anaemia. These include babies, teenagers and women. The most common cause for anaemia is undernourishment. The second most common cause is loss of blood e.g during menstruation, injury and bleeding piles. Third cause of anemia is worm infestations (hookworm, pinworm, roundworm and tape worm) which feed on supply of blood and vitamins we take. Other causes are like defects in bone marrow etc.

Clinical manifestation of anemia are:

- Weariness and fatigue

- Sluggishness
- Headaches
- Breathlessness
- Irritability
- Feeling breathless after little exercise
- Feeling tired
- Palpitations
- Looking pale
- A rapid pulse

Less common symptoms include:

- tinnitus (ringing in your ears)
- an altered sense of taste
- brittle nails or 'spoon nails' where the middles of your nails are pushed inwards and the edges are raised
- soreness at the edges of your mouth
- a short attention span and poor concentration

There are many reasons for anaemia. Some of the more common reasons are:

- loss of blood (traumatic injury, surgery, bleeding colon cancer),
- nutritional deficiency (iron, vitamin B12, folate),
- bone marrow problems (replacement of bone marrow by cancer,
- suppression by chemotherapy drugs, kidney failure), and
- abnormal hemoglobin (sickle cell anemia)

Hb gm % counting and Blood grouping:

Anemia poses a major threat to girls of age group 15 to 25. It contributes lowered resistance to infection, poor cognitive development, fatigue and skin paleness, shortness of breath, fast irregular heartbeat, low blood pressure, headache, poor memory, and difficulty in thinking, cold hands and feet and decreased work productivity.

To combat with this burning problem in the girls, Iron^{+} initiative program was initiated as a pilot program for newly admitted girls in Brijlal Biyani Science College, Amravati. The girls are advised to carry out blood tests especially for the

7·1·1·B5

blood group and the Hb content to know their anemic status as haemoglobin concentration is a widely used measure of anemia.

To be aware about one's blood group is also important specially regarding girls as if girl with Rh –ve marries with a person with Rh +ve blood group then complications are created during 2nd pregnancy, thus we decided to carry out the activity among the newly admitted girl students of our Brijlal Biyani Science college, Amravati in collaboration with Zoology department and Equal opportunity Centre under the guidance of our Principal, Dr. P. B. Raghuwanshi.

The important parameters taken into consideration while Hb counting were age and weight and Cleanliness of a girl students. At the same time blood grouping was also carried out. The Activity was started on 22/8/2016 and onwards .

Materials and Methods:

Hb count was done by a standard Haemo Rapid Test Kit provided by the former Honorable Principal Dr.S.B. Lohiya B. B. Sc. College and blood grouping was done by using Standard anticera. All the precautions which must be taken at the time of dealing with blood experiments were taken. Only disposable pricking needles were used for every individual.

Results and Observations:

There are 148 girl students of B.Sc I year in our college out of which number of students analysed for Hb gm % are around 82 and 82 for blood grouping (Appendix-I).

The results are as given as below:

Table: 1.1; Number of Girls with respect to their age group.

S.No.	Age Group	Number of Girls
1.	17	23
2.	18	54
3.	19	02
4.	20	02
5.	21	01
6	Total	82

4.	04	9	Moderately Anemic
5.	21	10	Mild Anaemic
6.	12	11	Normal Hb
7.	09	12	
8.	02	13	
	Total = 82		

or

S.No.	Number of Girls	Hb gm%	Remark
1.	34	6-8	Severely anaemic
2.	46	9-12	
3.	02	13-14	
	Total = 82		

Table: 1.4; Table indicating number of Girls of a particular Blood group.

S.No.	Blood Group	Number of Girls
1.	A +ve	17
2.	A –ve	01
3.	AB +ve	05
4.	AB –ve	00
5.	B +ve	27
6.	B –ve	02
7.	O +ve	26
8.	O –ve	04
	Total	82

The blood groups of the students were found to be in the order B+ve > O+ve > A+ve> AB+ve and O-ve> B-ve > A-ve, blood group , where as none AB-ve, blood group.

The results indicate that out of 82 students, 34 students which were found to be severely anaemic. The details of a particular student including cleanliness, menstruation details and health problems were collected in a form (Annexure I) along with the HB and Blood group while checking.

On 27th March 2017, a health check up camp was organised out of these 34 student, around 30 were present for the camp. During the health checkup Dr. R. R. Laharia guided the students regarding the importance of haemoglobin, how to keep their Hb gm% normal by eating nutritional food and importance of other vitamins and even calcium to stay healthy. She further adviced them to take vitamin B12 rich food and to include foods of animal origin liver, red meat, eggs, kidney, and green leafy

vegetables, spinach, cabbage, carrots, radish, celery, tomatoes, beets, yeast, fruits, bananas, black grapes, plums, strawberries, dry fruits, raisins, almonds, soyabeans, fenugreek seeds, jaggery, brown bread, unpolished rice etc. and lemon juice in their diet. and also to have atleast one fruit every day to stay healthy and also to drink milk every day to keep one self fit. They were also asked to maintain their cleanliness especially to keep their nail clean.

She along with Dr. P.R. Agarwal distributed free medicines which included one tablet of Abendazol (wormicide) which was taken by the students on the spot and bottles of Syrup Tonoferol along Iron tables previously prescription by the Dr. Manjushree Boob.

Total 30 students took the benefit of free medication. After the camp, these students were again tested for their Hb gm% content after a month and it was found that 19 students out of 21 showed elevated Hb. While 2 showed no change. During the process other details about their eating habits improvement and other inquiries were also made orally.

The students were asked whether, they have stopped eating fast food, whether, they are feeling better in the class room or during studies, Whether, they have taken the syrup and tablets regularly as per prescription or not? To all these questions, they replied "yes".

Conclusions:

It is concluded that 41.46% girl students were severely anaemic which might result into less score in the examination as they get exhausted at early and cannot devote much time on their studies. It was personally observed that they cannot attend the classes with much concentration and energy. From all the above observations it was found that there is a need of creating more awareness about the eating habits among the girl students, as they are having a habit of eating the junk food rather than the nutritional one.

The post interaction with the students indicates that the students are well aware about the importance of haemoglobin in life and how keeping haemoglobin normal is essential for concentration in studies and to do well in life. All the girls are benefitted by the camp and thus the iron+ initiative program started by the college is found to be of great benefit for the girls.

No correlation was seen between the weight and haemoglobin content.

Suggestions:

The results will be better if students maintain good habit of eating nutritional food. Next year the activity has to be repeated to know the Hb contents in the blood of B.Sc. I year girl students of the college to create awareness among the new comers in college and initiate the Iron+ initiative program among them.

8.	O –ve	01
	Total	91

The blood groups of the students were found to be in the order O+ve >B+ve > A+ve> AB+ve and O-ve= B-ve where as none of A-ve, AB-ve, blood group.

The results indicate that out of 91students, 48 students which were found to be severely anaemic including one with Hb as 9 gm %. The details of a particular student including cleanliness, menstruation details and health problems were collected in a form (Annexure I) along with the HB and Blood group while checking.

On 21st April 2018, a health check up camp was organised out of these 48 student, around 43 were present for the camp. During the health checkup Dr. R. R. Laharia guided the students regarding the importance of haemoglobin, how to keep their Hb gm% normal by eating nutritional food and importance of other vitamins and even calcium to stay healthy. She further adviced them to take vitamin B12 rich food and to include foods of animal origin liver, red meat, eggs, kidney, and green leafy vegetables, spinach, cabbage, carrots, radish, celery, tomatoes, beets, yeast, fruits,

bananas, black grapes, plums, strawberries, dry fruits, raisins, almonds, soyabeans, fenugreek seeds, jaggery, brown bread, unpolished rice etc. and lemon juice in their diet. and also to have atleast one fruit every day to stay healthy and also to drink milk every day to keep one self fit. They were also asked to maintain their cleanliness especially to keep their nail clean.

She along with Dr. P.R. Agarwal distributed free medicines which included one tablet of Abendazol (wormicide) which was taken by the students on the spot and bottles of Syrup Tonoferol along Iron tables previously prescription by the Dr. Manjushree Boob.

Total 43 students took the benefit of free medication. After the camp, these students were again tested for their Hb gm% content after a month and it was found that 24 students out of 29 showed elevated Hb. While 5 showed no change. During the process other details about their eating habits improvement and other inquiries were also made orally.

The students were asked whether, they have stopped eating fast food, whether, they are feeling better in the class room or during studies, Whether, they have taken the syrup and tablets regularly as per prescription or not? To all these questions, they replied "yes".

Conclusions:

It is concluded that 52.74% girl students were severely anaemic which might result into less score in the examination as they get exhausted at early and cannot devote much time on their studies. It was personally observed that they cannot attend the classes with much concentration and energy. From all the above observations it was found that there is a need of creating more awareness about the eating habits among the girl students, as they are having a habit of eating the junk food rather than the nutritional one.

The post interaction with the students indicates that the students are well aware about the importance of haemoglobin in life and how keeping haemoglobin normal is essential for concentration in studies and to do well in life. All the girls are benefitted by the camp and thus the iron+ initiative program started by the college is found to be of great benefit for the girls.

No correlation was seen between the weight and haemoglobin content.

7.1.1.3

Suggestions:

The results will be better, if students maintain good habit of eating nutritional food. Next year the activity has to be repeated to know the Hb contents in the blood of B.Sc. I year girl students of the college to create awareness among the new comers in college and initiate the Iron+ initiative program among them.

(Appendix-I).

Acknowledgements

Its our immense pleasure to thank our honourable Principal, Dr. N.G. Belsare, Brijlal Biyani Science college, Amravati, for granting permission to conduct this activity within the college campus. Thanks for his motivation.

We are greatly thankful to Dr. Manjushree Boob, for necessary guidance and suggestions when ever needed.

We are also thankful to the UGC, New Delhi for granting Equal Opportunity Centre.

We express immense thanks to Dr. Mrs S. R. Katke, Head, Department of Zoology for giving the permission to conduct the blood tests in the zoology Laboratory.

Organisers

7.1.1.320

Introduction:

Haemoglobin is a protein based component of RBC's whose primary role is to transfer the oxygen from the lungs to rest of the body. Thus Haemoglobin is an important parameter in all the individuals as the working capacity of individuals depend on it.

Whenever the blood is carried into the lungs, these hemoglobin proteins attract whatever oxygen is available and this oxygenated blood then travels throughout the entire bloodstream, releasing oxygen into the various muscles and cells all around the body. Haemoglobin concentration is expressed as the amount of Haemoglobin in grams per decilitre of blood and the normal ranges of Haemoglobin depends on the age , beginning of adolescent and the sex of person.

The normal ranges of Haemoglobin in adult women is 12-16 gm/dl and in adult males is 14-18 gm/dl. In medical condition in which the RBC's or Hb is less than normal is referred as Anaemia. These definitions may vary slightly depending on the source and the laboratory reference used.

1. Anemia: Number of non pregnant women whose hemoglobin count is less than 12 grams per deciliter (g/dl) plus number of pregnant women whose count is less than 11 g/dl.

2. Mild anemia: Number of non pregnant women whose hemoglobin count is between 10.0 and 11.9 grams per deciliter (g/dl) plus number of pregnant women whose count is between 10.0 and 10.9 g/dl.

3.Moderate anemia: Number of women pregnant or not whose hemoglobin count is between 7.0 and 9.9 grams per decilitre (g/dl).

4. Severe anemia: Number of women pregnant or not whose hemoglobin count is less than 7.0 grams per decilitre (g/dl).

Certain groups of people are more likely to have iron-deficiency anaemia. These include babies, teenagers and women. The most common cause for anaemia is undernourishment. The second most common cause is loss of blood e.g during menstruation, injury and bleeding piles. Third cause of anemia is worm infestations (hookworm, pinworm, roundworm and tape worm) which feed on supply of blood and vitamins we take. Other causes are like defects in bone marrow etc.

Clinical manifestation of anemia are:

- Weariness and fatigue
- Sluggishness
- Headaches

- Breathlessness
- Irritability
- Feeling breathless after little exercise
- Feeling tired
- Palpitations
- Looking pale
- A rapid pulse

Less common symptoms include:

- tinnitus (ringing in your ears)
- an altered sense of taste
- brittle nails or 'spoon nails' where the middles of your nails are pushed inwards and the edges are raised
- soreness at the edges of your mouth
- a short attention span and poor concentration

There are many reasons for anaemia. Some of the more common reasons are:

- loss of blood (traumatic injury, surgery, bleeding colon cancer),
- nutritional deficiency (iron, vitamin B12, folate),
- bone marrow problems (replacement of bone marrow by cancer,
- suppression by chemotherapy drugs, kidney failure), and
- abnormal hemoglobin (sickle cell anemia)

Hb gm % counting and Blood grouping:

Anemia poses a major threat to girls of age group 15 to 25. It contributes lowered resistance to infection, poor cognitive development, fatigue and skin paleness, shortness of breath, fast irregular heartbeat, low blood pressure, headache, poor memory, and difficulty in thinking, cold hands and feet and decreased work productivity.

To combat with this burning problem in the girls, Iron^{+} initiative program was initiated as a pilot program for newly admitted girls in Brijlal Biyani Science College, Amravati. The girls are advised to carry out blood tests especially for the blood group and the Hb content to know their anemic status as haemoglobin concentration is a widely used measure of anemia.

To be aware about one's blood gr oup is also important specially regarding girls as if girl with Rh –ve marries with a person with Rh +ve blood group then complications are created during 2nd pregnancy, thus we decided to carry out the activity among the newly admitted girl students of our Brijlal Biyani Science college, Amravati in collaboration with Zoology department and Equal opportunity Centre under the guidance of our Principle, Dr. N.G. Belsare.

The important parameters taken into consideration while Hb counting were age and weight and Cleanliness of a girl students. At the same time blood grouping was also carried out. The Activity was started on 13/7/2018 and onwards .

Materials and Methods:

Hb count was done by a standard Haemo Rapid Test Kit provided by the former Honorable Principal Dr. S.B. Lohiya B.B.Sc. College and blood grouping was done by using Standard anticera. All the precautions which must be taken at the time of dealing with blood experiments were taken. Only disposable pricking needles were used for every individuals.

Results and Observations:

There are 199 girl students of B.Sc I year in our college out of which number of students analysed for Hb gm % are around 111 and 111 for blood grouping (Appendix-I).

The results are as given as below:

Table: 1.1; Number of Girls with respect to their age group.

S.No.	Age Group	Number of Girls
1.	17	56
2.	18	45
3.	19	09
4.	20	01
	Total	111

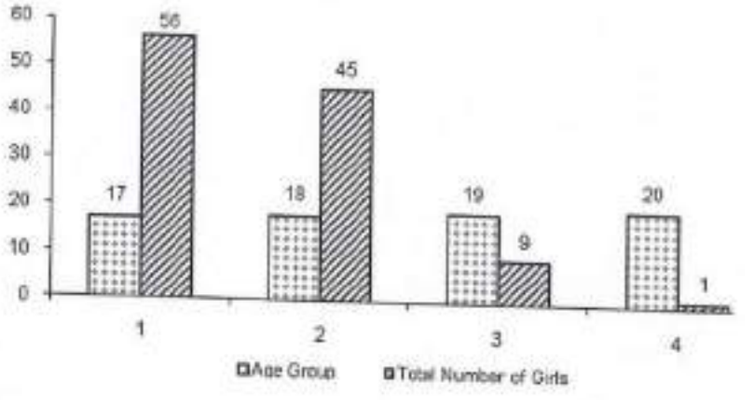

Fig: 1.1; Graph showing number of Girls with respect to their age group.

7.1.1.323

Table: 1.2; Number of Girls with respect to their Hb gm%.

S.No.	Number of Girls	Hb gm%	Remark
1.	05	6	Severely anaemic
2.	33	7	
3.	18	8	
4.	11	9	Moderately Anemic
5.	27	10	Mild Anaemic
6.	10	11	Normal Hb
7.	07	12	
	Total = 111		

or

S.No.	Number of Girls	Hb gm%	Remark
1.	47	6-8	Severely anaemic
2.	43	9-12	
3.	01	13-14	
	Total = 91		

Table: 1.4; Table indicating number of Girls of a particular Blood group.

S.No.	Blood Group	Number of Girls
1.	A +ve	23
2.	A –ve	01
3.	AB +ve	10
4.	AB –ve	00
5.	B +ve	44
6.	B –ve	00
7.	O +ve	33
8.	O –ve	00
	Total	111

The blood groups of the students were found to be in the order B+ve >O+ve > A+ve> AB+ve and A-ve where as none of O-ve , B-ve, AB-ve, blood group.

The results indicate that out of 111students, 56 students which were found to be severely anaemic. The details of a particular student including cleanliness, menstruation details and health problems were collected in a form (Annexure I) along with the HB and Blood group while checking.

On 18th August 2018, a health check up camp was organised out of these 48 student, around 44 were present for the camp. During the health checkup Dr. R. R. Laharia guided the students regarding the importance of haemoglobin, how to keep their Hb gm% normal by eating nutritional food and importance of other vitamins and even calcium to stay healthy. She further adviced them to take vitamin B12 rich food and to include foods of animal origin liver, red meat, eggs, kidney, and green leafy vegetables, spinach, cabbage, carrots, radish, celery, tomatoes, beets, yeast, fruits, bananas, black grapes, plums, strawberries, dry fruits, raisins, almonds, soyabeans, fenugreek seeds, jaggery, brown bread, unpolished rice etc. and lemon

juice in their diet. and also to have atleast one fruit every day to stay healthy and also to drink milk every day to keep oneself fit. They were also asked to maintain their cleanliness especially to keep their nail clean.

She along with Dr. P.R. Agarwal distributed free medicines which included one tablet of Abendazol (wormicide) which was taken by the students on the spot and bottles of Syrup Tonoferol along Iron tables previously prescription by the Dr. Manjushree Boob.

Total 43 students took the benefit of free medication. After the camp, these students were again tested for their Hb gm% content after a month and it was found that 21 students out of 29 showed elevated Hb. While 8 showed no change. During the process other details about their eating habits improvement and other inquiries were also made orally.

The students were asked whether, they have stopped eating fast food, whether, they are feeling better in the class room or during studies, Whether, they have taken the syrup and tablets regularly as per prescription or not? To all these questions, they replied "yes".

Conclusions:

It is concluded that 50.45 % girl students were severely anaemic which might result into less score in the examination as they get exhausted at early and cannot devote much time on their studies. It was personally observed that they cannot attend the classes with much concentration and energy. From all the above observations it was found that there is a need of creating more awareness about the eating habits among the girl students, as they are having a habit of eating the junk food rather than the nutritional one.

The post interaction with the students indicates that the students are well aware about the importance of haemoglobin in life and how keeping haemoglobin normal is essential for concentration in studies and to do well in life. All the girls are benefitted by the camp and thus the iron+ initiative program started by the college is found to be of great benefit for the girls.

No correlation was seen between the weight and haemoglobin content.

7.1.1.325

Suggestions:

The results will be better if students maintain good habit of eating nutritional food. Next year the activity has to be repeated to know the Hb contents in the blood of B.Sc. I year girl students of the college to create awareness about importance of haemoglobin in every aspect of life, among the new comers in college and initiate the Iron+ initiative program among them.

Acknowledgements

Its our immense pleasure to thank our honourable Principal, Dr. D.S. Dhote, Brijlal Biyani Science college, Amravati, for granting permission to conduct this activity within the college campus. Thanks for his motivation.

We are greatly thankful to Dr. Manjushree Boob, for necessary guidance and suggestions when ever needed.

We are also thankful to the UGC, New Delhi for granting Equal Opportunity Centre.

We express immense thanks to Dr. Mrs S. R. Katke, Head, Department of Zoology for giving the permission to conduct the blood tests in the zoology Laboratory.

Organisers

7.1.1.34

Introduction:

Haemoglobin is a protein based component of RBC's whose primary role is to transfer the oxygen from the lungs to rest of the body. Thus Haemoglobin is an important parameter in all the individuals as the working capacity of individuals depend on it.

Whenever the blood is carried into the lungs, these hemoglobin proteins attract whatever oxygen is available and this oxygenated blood then travels throughout the entire bloodstream, releasing oxygen into the various muscles and cells all around the body. Haemoglobin concentration is expressed as the amount of Haemoglobin in grams per decilitre of blood and the normal ranges of Haemoglobin depends on the age , beginning of adolescent and the sex of person.

The normal ranges of Haemoglobin in adult women is 12-16 gm/dl and in adult males is 14-18 gm/dl. In medical condition in which the RBC's or Hb is less than normal is referred as Anaemia. These definitions may vary slightly depending on the source and the laboratory reference used.

1. Anemia: Number of non pregnant women whose hemoglobin count is less than 12 grams per deciliter (g/dl) plus number of pregnant women whose count is less than 11 g/dl.

2. Mild anemia: Number of non pregnant women whose hemoglobin count is between 10.0 and 11.9 grams per deciliter (g/dl) plus number of pregnant women whose count is between 10.0 and 10.9 g/dl.

3.Moderate anemia: Number of women pregnant or not whose hemoglobin count is between 7.0 and 9.9 grams per decilitre (g/dl).

4. Severe anemia: Number of women pregnant or not whose hemoglobin count is less than 7.0 grams per decilitre (g/dl).

Certain groups of people are more likely to have iron-deficiency anaemia. These include babies, teenagers and women. The most common cause for anaemia is undernourishment. The second most common cause is loss of blood e.g during menstruation, injury and bleeding piles. Third cause of anemia is worm infestations (hookworm, pinworm, roundworm and tape worm) which feed on supply of blood and vitamins we take. Other causes are like defects in bone marrow etc.

Clinical manifestation of anemia are:

- Weariness and fatigue
- Sluggishness
- Headaches

7.1.1.335

- Breathlessness
- Irritability
- Feeling breathless after little exercise
- Feeling tired
- Palpitations
- Looking pale
- A rapid pulse

Less common symptoms include:

- tinnitus (ringing in your ears)
- an altered sense of taste
- brittle nails or 'spoon nails' where the middles of your nails are pushed inwards and the edges are raised
- soreness at the edges of your mouth
- a short attention span and poor concentration

There are many reasons for anaemia. Some of the more common reasons are:

- loss of blood (traumatic injury, surgery, bleeding colon cancer),
- nutritional deficiency (iron, vitamin B12, folate),
- bone marrow problems (replacement of bone marrow by cancer,
- suppression by chemotherapy drugs, kidney failure), and
- abnormal hemoglobin (sickle cell anemia)

Hb gm % counting and Blood grouping:

Anemia poses a major threat to girls of age group 15 to 25. It contributes lowered resistance to infection, poor cognitive development, fatigue and skin paleness, shortness of breath, fast irregular heartbeat, low blood pressure, headache, poor memory, and difficulty in thinking, cold hands and feet and decreased work productivity.

To combat with this burning problem in the girls, Iron^{+} initiative program was initiated as a pilot program for newly admitted girls in Brijlal Biyani Science College, Amravati. The girls are advised to carry out blood tests especially for the blood group and the Hb content to know their anemic status as haemoglobin concentration is a widely used measure of anemia.

7.1.1.336

To be aware about one's blood group is also important specially regarding girls as if girl with Rh –ve marries with a person with Rh +ve blood group then complications are created during 2nd pregnancy, thus we decided to carry out the activity among the newly admitted girl students of our Brijlal Biyani Science college, Amravati in collaboration with Zoology department and Equal opportunity Centre under the guidance of our Principal, Dr. D.S. Dhote.

The important parameters taken into consideration while Hb counting were age and weight and Cleanliness of a girl students. At the same time blood grouping was also carried out. The Activity was started on 23/7/2019 and onwards .

Materials and Methods:

Hb count was done by a standard method of Sahli's method and blood grouping was done by using Standard anticera. All the precautions which must be taken at the time of dealing with blood experiments were taken. Only disposable pricking needles were used for every individuals.

Results and Observations:

There are 164 girl students of B.Sc. and B.Voc I year in our college out of which number of students analysed for Hb gm % are around 113 and 113 for blood grouping (Appendix-I).

The results are as given as below:

Table: 1.1; Number of Girls with respect to their age group.

S.No.	Age Group	Number of Girls
1.	17	24
2.	18	64
3.	19	20
4.	20	05
	Total	113

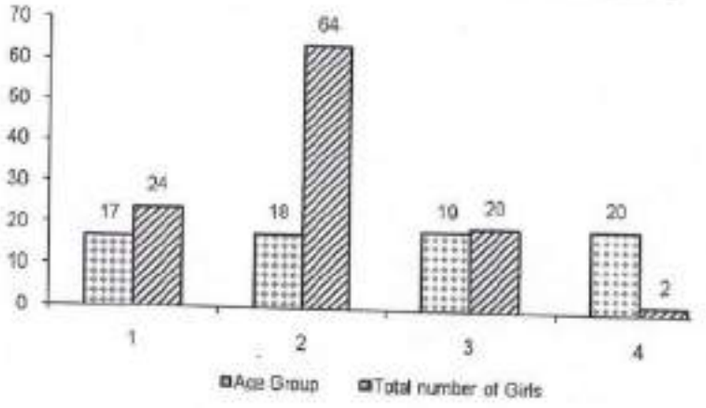

Fig: 1.1; Graph showing number of Girls with respect to their age group.

Table:1.2; Number of Girls with respect to their Hb gm%.

S.No.	Number of Girls	Hb gm%	Remark
1.	15	7.1-8	
2.	21	8.1-9	Moderately Anemic
3.	34	9.1-10	
4.	22	10.1-11	Mild Anaemic
5.	15	11.1-12	Normal Hb
6.	06	12.1-13	
	Total = 113		

or

S.No.	Number of Girls	Hb gm%	Remark
1.	36	6-9	Severely anaemic
2.	71	9.1-12	
3.	06	12.1-14	
	Total = 113		

Table: 1.4; Table indicating number of Girls of a particular Blood group.

S.No.	Blood Group	Number of Girls
1.	A +ve	16
2.	A –ve	02
3.	AB +ve	12
4.	AB –ve	00
5.	B +ve	36
6.	B –ve	00
7.	O +ve	45
8.	O –ve	02
	Total	113

The blood groups of the students were found to be in the order O +ve > B +ve > A+ve> AB+ve > O-ve and A-ve , whereas none of B-ve and AB-ve, blood group

The results indicate that out of 164 students, 36 students which were found to be severly anaemic that is Hb below 9 gm%. The details of a particular student including cleanliness, menstruation details and health problems were collected in a form (Annexure I) along with the HB and Blood group while checking.

On 20/2/2020, again students were called for a health check up camp ,during this Dr. R. R. Laharia guided the students regarding the importance of haemoglobin, how to keep their Hb gm% normal by eating nutritional food and importance of other vitamins and even calcium to stay healthy. She further adviced them to take vitamin B12 rich food and to include foods of animal origin liver, red meat, eggs, kidney, and green leafy vegetables, spinach, cabbage, carrots, radish, celery, tomatoes, beets, yeast, fruits, bananas, black grapes, plums, strawberries, dry fruits, raisins, almonds, soyabeans, fenugreek seeds, jaggery, brown bread, unpolished rice etc. and lemon

juice in their diet. and also to have atleast one fruit every day to stay healthy and also to drink milk every day to keep oneself fit. They were also asked to maintain their cleanliness especially to keep their nail clean.

After checking around 113 students Analysis was done it was that around 36 students were found to be anaemic, a free medication camp was supposed to be organised for these anemic students at the end of the month of march But it was not possible due to the pandemic covid-19.

Conclusions:

It is concluded that 31.85% girl students were severely anaemic which might result into less score in the examination as they get exhausted at early and cannot devote much time on their studies.Thus students are benefitted by the checking camp and atleast understood the importance of eating healthy nutritional food. Thus the iron+ initiative program started by the college is found to be of beneficial for the girls. No correlation was seen between the weight and haemoglobin content. A free medication camp was not possible due to the pandemic covid-19.

Suggestions:

Next year the same activity will be repeated to know the Hb contents in the blood of B.Sc. I year girl students of the college to create awareness among the newcomers in college and initiate the Iron+ initiative program among them.

Kahani

Activity Report 2020-21

.....Zoology.....Department

..... Women Health Camp.....Committee

Activity No.: **Criterion No.:**

S. N.	Description
1	Name of Activity: **Women Health Camp** (The iron^{+} initiative program)
2	Nature of Activity (Seminar / Workshop): Awareness Program on Importance of Haemoglobin in Adolescent Girls
3	Name of Organizing Department / Committee: -- Equal Opportunity Cell and Department of Zoology
4	Name of ~~HOD~~ / Incharge: Dr.R.R.Laharia
5	Name of Assistant Incharge: N.A
6	Date of Activity: 27-08-2021
7	Time: 1.00 pm
8	Venue: B.B.Sc. College, Amravati.
9	Total Number of Participants :74 Number of Teaching Staff participant from College :05 Number of Teaching Staff participant from other College :00 Number of Students participant from College :69 Number of Students participant from other College :00 Number of Non Teaching Staff participant from College :00 Number of Non Teaching Staff participant from other College :00
10	Budget Sanctioned: N.A
11	Budget Utilized: N.A

12	**Objectives:**It is very important to create awareness about the importance of Health with respect to haemoglobin among the adolescent girls to make them sensitize about their health.
13	Activity Report: Please find the attach file.
14	**Outcome:** The girl students learned about the importance of Haemoglobin and other factors affecting it. They also got to learn about the reasons of loss of haemoglobin and important nutritional aspect affecting, which included various vitamins, and factors affecting RBC production

WOMEN HEALTH CAMP
NOTICE

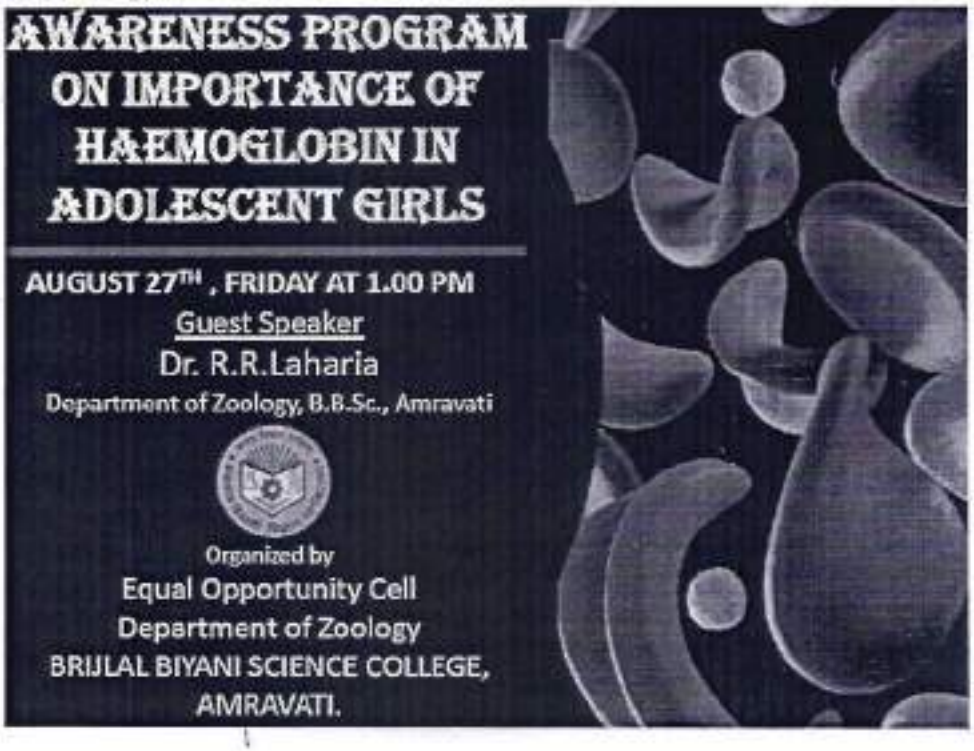

All the First year girl students of Brijlal Biyani Science College, Amravati. are hereby informed that Equal Opportunity Cell in collaboration with department of Zoology is going to organize Awareness Program on Importance of Haemoglobin in Adolescent Girls on 27-08-2021, Friday at 1.00 pm. So all the girls should join the meeting on the following link: https://meet.google.com/pft-hift-duf?hs=224

Dr.D.S.Dhote,
Principal
Brijlal Biyani Science College, Amravati.

BRIJLAL BIYANI SCIENCE COLLEGE
WOMEN HEALTH CAMP
REPORT

Haemoglobin estimation and blood testing is carried out every year for the girls students of B.Sc I year since 2010-11. But this year due the Pandemic covid -19 it was not possible to detect the haemoglobin of these girls physically.

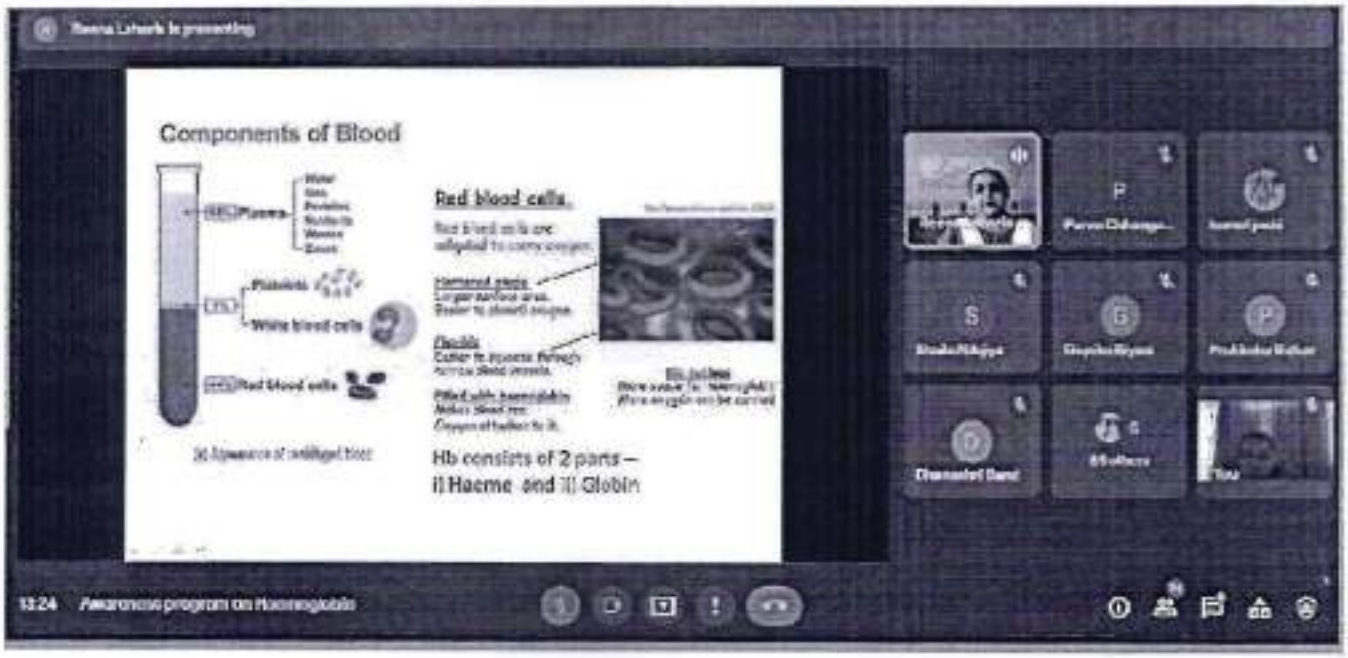

It is very important to create awareness about the importance of Health with respect to haemoglobin among the adolescent girls, so to make them sensitize an online awareness program was organised by Equal opportunity Centre in collaboration with Zoology department on 27th August 2021 at 1.00 pm-2.00pm. Dr. R.R. Laharia, being the speaker, guided the girls about the importance of Hemoglobin and factors affecting it. She had covered various reasons of loss of haemoglobin, nutritional aspect which included various vitamins, and factors affecting RBC production. She had also asked the students to maintain cleanliness, good health and hygiene. Around 74 of B.Sc. 1 year girl students along with ladies staff got benefitted. Dr.P.R.Agrawal, Co-ordinator, Equal Opportunity Cell and members Dr. S.R.Kadu, and Dr. G.N.Daga took the efforts to make the program successful.

Co-ordinator,

Dr. R.R. Laharia

"International Women's Day Savitribai Phule Punyatithi"

Teachers-in-charge : Dr. P.R.Agrawal

To Commemorate Savitribai Phule Punyatithi(10th March) and International Women's Day (8th March), Equal Opportunity Centre organized a Guest Lecture for girls students of the college. On 10th March 2018. The Programme started with garlanding the photo of Smt. Savitribai Phule at the hands of dignitaries. The Programme was chaired by Dr.S.N.Gupta, Asso. Professor, Department of Chemistry, Brijlal Biyani Science College, Amravati. Mrs. Meera Gadve, Retired Asso. Professor, Department of Statistics, Brijlal Biyani Science College, Amravati was the Guest Speaker. Dr. P.R.Agrawal, Coordinator, Equal Opportunity Centre, Ladies Staff Members, and girl students of the colleges were present on the occasion. The program was compiled by Mrs. Neeta Honrao, Assist. Professor and Head, Department of Commerce and Management, Brijlal Biyani Science College. Around 100 girls were benefitted from the lecture.

International Women's day and krantijyoti Savitribai Phule punya tithi

Brijlal Biyani Science College,

Dr. Prachi Agrawal in her introductory speech asked girls to start appreciating themselves and how on this International Women's Day they can start respecting the women around them like their mother, grand mother, teachers. Only if they show respect, the society will automatically have respect towards Women.

Mrs. Meera Gadve, the chief guest of the program, talked on the importance of International Women's Day and also shed light on the journey and the struggle faced by Savitribai Phule to educated the girls. Dr. Gupta gave her presidential address. Dr. Tondre presented the vote of thanks.

Activity Report 2018-2019

"International Women's Day"

Teachers-in-charge: Dr. P.R.Agrawal

On account of International Women's Day, a guest lecture was organized on 8th March 2019. Mrs.Nisha Sonore, a successful entrepreneur was the guest speaker and Dr. S.R.Katke presided over the function. Dr. P.R.Agrawal, in her introductory speech asked girls to respect themselves first and then seek for respect from outside. Mrs.Sonre, shared her struggle to reach the position that she is enjoying today. Her sharing motivated and inspired girls to lead the life successfully. On this occasion the Equal Opportunity centre felicitated the non-teaching women staff members since they stand as the backbone and keep working at the back of the curtains to make all the activities and functioning of corresponding departments successful throughout the year. Dr. S.R.Katke, in her presidential address asked girls to be strong and face life boldly. Mrs. N.J.Honrao introduced the guest and Dr. V.S.Tondre presented Vote of Thanks.

Preparation of the Event...

Preparation of Women's Day Programme had started immediately after identifying the need for Women's motivation towards their duties. The approval for the Women's Day Programme was sought almost two weeks in advance. The circular was circulated among all lady faculty members and girls for their information. The Auditorium was booked well in advance. Finally, Invite cum offer letter was given to the resourceperson.

International Women's Day @ Bivani Campus

Conception

International Women's Day is celebrated in the world over, every year on the eight day of March. It celebrates womanhood and pays tribute to the indomitable spirit of women across the globe. It's root lies in the early 1900s when oppression and inequality was spurring women to become more vocal and active in campaigning forchange.

Objective

To create awareness of gender equality for a healthy society. Also, The milestone to be reached is the basic information for a girl child in every family education will during awareness among the society which will further result in overall development of nation and its community.

Event Calender

Feel special, unique, on top of the world..its your day!!

Happy WOmens Day

7.1.1.27.1

Detail of the Program

8th March, considered as International Women's Day. This day brings many things for women – a cause for celebration, a reason to pause and re-evaluate a remembrance, an inspiration and a time to honour, loved and admired. To honor womanhood, Equal opportunity Cell of Brijlal Biyani Science College, Amravati organized series of events on account of International Women's Day from Monday, 1st March, 2020 to Saturday 8th March 2020 in the Biyani campus.

On 2nd March 2020, Monday

An essay competition on 'Women Empowerment' was announced. 25 Girl's students participated in the same.

On 2nd March 2020, Monday

A unique 2 minute video making competition was announced. A student of the college has to shoot a 2 minutes video on the topic ' My Inspirational Women'. The most effective video will be awarded was announced on 2nd March 2020.

7.1.1.272

On 3rd March 2020, Tuesday

A program was organized "Listen to Me". This has the concept that the girls must come forward to share their thoughts on what is going around – the problems and also discuss the possible solutions to it. This gave a platform to the girls of our college to express themselves about the problems they are facing with all the girl students and staff members. Positive effect of this event was that many of them got solutions to their problems.

7.11.273

On 4th March 2020, Wednesday

A debate competition on " Working Women - Need of the Hour" Scheduled on 4th March 2020 and organized on 5th March 2020. 10 girls participated enthusiastically in the event.

Muskan Dadlani got first prize.
Sanubar Khan got second prize.
Kiran Borkar got Third Prize.

Mrs. Honrao and Mrs. Mohta were the judges for the event.

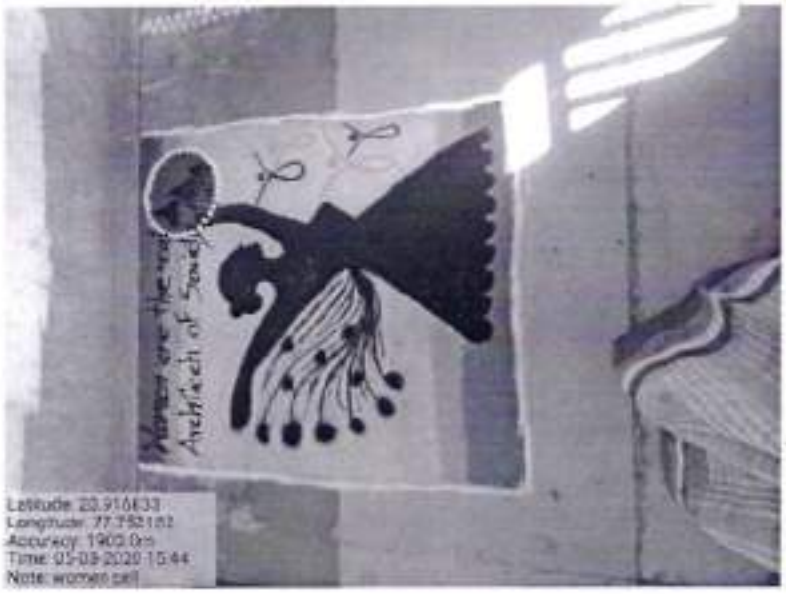

7.1.1.274

On 5th March 2020, Thursday

A Rangoli Competition was organized on the topic "Women Safety". 21 girls participated the event.

Anushka Kochar got first prize.
Vaishnavi Ingalkar got second prize.
Vrushali Malge got Third Prize.
Dr. Tondre and Mrs. Mohta were the judges for the event.

7.1.1.275

On 6th March 2020, Friday

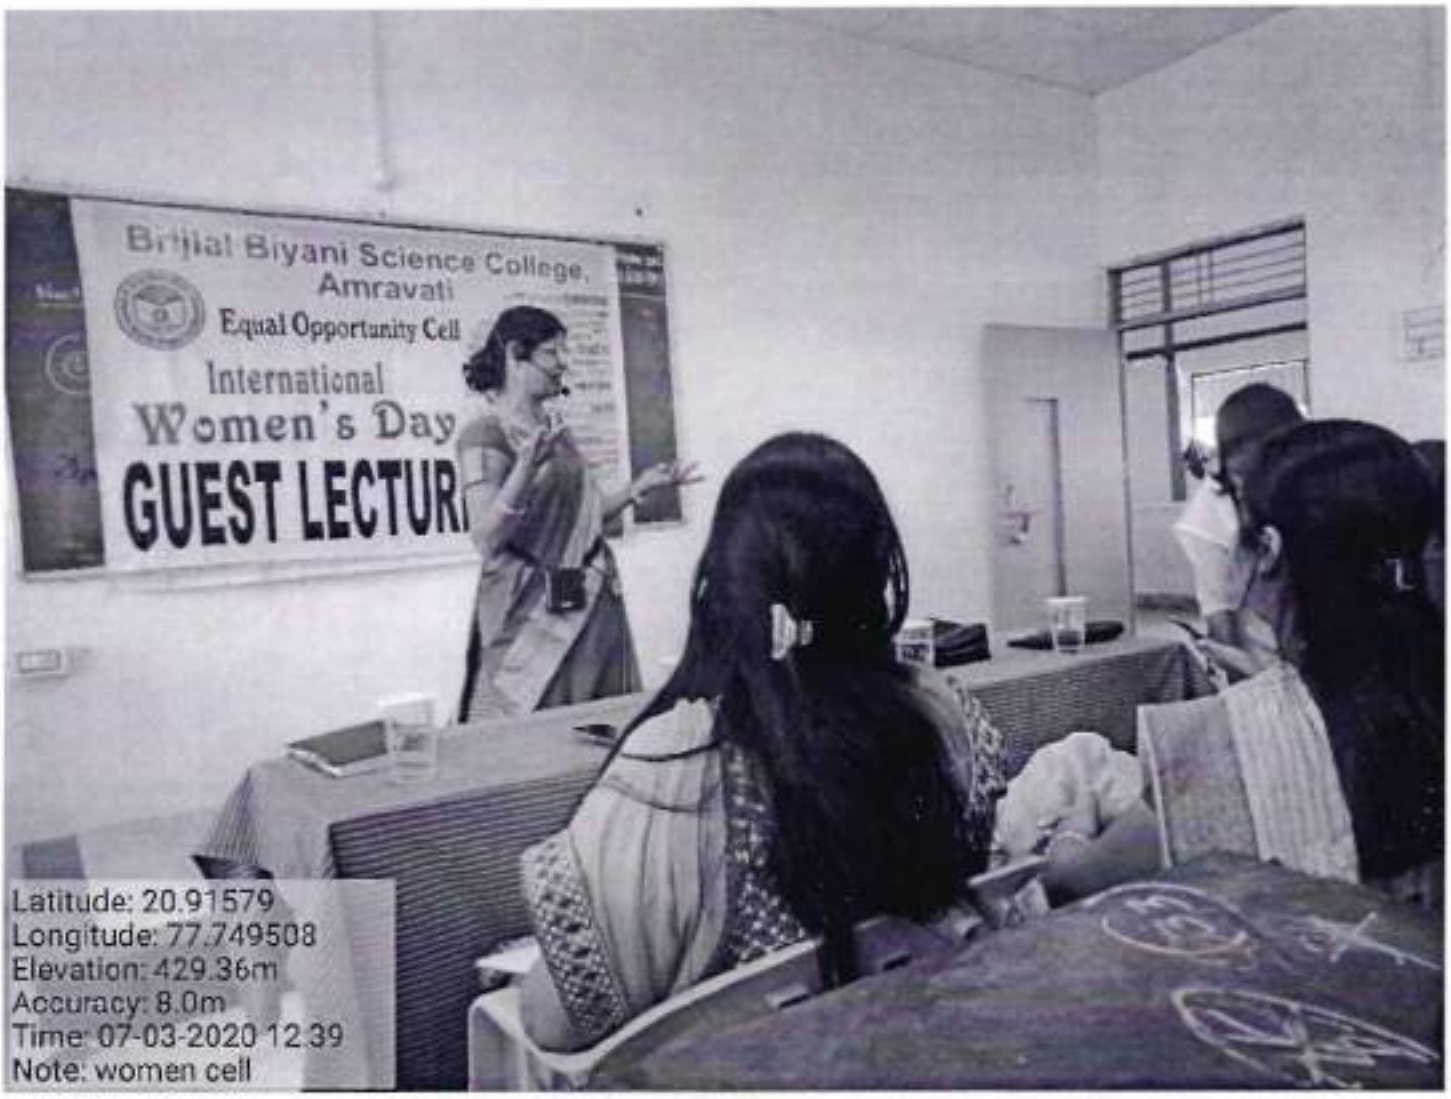

For the awareness of the students and people around the campus a walkathon **"Walk for Her"** was organized. 245 student including boys and girls and 22 staff members including Principal participates with great zeal and enthusiasm. Many slogans on women empowerment, women safety, health and hygiene were announced during the walkathon.

7.1.1.215

On 7th March 2020, Saturday

A guest lecture on "**Unlock Your Inner Powers**" by JCI national Trainer Neeta Mundhada was organized for the girls. On this occasion the non teaching ladies staff were felicitated by giving a token of love. Also an outstanding girl, Ishani Sharma was also felicitated for participating in Republic day Parade at Delhi. 220 girls, 15 ladies staff members and 14 nonteaching staff ladies were present on the occasion.

BRIJLAL BIYANI SCIENCE COLLEGE, AMRAVATI.

Activity Report 2016-2017

"One Day Workshop on Women Empowerment 2016-17"

7	Time- 12 Noon to 3 Pm
8	Venue- B.Voc.Lab
9	Total Number of Participants : 71 Number of Teaching Staff participant from College : 15 Number of Teaching Staff participant from other College :02 Number of Students participant from College :50 Number of Students participant from other College :00 Number of Non Teaching Staff participant from College :04 Number of Non Teaching Staff participant from other College :00
10	Budget Sanctioned-3000 Rs
11	Budget Utilized- 3000Rs

12	Objectives-The **goal** is to establish a network of both men and **women** working to address the barriers and inequalities faced by **women** in STEM.
13	Activity Report- Department of Chemistry, Brijlal Biyani Science College, Amravati Organized an event on Empowering Women Diversity in Science. To celebrate United Nations day of Woman & Girl in Science, International union of pure & Applied Chemistry (IUPAC) in association with ACT, Mumbai have declared the theme of 2021 as "Empowering Women in Science under Global Women Breakfast". This event is being celebrated all over the globe on 9th February 2021. For this event, 265 Colleges from 65 Countries have registered & organized offline or online program. With this regard, Department of Chemistry, Brijlal Biyani Science College, Amravati has organized a Guest lecture on "Female leadership during Covid-19 Pandemic" under Global Women Breakfast - 2021. Department of Chemistry has also arranged an inter-collegiate Poster Competition for M.Sc. students on topic "Female leadership during Covid-19". To grace this occasion, Mrs. Jyoti Mohite, Ex-Director, Nehru Yuva Kendra was Chief Guest & Inaugurator, Dr. Alka Gaikwad, Professor and Head, Department of Marathi, Bharatiya Mahavidyalaya was the resource person. They gave living examples of Women leaders around the globe i.e. From Prime Minister to a mother, how a woman is a warrior at her home itself was beautifully explained by them. Mrs. Mohite with her enormous experience on field has powered in many empathic situations which proud that women are true Warriors, breaking the glass shield, many examples of women leaders like Renu Swaroop, Dr. Priya Abraham, Mrs. K.K. Shailaja, etc. of many such who worked relentlessly in labs, fields, states, polities, hospitals, asha workers, etc. have motivated all the audience sitting there. This program was chaired by Dr. D.T. Deshmukh, incharge Principal, Brijlal Biyani Science College, The converner of this program was Dr. 'S.S. Mundhada and the organizing secretary was Dr. M.M. Mahajan. This program was organized under the guidance of Dr. P.B. Raghuwanshi, Head, Department of Chemistry, Brijlal Biyani Science College, Amravati. Anchoring was done by Ms. Sanubar Khan (B.Sc. III) and vote of thankswas done by Dr. M.M. Mahajan. The students of M.Sc. and teaching and non-teaching staff were present for this where contribution has made this event a grand success.

14	Outcome - The **Global Women's Breakfast** event has increased my visibility and reputation in promoting gender equity and diversity at the workplace."

What: IUPAC Global Women's Breakfast #GWB2021

When: 9 February 2021

Website: iupac.org/GWB

Theme: "Empowering Diversity in Science"

Announcement: Event Registration now Open! Both Face-to-Face and Virtual Events are Welcome

The IUPAC Global Women's Breakfast #GWB2021 will be held on 9 February 2021, two days prior to the United Nations Day of Women and Girls in Science. The theme for the 2021 event is "Empowering Diversity in Science".

Goal 5 of the United Nations Sustainable Development Goals is: Achieve gender equality and empower all women and girls. As quoted in the recent Gender Gap in Science study, and stated by the UN,

"Gender Equality is not only a fundamental human right, but a necessary foundation for a peaceful, prosperous and sustainable world."

IUPAC is in a unique position to serve as a leading organization and global platform where these issues can be addressed. Previous Global Women's Breakfasts events were organized by IUPAC in 2011, 2019 and in 2020, and highlighted an ongoing need to build a network of both women and men working together to address the barriers and inequalities faced by women in science.

Call to Action

1. Begin planning for a breakfast event! Both men and women are invited to host events. Become an organizer by completing the registration form at https://iupac.org/gwb/registration.
2. Check out the video with detailed instructions on "How to-register your event".
3. Log into your account to add your event to the global map at https://iupac.org/gwb/sign-in. If you hosted an event last year, your login credentials will still be valid.
4. After logging in, click on "Register Event" and enter details to create your own event page. You can always log back in and update details later.
5. View your event information on the GWB2021 Global Map. Use the link to your event page to help share information.
6. Take advantage of "Promotional Materials" on this site to create custom flyers and presentations for your event.
7. Reach out to your colleagues and to other science organizations in your area to plan your event.
8. Connect with other organizers using the "Directory".

अमरावती, 13 फरवरी 2021 | नवभारत

बियानी कालेज में ग्लोबल वुमन ब्रेकफास्ट मनाया

साइंस की विद्यार्थियों का आयोजन

नवभारत ब्यूरो

अमरावती. ब्रजलाल बियानी साइंस कालेज के केमेस्ट्री विभाग में महिला विविधता को सशक्त बनाने पर एक कार्यक्रम का आयोजन किया गया. विज्ञान में महिला और लड़कियों के संयुक्त राष्ट्र दिवस का जश्न मनाने के लिए इंटरनेशनल यूनियन आफ प्योर एंड एप्लाइड केमिस्ट्री अधिनियम के सहयोग से ग्लोबल वुमेन ब्रेकफास्ट के तहत विज्ञान में महिलाओं को सशक्त बनाने के रूप में घोषित किया है. यह आयोजन 9 फरवरी को पूरी दुनिया में मनाया गया. इस आयोजन के लिए 65 देशों के 265 कालेजों ने आफलाइन या आनलाइन प्रोग्राम रजिस्टर्ड और आयोजित किया है.

आनलाईन हुआ कार्यक्रम

ब्रजलाल बियाणी यह प्रभाग से एकमेव महाविद्यालय है जिसने इस कार्यक्रम का आयोजन किया. इस संबंध में ब्रजलाल बियानी साइंस कालेज के रसायन विज्ञान विभाग ने ग्लोबल वुमन ब्रेकफास्ट 2021 के तहत कोविड – 19 महामारी के दौरान महिला नेतृत्व पर एक अतिथि व्याख्यान का आयोजन किया था. अंतरमंडल प्रतियोगिता

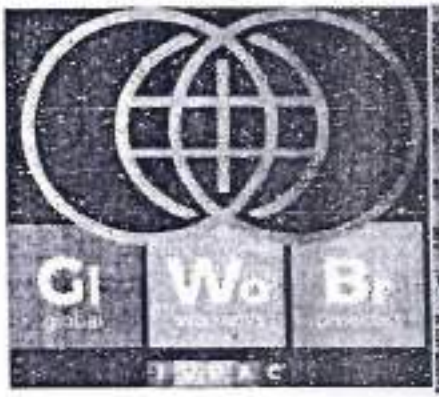

रसायनशास्त्र विभाग ने कोविड 19 के दौरान महिला नेतृत्व विषय पर एमएससी पोस्टर छात्रों के लिए एक अंतर मंडल पोस्टर प्रतियोगिता की भी व्यवस्था की है. इस अवसर पर नेहरू युवा केंद्र की पूर्व निदेशक ज्योति मोहिते मुख्य अतिथि व उद्घाटनकर्ता के रूप में एवं डा. अलका गायकवाड, प्रोफेसर व भारतीय महाविद्यालय के मराठी विभाग की विभागाध्यक्ष थी. उन्होंने दुनिया भर में महिला नेताओं जोखिम उदाहरण दिए. प्रधानमंत्री से लेकर मां तक कैसे एक महिला अपने घर पर ही एक योद्धा है, यह समझाया गया. ज्योति मोहिते ने मैदान पर अपने अनुभव साझा किए. रेणु स्वरूप, डा. प्रिया अब्राहम, केके शैलजा आदि महिला नेताओं अलग-अलग क्षेत्रों में काम किया है. कार्यक्रम की अध्यक्षता ब्रजलाल बियानी साइंस कालेज के प्रभारी प्राचार्य डा. दिलीप देशमुख ने की. कार्यक्रम की संयोजक डा. सोनल मुंधड़ा और आयोजन सचिव डा. मृणाल महाजन थीं. कार्यक्रम विभागाध्यक्ष डा. प्रवीण रघुवंशी के मार्गदर्शन में आयोजित किया गया. मंच संचालन सुश्री सनूबर खान ने की और धन्यवाद ज्ञापन डा. मृणाल महाजन ने किया.

ब्रजलाल बियाणी विज्ञान महाविद्यालय आयोजित आययूपीएसीचा(IUPAC) ग्लोबल वुमेन्स ब्रेकफास्ट

अमरावती दि. १० : रसायनशास्त्र विभाग, ब्रजलाल बियाणी विज्ञान महाविद्यालय, अमरावती यांच्या वतीने महिलांमध्ये विषयतेचे सशक्तीकरण विषयावर हे कार्यक्रम आयोजित करण्यात आला.

युनायटेड नेशन्स ऑफ वुमन ड गर्ल इन सायन्स, इंटरनॅशनल यन ऑफ प्युअर अँड एप्लाइड मिस्ट्री (आयईयूपीएसी) च्या पुक्त विद्यमाने २०२१ ची थीम ाबल वुमन ब्रेकफास्ट अंतर्गत ज्ञानातील महिला सशक्तीकरण ून घोषित केले आहे. हा ार्यक्रम ९ फेब्रुवारी २०२१ रोजी गभरात साजरा केला जात आहे.

क्रमासाठी ६५ देशांतील ३ महाविद्यालयांनी ऑफलाइन ऑनलाईन प्रोग्रामची नोंदणी आयोजन केले आहे. या र्यक्रमास भाग घेण्यासाठी लाल बियाणी हे अमरावती भागातील एकमेव महाविद्यालय आहे.

यासंदर्भात, रसायनशास्त्र विभाग, ब्रजलाल बियाणी विज्ञान महाविद्यालय, अमरावती यांच्या वतीने ग्लोबल वूमन ब्रेकफास्ट - २०२१ अंतर्गत कोविड -१९ साथीच्या काळात स्त्री नेतृत्व या विषयावरील अतिथी व्याख्यानाचे आयोजन करण्यात आले होते.

रसायनशास्त्र विभागाने एम.एससीसाठी आंतर-महाविद्यालयीन पोस्टर स्पर्धा देखील आयोजित केली होती. कोविड -१९ दरम्यान महिला नेतृत्व या विषयावर विद्यार्थ्यांनी पोस्टर बनविले या प्रसंगासाठी श्रीमती ज्योती मोहिते, माजी संचालक, नेहरू युवा केंद्र महाराष्ट्र व गोवा प्रमुख अतिथी व उद्घाटक तसेच डॉ. अलका गायकवाड, प्राध्यापक , मराठी विभाग प्रमुख, भारतीय महाविद्यालयाचे प्रमुख वक्ता होत्या .

त्यांनी जगभरातील महिला नेत्यांची जिवंत उदाहरणे दिली. अर्थात पंतप्रधानांपासून आई पर्यंत घरी स्वतःच एक महिला कशी योद्धा आहे हे त्यांच्याद्वारे सुंदरपणे स्पष्ट केले. श्रीमती मोहिते यांनी आपल्या मैदानावरील विलक्षण अनुभवांमुळे खरीच सामर्थ्यशाली परिस्थिती निर्माण केली आहे ज्यांचा आपणास अभिमान आहे की महिला खऱ्या वॉरियर्स आहेत महिला आपल्या भोवती असलेली बंधने तोडत आहेत, रेणू स्वरूप, डॉ. प्रिया अब्राहम, श्रीमती के. के. शैलजा सारी अशा अनेकांच्या प्रयोगशाळेत, शेतात, राज्यात, रुग्णालये, आशा कामगारांनी इत्यादी ठिकाणी अथक परिश्रम घेतले.

या कार्यक्रमाच्या अध्यक्षस्थानी डॉ.डी.टी. देशमुख, प्रभारी प्राचार्य, ब्रजलाल बियाणी विज्ञान महाविद्यालय होते, या कार्यक्रमाचे संयोजक डॉ.एस.एस. मुंधडा व संयोजक सचिव डॉ.एम.एम. महाजन होत्या. डॉ.पी.बी. रघुवंशी यांच्या मार्गदर्शनाखाली हा कार्यक्रम आयोजित करण्यात आला होता. मंच संचालन कु.सनुबार खान (बी. एससी. भाग ३) यांनी केले तर आभार डॉ.एम.एस. महाजन यांनी मानले.

या कार्यक्रमाला ब्रिजलाल बियाणी चे शिक्षक-शिक्षकेतर कर्मचारी व एम एस सी चे सर्व विद्यार्थी उपस्थित होते.

Activity Report 2016-2017

"Spread Your Wings and Fly"

Teacher-in-charge : Dr. P.R.Agrawal

A guest lecture by Dr. Anuradha Totey, National Trainer, JCI, Amravati was organized on 30th of July 2016 on the topic "Spread Your Wings and Fly". She guided girls to realize their inner potential and take efforts to achieve their dreams. This guest lecture was organized for girl students from B.Sc., BBA, B.Com. and BCA. More than 200 girls were present for the Guest Lecture.

Dr. P.R.Agrawal and S.R.Katke felicitating the Guest Speaker- Dr. Anuradha Totey

7.1.1 (B)

The Class Teacher Scheme : MENTOR_ MENTEE

Institution has a well established scheme to cater the needs of the students. It is called as Class Teacher Scheme. In this scheme, a group of 20 to 30 students is allotted to a teacher who works as a guardian of the group and provides them personal, academic and psycho-social support throughout their stay of three years in the college.

The class teacher arranges meetings (in the first week of every month) with the batch of students allotted to him/her.In this meeting,class teacher collect information on:

a. Extent of course completed
b. Difficulties faced by students in understanding the subject
c. Availability of Library books
d. Internet facility
e. Difficulties in practical classes
f. Infrastructure facilities

The class teacher also collect data on family background and academic performance of each student of the group. Monthly meeting of the students is arranged by class teacher to know their academic and other difficulties. The class teacher also frequently visit their homes and provide them personal and psycho-social support. Irregular and weak students are identified and are counseled for their studies also the advanced learners are identified though the interaction in classrooms,score of unit test examinations and the grasping power of the students and their performance in co-curricular activities.

The novel Class Teacher Scheme with the same teacher for three years of UG course helps in building relations with the students, helping them in their difficulties and motivating them for better performance. In the process, the teacher becomes friend, philosopher, guide and ultimately the family member of the student and truly becomes guardian teacher.

Every month in second week, academic committee arrange a meeting of class-teachers to discuss the students feedback recorded in the meetings of class teachers with students. Principal took necessary action on the shortcomings and difficulties faced by students. The class teacher contacts parents of irregular students and weak students.This helps to reduce the risk of failure of students and the number of drop- out students.

Since the teachers adopts various methods of teaching and learning ,the class teacher cares to measure the outcomes of Behavioral learning ,Cognitive learning as well as Affective learning.

Professional counseling, mentoring and academic advice also provided to students through class teacher scheme of the college.

The academic, personal and psycho-social support is also provided to the students as follows :

The class teachers take care to guide such students through the teachers in concerned department to achieve the best results in university examinations. The teachers advice the advanced learners to consult specific reference books from the library and specific sites through internet and help them to prepare notes for the exams.Teachers also encourage them to solve previous university examinations' papers in prescribed time limit. The teachers are available 24 x 7 to such brilliant students on mobiles as well as google classrooms.

The college have the records or data of each student enrolled in college through class-teachers scheme, the class teachers' diaries include all the information of the students under his/her guardianship. The guardian teachers collect the data and information such as family background, score in previous examination, economical conditions, psychological needs and correlate them with attendance in class, marks obtained in unit tests, results of university examinations, home assignment submission, participation in group discussion, seminar delivered by him/her, participation in other collegiate and inter collegiate competitions,

PRINCIPAL
Brijlal Biyani Science College,
Amravati

participation in co-curricular and extracurricular activities, representation of college in games and sports, etc. All this exhaustive record is maintained by the guardian teacher who occasionally visits their homes as well and talks with their parents. This information helps the college to monitor the performance of students. Thus all the students including the students at the risk of drop out are identified and counseled to bring them back in normal mode through this scheme.

The Class teacher separately analyzes the data of examinations to identify the poor scorers and failed students. This data is utilized to help them by solving their difficulties to improve the performance of the students who are at the risk of drop out.For such students,Principal instructs college teachers to make extra efforts like personal coaching,through explanation to the topic and providing notes to them so as to make them to score better in the examinations. The Class teachers always remain in constant touch with the students throughout the academic sessions. Even financial help is provided to such students to bring them back in normal stream.

Highlights of Class Teacher Scheme

- To provide academic counseling
- To enlighten the students with the Aim of Education.
- To communicate with the ward's parents
- Providing emotional support to students on individual basis.
- Helping students overcome subject sickness.
- Establishing rapport between teachers, student & parents.
- Monitoring attendance and behavioral aspects of every student.
- Identifying weak areas and working out remedies helping students thereby taking their complete care.

Benefits of the Class Teacher Scheme

As the Result of this scheme the college results are improved.
The students stands with confidence in viva,interviews.
Rate of placement increased.
Students grab position in merit list of University.
Attendance in class increased.
Students strength increased per year.

To,

The Principal,
Brijlal Biyani Science College
Amravati.

Sub: Permission to use girls hostel facility for participants.

Dear Sir,

The Department of Mathematics is organizing a **"State Level Workshop on Preparation, Strategies and Guidelines" (SLWPSG-2018) for P.G. Entrance Examinations in Mathematics on 20-22 January 2018** in our college auditorium.

We will be having participants from out of Amravati. Amongst the participants, around 60 girl participants are expected.

It is an earnest request to give permission to use girls hostel facility of our college for girl participants from 19th January to 22nd January 2018.

Please consider the application and do the needful.

Thanking you and oblige.

Sincerely Yours,

Dr.P.R.Agrawal
