5.1.2.

Q_nM

Average percentage of students benefitted by scholarships, freeships etc. provided by the institution / non- government agencies during the last five years

05

5.1.2.1 Total number of students benefited by scholarships, freeships, etc provided by the institution / non- government agencies year wise during last five years

Year	2015-16	2016-17	2017-18	2018-19	2019-20
Number	70	280	271	164	28

Data Requirement for last five years: (As per Data Template)

- Name of the Scheme with contact information
- Number of students benefiting

Formula:

Percentage per year

$$= \frac{\text{Total number of students benefited by scholarships and freeships provided by the institution or non} - \text{government agencies}}{\text{Total number of students}} \times 100$$

$$\text{Average percentage} = \frac{\text{Percentage per year}}{5}$$

Response:

Percentage of Year 2015-16 = (70 / 1549) X 100 = 4.52

Percentage of Year 2016-17 = (280 / 1726) X 100 = 16.22

Percentage of Year 2017-18 = (271 / 1824) X 100 = 14.86

Percentage of Year 2018-19 = (164 / 1993) X 100 = 8.23

Percentage of Year 2019-20 = (28 / 2061) X 100 = 1.36

	Average percentage = (4.52 + 16.22 + 14.86 + 8.23 + 1.36) / 5 = 45.19 /5 = 9.04 **File Description:** • Self attested letter with the list of students sanctioned scholarship Earn While You Learn (2015-16 to 2019-20) • Self attested letter with the list of students sanctioned scholarship Biyani Merit Scholarship (2015-16 to 2019-20) • Number of students benefited by scholarships and freeships institution / non- government agencies in last 5 years (Date Template)
