International Yoga Day
21/06/2016

International Yoga Day was organized by NCC collectively at Vidhybharti college. 23 cadets participated and practiced yoga from 16th June to 21st June 2016 at vidhyabharti college. The final presentation was done at vidhybharti on 21st june2016. This international of yoga focus on the importance of yoga in life and makes the cadets aware about the importance of yoga in life.

NCC Notice

All the NCC cadets are informed that this year **International Yoga Day** event is organized collectively at Vidhyabharati college. Hence all cadet are informed to be present for the yoga practice **form 16 to 20 june 2016 at vidhyabharti ground**. Final presentation will be on 21 june 2016. All should report at 6:30 am on 21 june 2016.

Activity Report 2016-2017

"International Yoga Day"

- **Teachers-in-charge** : Dr. R. R. Laharia and Mr. H. G. Paralikar
- **Unit Leader Boys** : Mr. Kunal Yadgire, B.Sc.III (COSE)
- **Unit Leader Girls** : Ms. Ishika Ingole, B.Sc.III (COSE)

International Yoga Day has been enthusiastically celebrated on 21st June 2016 in the college. On this day along with Principal, the senior and junior college teachers and non-teaching staff around 82 people actively participated in the activity. The guest of honour Prof. Sau. Meera Gadve, gave information about mental and spiritual benefits of Yogasana as well as she taught them various asanas like Tadasan, Vrukshasana, Trikonasan, Hastapadasan, Brajasan, Padmasana, Vrakasan, Pashimmotans, Parvatasan, Pawanmuktasan, Bhujangasan, Makarasan, Shalbasan, Shavasan etc. Ms. Sharayu Dhakite assisted her in the event.

Acknowledgements

Its our immense pleasure to thank our honourable Principal, Dr.P.B. Raghuwanshi, Brijlal Biyani Science college, Amravati, for granting permission to conduct this activity within the college campus. Thanks for his motivation.

We are greatly thankful to Dr. Manjushree Boob, for necessary guidance and suggestions when ever needed.

We are also thankful to the UGC, New Delhi for granting Equal Opportunity Centre.

We express immense thanks to Dr. Mrs S. R. Katke, Head, Department of Zoology for giving the permission to conduct the blood tests in the zoology Laboratory.

Organisers

5.1.3.1807

Introduction:

Haemoglobin is a protein based component of RBC's whose primary role is to transfer the oxygen from the lungs to rest of the body. Thus Haemoglobin is an important parameter in all the individuals as the working capacity of individuals depend on it.

Whenever the blood is carried into the lungs, these hemoglobin proteins attract whatever oxygen is available and this oxygenated blood then travels throughout the entire bloodstream, releasing oxygen into the various muscles and cells all around the body. Haemoglobin concentration is expressed as the amount of Haemoglobin in grams per decilitre of blood and the normal ranges of Haemoglobin depends on the age , beginning of adolescent and the sex of person.

The normal ranges of Haemoglobin in adult women is 12-16 gm/dl and in adult males is 14-18 gm/dl. In medical condition in which the RBC's or Hb is less than normal is referred as Anaemia. These definitions may vary slightly depending on the source and the laboratory reference used.

1. Anemia: Number of non pregnant women whose hemoglobin count is less than 12 grams per deciliter (g/dl) plus number of pregnant women whose count is less than 11 g/dl.

2. Mild anemia: Number of non pregnant women whose hemoglobin count is between 10.0 and 11.9 grams per deciliter (g/dl) plus number of pregnant women whose count is between 10.0 and 10.9 g/dl.

3.Moderate anemia: Number of women pregnant or not whose hemoglobin count is between 7.0 and 9.9 grams per decilitre (g/dl).

4. Severe anemia: Number of women pregnant or not whose hemoglobin count is less than 7.0 grams per decilitre (g/dl).

Certain groups of people are more likely to have iron-deficiency anaemia. These include babies, teenagers and women. The most common cause for anaemia is undernourishment. The second most common cause is loss of blood e.g during menstruation, injury and bleeding piles. Third cause of anemia is worm infestations (hookworm, pinworm, roundworm and tape worm) which feed on supply of blood and vitamins we take. Other causes are like defects in bone marrow etc.

Clinical manifestation of anemia are:

- Weariness and fatigue

5.1.3.808

- Sluggishness
- Headaches
- Breathlessness
- Irritability
- Feeling breathless after little exercise
- Feeling tired
- Palpitations
- Looking pale
- A rapid pulse

Less common symptoms include:

- tinnitus (ringing in your ears)
- an altered sense of taste
- brittle nails or 'spoon nails' where the middles of your nails are pushed inwards and the edges are raised
- soreness at the edges of your mouth
- a short attention span and poor concentration

There are many reasons for anaemia. Some of the more common reasons are:

- loss of blood (traumatic injury, surgery, bleeding colon cancer),
- nutritional deficiency (iron, vitamin B12, folate),
- bone marrow problems (replacement of bone marrow by cancer,
- suppression by chemotherapy drugs, kidney failure), and
- abnormal hemoglobin (sickle cell anemia)

Hb gm % counting and Blood grouping:

Anemia poses a major threat to girls of age group 15 to 25. It contributes lowered resistance to infection, poor cognitive development, fatigue and skin paleness, shortness of breath, fast irregular heartbeat, low blood pressure, headache, poor memory, and difficulty in thinking, cold hands and feet and decreased work productivity.

To combat with this burning problem in the girls, Iron^{+} initiative program was initiated as a pilot program for newly admitted girls in Brijlal Biyani Science College, Amravati. The girls are advised to carry out blood tests especially for the

S-1-3, 389

blood group and the Hb content to know their anemic status as haemoglobin concentration is a widely used measure of anemia.

To be aware about one's blood group is also important specially regarding girls as if girl with Rh –ve marries with a person with Rh +ve blood group then complications are created during 2nd pregnancy, thus we decided to carry out the activity among the newly admitted girl students of our Brijlal Biyani Science college, Amravati in collaboration with Zoology department and Equal opportunity Centre under the guidance of our Principal, Dr. P. B. Raghuwanshi.

The important parameters taken into consideration while Hb counting were age and weight and Cleanliness of a girl students. At the same time blood grouping was also carried out. The Activity was started on 22/8/2016 and onwards .

Materials and Methods:

Hb count was done by a standard Haemo Rapid Test Kit provided by the former Honorable Principal Dr.S.B. Lohiya B. B. Sc. College and blood grouping was done by using Standard anticera. All the precautions which must be taken at the time of dealing with blood experiments were taken. Only disposable pricking needles were used for every individual.

Results and Observations:

There are 148 girl students of B.Sc I year in our college out of which number of students analysed for Hb gm % are around 82 and 82 for blood grouping (Appendix-I).

The results are as given as below:

Table: 1.1; Number of Girls with respect to their age group.

S.No.	Age Group	Number of Girls
1.	17	23
2.	18	54
3.	19	02
4.	20	02
5.	21	01
6	Total	82

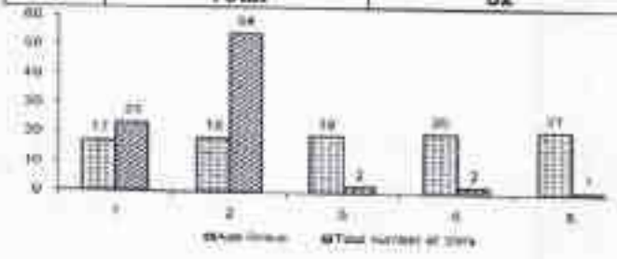

Fig: 1.1; Graph showing number of Girls with respect to their age group.

S-1-3.318

Table:1.2; Number of Girls with respect to their Hb gm%.

S.No.	Number of Girls	Hb gm%	Remark
1.	01	6	Severely anaemic
2.	14	7	
3.	19	8	
4.	04	9	Moderately Anemic
5.	21	10	Mild Anaemic
6.	12	11	Normal Hb
7.	09	12	
8.	02	13	
	Total = 82		

or

S.No.	Number of Girls	Hb gm%	Remark
1.	34	6-8	Severely anaemic
2.	46	9-12	
3.	02	13-14	
	Total = 82		

Table: 1.4; Table indicating number of Girls of a particular Blood group.

S.No.	Blood Group	Number of Girls
1.	A +ve	17
2.	A –ve	01
3.	AB +ve	05
4.	AB –ve	00
5.	B +ve	27
6.	B –ve	02
7.	O +ve	26
8.	O –ve	04
	Total	82

The blood groups of the students were found to be in the order B+ve > O+ve > A+ve> AB+ve and O-ve> B-ve > A-ve, blood group , where as none AB-ve, blood group.

The results indicate that out of 82 students, 34 students which were found to be severely anaemic. The details of a particular student including cleanliness, menstruation details and health problems were collected in a form (Annexure I) along with the HB and Blood group while checking.

On 27th March 2017, a health check up camp was organised out of these 34 student, around 30 were present for the camp. During the health checkup Dr. R. R. Laharia guided the students regarding the importance of haemoglobin, how to keep their Hb gm% normal by eating nutritional food and importance of other vitamins and even calcium to stay healthy. She further adviced them to take vitamin B12 rich food and to include foods of animal origin liver, red meat, eggs, kidney, and green leafy

5-13-311

vegetables, spinach, cabbage, carrots, radish, celery, tomatoes, beets, yeast, fruits, bananas, black grapes, plums, strawberries, dry fruits, raisins, almonds, soyabeans, fenugreek seeds, jaggery, brown bread, unpolished rice etc. and lemon juice in their diet. and also to have atleast one fruit every day to stay healthy and also to drink milk every day to keep one self fit. They were also asked to maintain their cleanliness especially to keep their nail clean.

She along with Dr. P.R. Agarwal distributed free medicines which included one tablet of Abendazol (wormicide) which was taken by the students on the spot and bottles of Syrup Tonoferol along Iron tables previously prescription by the Dr. Manjushree Boob.

Total 30 students took the benefit of free medication. After the camp, these students were again tested for their Hb gm% content after a month and it was found that 19 students out of 21 showed elevated Hb. While 2 showed no change. During the process other details about their eating habits improvement and other inquiries were also made orally.

The students were asked whether, they have stopped eating fast food, whether, they are feeling better in the class room or during studies, Whether, they have taken the syrup and tablets regularly as per prescription or not? To all these questions, they replied "yes".

Conclusions:

It is concluded that 41.46% girl students were severely anaemic which might result into less score in the examination as they get exhausted at early and cannot devote much time on their studies. It was personally observed that they cannot attend the classes with much concentration and energy. From all the above observations it was found that there is a need of creating more awareness about the eating habits among the girl students, as they are having a habit of eating the junk food rather than the nutritional one.

The post interaction with the students indicates that the students are well aware about the importance of haemoglobin in life and how keeping haemoglobin normal is essential for concentration in studies and to do well in life. All the girls are benefitted by the camp and thus the iron+ initiative program started by the college is found to be of great benefit for the girls.

No correlation was seen between the weight and haemoglobin content.

5.13.312

Suggestions:

The results will be better if students maintain good habit of eating nutritional food. Next year the activity has to be repeated to know the Hb contents in the blood of B.Sc. I year girl students of the college to create awareness among the new comers in college and initiate the Iron+ initiative program among them.

Body Composition Analysis of Undergraduate Students Using Bioelectrical Impedance Analysis method and their counseling on diet and lifestyle – 2016-17

As an extension activity Body composition analysis of 150 undergraduate students of senior college of Brijlal Biyani Science College Amravati using bioelectrical impedance analysis method and their counseling on diet and lifestyle is done by Dr S. N. Gupta, Department of Chemistry, Brijlal Biyani Science College, Amravati from 31st July to 7th August 2016.

For ideal weight management and for a more accurate and precise body composition analysis full Body Sensing Technology Kanada Scan Body Composition Monitor – HBF-375 is used which measures body composition- Body Weight, Body Fat Percentage, Segmental Subcutaneous Fat Percentage (Whole Body, Trunk, Arms and Legs), Visceral Fat percentage, Segmental Skeletal Muscle Percentage (Whole Body, Trunk, Arms and Legs), Resting Metabolism, Body Mass Index and Body Age. The general principle behind bioelectrical impedance analysis is that two or more conductors are attached to a person's body and a small electric current is sent through the body. The resistance between the conductors provides a measure of body fat between a pair of electrodes, since the resistance to electricity varies between adipose, muscular and skeletal tissue. Fat-free mass (muscle) is a good conductor as it contains a large amount of water (approximately 73%) and electrolytes, while fat is anhydrous and a poor conductor of electric current. Following B.Sc. II student participated in Body Composition Analysis of Undergraduate Students Using Bioelectrical Impedance Analysis method and their counseling on diet and lifestyle.

DRINKING WATER ANALYSIS – YEAR 2016-17

Drinking water analysis of various samples of Amravati region was done on 4th and 26th August 2016 by Dr (Ms) S. N. Gupta, Associate Professor, Chemistry Department Brijlal Biyani Science College, Amravati. The drinking water samples were taken from the main water sources where maximum peoples were using them for drinking purpose. Measurement of Temperature, pH, Conductivity, Total Dissolved Solids (TDS), Salinity, Turbidity and Dissolved Oxygen was done by Digital Water and Soil Analysis kit Labtronics Model-191E- an ISO 9001.

Desirable limit of drinking water for various parameters are Temp 25°C, pH 6.5-8.5, Turbidity 5 NTU, Colour 5 Hazen Units, Total Dissolved Solids 500 ppm, Salinity 100 ppm, Dissolved Oxygen 3 ppm and above, Most of the water samples were within WHO/ ISI standards. For samples which do not have physico-chemical parameters within desirable limit, treatment for correction of corresponding parameter is to be done.

Following 110 students of B.Sc. III participated in Drinking water analysis of various samples of Amravati region on 4th and 26th August 2016

The results of the present analysis showed that drinking water collected from different areas of Amravati was found to be suitable for human health. It is recommended to boil water, use aqua guards, proper chlorination, use efficient system for garbage collection and its disposal, sewage waste treatment, recycling of waste into useful products such fertilizers, education of people through media about the causes and consequences of water pollution.

Activity Report 2016-2017

"Bus Stand Cleaning"

- **Teachers-in-charge** : Dr. R. R. Laharia and Mr. H. G. Paralikar
- **Unit Leader Boys** : Mr. Kunal Yadgire, B.Sc.III (COSE)
- **Unit Leader Girls** : Ms. Ishika Ingole, B.Sc.III (COSE)

A cleanliness drive was carried out at local Bus stand of Amravati on 27th August 2016, total 60 N.S.S. students energetically participated and to eradicate dirtiness took efforts to clean whole bus stand area with the help of sweepers staff present there. After that, the litter (wet and dried garbage) was properly disposed. On this occasion Depo Manager Mr. Ashok Ingale, Head Central Bus Stand Mr. Abhay Bhivare, Transport Inspector Mr. R. P. Tambekar, Program Officer Dr. R.R. Laharia, Prof. H.G. Parlikar, Bhushan Sharma etc. were also present.

Activity Report 2016-2017

"A Cleanliness Drive under Swachhta Pandharwada"

- **Teachers-in-charge** : Dr. R. R. Laharia and Mr. H. G. Panlikar
- **Unit Leader Boys** : Mr. Kunal Yadgire, B.Sc.III (COSE)
- **Unit Leader Girls** : Ms. Ishika Ingole, B.Sc.III (COSE)

To evoke sensitivity regarding sanitation and cleanliness Swachata Pandharwada was celebrated between 16/08/2016 to 02/09/2016. A 5-day Cleanliness drive was carried out in college campus, in nearby slum and Ravinagar area of college between 19/08/2016 to 23/08/2016. N.S.S. students picked plastic bottles, plastic bags, rappers etc. and cleaning the complete area. After that, the litter was properly disposed by the students.

Activity Report 2016-2017

"Street Play and Rally under Swachhta Pandharwada"

- **Teachers-in-charge** : Dr. R. R. Laharia and Mr. H. G. Paralikar
- **Unit Leader Boys** : Mr. Kunal Yadgire, B.Sc.III (COSE)
- **Unit Leader Girls** : Ms. Ishika Ingole, B.Sc.III (COSE)

A street play was arranged on 24/08/2016, in nearby slum and in Ravinagar area of college. The N.S.S. Volunteers spread the messages to keep their surrounding, plastic-free and clean with proper sanitation, defecation to avoid various diseases, through the street plays. A rally was organized on 30/08/2016 which was initiated by taking oath of cleanliness. Principal Dr. S. B. Lohiya motivated students to always keep the college and their surrounding clean at the moment.

Analysis of various milk samples for detection of adulteration in milk is carried out. Various tests done for detection of adulteration in milk is Detection of Neutralizers in milk, hydrogen peroxide, formalin, sugar in milk, starch, urea, salt, pulverized soap, detergents in milk, skim milk powder in milk, benzoic and salicylic acid in milk. Milk samples analysed and report of analysis of various milk samples for various test is done for detection of adulteration in milk. Detection of adulteration in milk and its analysis from different milk samples will help to optimise analysis of dairy products - from improving quality and safety of raw milk and other material, through to milk standardisation and verification of end products.

Milk can be adulterated in any step before processing as well as during processing and before packing by adding water, reagents and prohibited neutralisers like hydrated lime, sodium hydroxide, sodium carbonate or sodium bicarbonate are added to milk to prevent spoilage. The longevity of milk increases and gives the vendor that much time to sell. Reagents like salt and glucose are added to alter the thickness and viscosity. Adding starch prevents curdling of milk. Salt and detergents are added to adjust the lactometer reading to add thickness to the milk. Therefore it is essential to detect adulteration in milk.

Guest lecture on Stress Management

By, Mrs. Rekha Mohite

All the students of commerce & management dept should know about the stress management in their education career and future prospects so as to become successful in their education and professional career too. Keeping this in view guest lecture on stress management was organized on 03/10/2017 by dept. of Commerce & Management by Mrs. Rekha Mohite Madam to interact with the students & guide them about it .

Mrs. Rekha Mohite explained the importance of stress managements so as to improve the concentration power and focus on the career. Greater importance was given on increasing self confidence and creativity so as to strengthen immune system and decrease stress and anxiety and enjoy peaceful state of mind .

Through Sahaja yoga , they practice a transformation which can be brought within automatically which leads to make balance, peaceful and moral personality.

She explained the Process of How to raise their concentration by Mediation she also showed a PPT and gave the clear Idea of Mediation.

The Complete Process was actually Performed through Practically training the students during the lecture.

About 100 students had taken part to attend this program and had actively participated in it. All the staff member of commerce and management dept. was present for the guest lecture. Through this activity all have taken the lesson of stress management and how to overcome the stress by Yoga and to have a peaceful life.

Activity Report 2016-2017
"Yoga Activity in NSS Special Camp"

- **Teachers-in-charge** : Dr. R. R. Laharia and Mr. H. G. Paralikar
- **Unit Leader Boys** : Mr. Kunal Yadgire, B.Sc.III (COSE)
- **Unit Leader Girls** : Ms. Ishika Ingole, B.Sc.III (COSE)

A Yoga Activity was organized on 20/12/2016 in N.S.S. Special Camp at 6.00 am. The guest of honour Prof. Sau. Meera Gadve, very keenly gave information and benefits of various yoga's, as well as she taught various asana's and pranayam etc. and ended the program with a prayer. Students of NSS followed this yoga activity throughout the camp then.

Activity Report 2016-17

Eye Check-Up Camp

- **Teachers-in-charge** : Dr. R. R. Laharia and Mr. H. G. Paralikar
- **Unit Leader Boys** : Mr. Kunal Yadgire, B.Sc.III (COSE)
- **Unit Leader Girls** : Ms. Ishika Ingole, B.Sc.III (COSE)

A free eye checkup camp was arranged on 24/12/2016 in N.S.S. Special Camp at Gram Kamunja with the collaboration of Rotary Club of Amravati Ambanagari and Takhatmal Charitable Trust for the villagers. Team of expert doctors visited the camp and that benefited to many villagers. Around 75 N.S.S. volunteers were present in this camp.

Guest lecture on Plastic Hatwa Jivan Wachwa
08/2/17

Guest lecture was organized for students of I, II and III year. Mrs. Milind Pagare a social activist from Nashik delivered guest lecture on the topic "Plastic hatwa Jiwan Wachwa". Mrs. Pagare presented the topic with PPT and videos and focused on the disaster created by the plastic. He awakened the students about the loss of natural ecosystem created by the non-decomposing plastic. He also discuss the ways and method by which plastic use can be minimized and ultimately stopped. He emphasized on the role of common people, along with the governing bodies to get rid of the plastic which is causing harm to mother earth. 45 Student got benefited from the lecture.

BRIJLAL BIYANI SCIENCE COLLEGE, AMRAVATI
Activity Report 2017-2018
"International Yoga Day"

- **Teachers-in-charge** : Dr. R. R. Laharia and Mr. H. G. Paralikar
- **Unit Leader Boys** : Mr. Suraj Marathar, B.Sc.III (CBZ)
- **Unit Leader Girls** : Ms. Rashmi Asodiya, B.Sc.III (PCM)

International Yoga Day has been enthusiastically celebrated on 21st June 2017 in the college. On this day along with Principal In charge Prof. Dr. D.T. Deshmukh, the senior and junior college teachers and non teaching staff actively participated in the activity. The guest of honour Prof. Sau. Meera Gadve, very keenly gave information and benefits of various yoga's, as well as she taught various asana's and pranayam etc. and ended the program with a prayer.

Acknowledgements

Its our immense pleasure to thank our honourable Principal, Dr. N.G. Belsare, Brijlal Biyani Science college, Amravati, for granting permission to conduct this activity within the college campus. Thanks for his motivation.

We are greatly thankful to Dr. Manjushree Boob, for necessary guidance and suggestions when ever needed.

We are also thankful to the UGC, New Delhi for granting Equal Opportunity Centre.

We express immense thanks to Dr. Mrs S. R. Katke, Head, Department of Zoology for giving the permission to conduct the blood tests in the zoology Laboratory.

Organisers

5·1·3.376

Introduction:

Haemoglobin is a protein based component of RBC's whose primary role is to transfer the oxygen from the lungs to rest of the body. Thus Haemoglobin is an important parameter in all the individuals as the working capacity of individuals depend on it.

Whenever the blood is carried into the lungs, these hemoglobin proteins attract whatever oxygen is available and this oxygenated blood then travels throughout the entire bloodstream, releasing oxygen into the various muscles and cells all around the body. Haemoglobin concentration is expressed as the amount of Haemoglobin in grams per decilitre of blood and the normal ranges of Haemoglobin depends on the age , beginning of adolescent and the sex of person.

The normal ranges of Haemoglobin in adult women is 12-16 gm/dl and in adult males is 14-18 gm/dl. In medical condition in which the RBC's or Hb is less than normal is referred as Anaemia. These definitions may vary slightly depending on the source and the laboratory reference used.

1. Anemia: Number of non pregnant women whose hemoglobin count is less than 12 grams per deciliter (g/dl) plus number of pregnant women whose count is less than 11 g/dl.

2. Mild anemia: Number of non pregnant women whose hemoglobin count is between 10.0 and 11.9 grams per deciliter (g/dl) plus number of pregnant women whose count is between 10.0 and 10.9 g/dl.

3.Moderate anemia: Number of women pregnant or not whose hemoglobin count is between 7.0 and 9.9 grams per decilitre (g/dl).

4. Severe anemia: Number of women pregnant or not whose hemoglobin count is less than 7.0 grams per decilitre (g/dl).

Certain groups of people are more likely to have iron-deficiency anaemia. These include babies, teenagers and women. The most common cause for anaemia is undernourishment. The second most common cause is loss of blood e.g during menstruation, injury and bleeding piles. Third cause of anemia is worm infestations (hookworm, pinworm, roundworm and tape worm) which feed on supply of blood and vitamins we take. Other causes are like defects in bone marrow etc.

Clinical manifestation of anemia are:

- Weariness and fatigue
- Sluggishness
- Headaches

5.13.377

- Breathlessness
- Irritability
- Feeling breathless after little exercise
- Feeling tired
- Palpitations
- Looking pale
- A rapid pulse

Less common symptoms include:

- tinnitus (ringing in your ears)
- an altered sense of taste
- brittle nails or 'spoon nails' where the middles of your nails are pushed inwards and the edges are raised
- soreness at the edges of your mouth
- a short attention span and poor concentration

There are many reasons for anaemia. Some of the more common reasons are:

- loss of blood (traumatic injury, surgery, bleeding colon cancer),
- nutritional deficiency (iron, vitamin B12, folate),
- bone marrow problems (replacement of bone marrow by cancer,
- suppression by chemotherapy drugs, kidney failure), and
- abnormal hemoglobin (sickle cell anemia)

Hb gm % counting and Blood grouping:

Anemia poses a major threat to girls of age group 15 to 25. It contributes lowered resistance to infection, poor cognitive development, fatigue and skin paleness, shortness of breath, fast irregular heartbeat, low blood pressure, headache, poor memory, and difficulty in thinking, cold hands and feet and decreased work productivity.

To combat with this burning problem in the girls, Iron^{+} initiative program was initiated as a pilot program for newly admitted girls in Brijlal Biyani Science College, Amravati. The girls are advised to carry out blood tests especially for the blood group and the Hb content to know their anemic status as haemoglobin concentration is a widely used measure of anemia.

5·1·3·378

To be aware about one's blood group is also important specially regarding girls as if girl with Rh –ve marries with a person with Rh +ve blood group then complications are created during 2nd pregnancy, thus we decided to carry out the activity among the newly admitted girl students of our Brijlal Biyani Science college, Amravati in collaboration with Zoology department and Equal opportunity Centre under the guidance of our Principal, Dr. N.G. Belsare.

The important parameters taken into consideration while Hb counting were age and weight and Cleanliness of a girl students. At the same time blood grouping was also carried out. The Activity was started on 1/1/2018 and onwards .

Materials and Methods:

Hb count was done by a standard Haemo Rapid Test Kit provided by the former Honorable Principal Dr. S.B. Lohiya B.B.Sc. College and blood grouping was done by using Standard anticera. All the precautions which must be taken at the time of dealing with blood experiments were taken. Only disposable pricking needles were used for every individuals.

Results and Observations:

There are 215 girl students of B.Sc I year in our college out of which number of students analysed for Hb gm % are around 91 and 91 for blood grouping (Appendix-I).

The results are as given below:

Table: 1.1; Number of Girls with respect to their age group.

S.No.	Age Group	Number of Girls
1.	17	17
2.	18	56
3.	19	17
4.	20	01
	Total	91

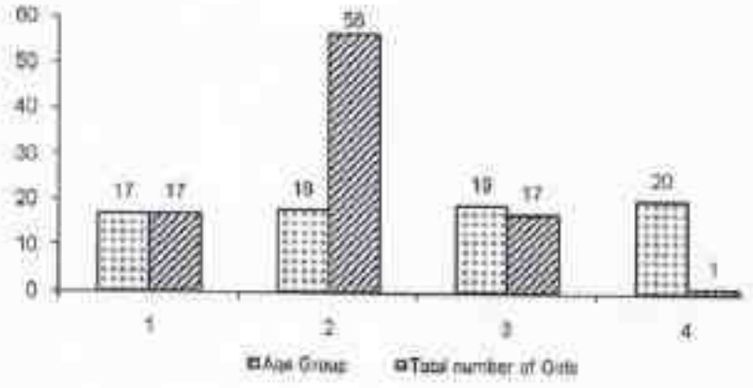

Fig: 1.1; Graph showing number of Girls with respect to their age group.

5.1.3.379

Table:1.2; Number of Girls with reapect to their Hb gm%.

S.No.	Number of Girls	Hb gm%	Remark
1.	01	6	Severely anaemic
2.	22	7	
3.	24	8	
4.	14	9	Moderately Anemic
5.	11	10	Mild Anaemic
6.	12	11	Normal Hb
7.	6	12	
8.	00	13	
9.	01	14	Above Normal
	Total = 91		

or

S.No.	Number of Girls	Hb gm%	Remark
1.	47	6-8	Severely anaemic
2.	43	9-12	
3.	01	13-14	
	Total = 91		

Table: 1.4; Table indicating number of Girls of a particular Blood group.

S.No.	Blood Group	Number of Girls
1.	A +ve	22
2.	A –ve	00
3.	AB +ve	14
4.	AB –ve	00
5.	B +ve	24
6.	B –ve	01
7.	O +ve	29
8.	O –ve	01
	Total	91

The blood groups of the students were found to be in the order O+ve >B+ve > A+ve> AB+ve and O-ve= B-ve where as none of A-ve, AB-ve, blood group.

The results indicate that out of 91students, 48 students which were found to be severely anaemic including one with Hb as 9 gm %. The details of a particular student including cleanliness, menstruation details and health problems were collected in a form (Annexure I) along with the HB and Blood group while checking.

On 21st April 2018, a health check up camp was organised out of these 48 student, around 43 were present for the camp. During the health checkup Dr. R. R. Laharia guided the students regarding the importance of haemoglobin, how to keep their Hb gm% normal by eating nutritional food and importance of other vitamins and even calcium to stay healthy. She further adviced them to take vitamin B12 rich food and to include foods of animal origin liver, red meat, eggs, kidney, and green leafy vegetables, spinach, cabbage, carrots, radish, celery, tomatoes, beets, yeast, fruits,

5·1·3·360

bananas, black grapes, plums, strawberries, dry fruits, raisins, almonds, soyabeans, fenugreek seeds, jaggery, brown bread, unpolished rice etc. and lemon juice in their diet. and also to have atleast one fruit every day to stay healthy and also to drink milk every day to keep one self fit. They were also asked to maintain their cleanliness especially to keep their nail clean.

She along with Dr. P.R. Agarwal distributed free medicines which included one tablet of Abendazol (wormicide) which was taken by the students on the spot and bottles of Syrup Tonoferol along Iron tables previously prescription by the Dr. Manjushree Boob.

Total 43 students took the benefit of free medication. After the camp, these students were again tested for their Hb gm% content after a month and it was found that 24 students out of 29 showed elevated Hb. While 5 showed no change. During the process other details about their eating habits improvement and other inquiries were also made orally.

The students were asked whether, they have stopped eating fast food, whether, they are feeling better in the class room or during studies, Whether, they have taken the syrup and tablets regularly as per prescription or not? To all these questions, they replied "yes".

Conclusions:

It is concluded that 52.74% girl students were severely anaemic which might result into less score in the examination as they get exhausted at early and cannot devote much time on their studies. It was personally observed that they cannot attend the classes with much concentration and energy. From all the above observations it was found that there is a need of creating more awareness about the eating habits among the girl students, as they are having a habit of eating the junk food rather than the nutritional one.

The post interaction with the students indicates that the students are well aware about the importance of haemoglobin in life and how keeping haemoglobin normal is essential for concentration in studies and to do well in life. All the girls are benefitted by the camp and thus the iron+ initiative program started by the college is found to be of great benefit for the girls.

No correlation was seen between the weight and haemoglobin content.

5·1·3·351

Suggestions:

The results will be better, if students maintain good habit of eating nutritional food. Next year the activity has to be repeated to know the Hb contents in the blood of B.Sc. I year girl students of the college to create awareness among the new comers in college and initiate the Iron+ initiative program among them.

BRIJLAL BIYANI SCIENCE COLLEGE, AMRAVATI
Activity Report 2017-2018
"Swachata Pandharwada (August 2017)"

- **Teachers-in-charge** : Dr. R. R. Laharia and Mr. H. G. Paralikar
- **Unit Leader Boys** : Mr. Suraj Marotkar, B.Sc.III (CBZ)
- **Unit Leader Girls** : Ms. Rashmi Asodiya, B.Sc.III (PCM)

To evoke sensitivity regarding sanitation and cleanliness Swachata Pandharwada was celebra between August 01, 2017 and August 15, 2017. It started on 2nd August 2017, with a organized un the chairmanship of the Principal of the College Dr. N.G. Belsare, initiated by taking oath of cleanlin and with a motivation for students to always keep the college and their surrounding clean, total students which included 83 boys and 42 girls were present. A Cleanliness drive was carried out college campus on 3rd August 2017 ,a rally on 6 th August, 2017 and a special hygiene campaign put into action on 11/08/2017 , in nearby slum and in Ravinagar area of college. Public awareness created by N.S.S. Volunteers by discussing with the people of slum area about importance of hygi and cleanliness and were asked to keep their areas clean and plastic-free with proper sanitati defecation to avoid various diseases, through the street plays. To spread the message of cleanlin among the local people, a cleanliness drive was carried out at local Bus stand of Amravati on 9th Aug 2017, total 90 N.S.S. students energetically participated and picked plastic bottles, plastic bags, rapp etc. and cleaning the complete area. After that, the litter (wet and dried garbage) was properly dispo with the help of the employees working in the bus station. On this occasion Mr. Gawane the M.R Mahamandal Amravati Division, District Transport Officer Mr. Arun Sia, Depot Manager Mr. Um Ingale, Program Officer Dr. R.R. Laharia, Prof. H.G. Parlikar , Bhushan Sharma etc. were also preser

A cleanliness drive was organized on dated 13/08/2017 in the college premises, Vice Presid of the institute Late Shri. Vijayji Kasat, Honorable Principal of the College, Teachers, Non teach staff actively participated in the campaign by cleaning the classrooms library, laboratory hall, toil campus etc. along with total 135 students of N.S.S. and motivated students about keeping surrounding clean. On the occasion of Swachata Pandharwada, a guest lecture on, Eradication of Pla bags and POPs pollution by Ganapati Idols was organized on 3/08/2017 by Dr. Jayant Wadatk Secretary WEC'S and member of Maharastra State Bio-diversity Board.

Body Composition Analysis of Undergraduate Students Using Bioelectrical Impedance Analysis method and their counseling on diet and lifestyle – 2017-18

As an extension activity Body composition analysis of 150 undergraduate students of senior college of Brijlal Biyani Science College Amravati using bioelectrical impedance analysis method and their counseling on diet and lifestyle is done by Dr S. N. Gupta, Department of Chemistry, Brijlal Biyani Science College, Amravati from 9th August to 13th August 2017.

For ideal weight management and for a more accurate and precise body composition analysis full Body Sensing Technology Karada Scan Body Composition Monitor – HBF-375 is used which measures body composition- Body Weight, Body Fat Percentage, Segmental Subcutaneous Fat Percentage (Whole Body, Trunk, Arms and Legs), Visceral Fat percentage, Segmental Skeletal Muscle Percentage (Whole Body, Trunk, Arms and Legs), Resting Metabolism, Body Mass Index and Body Age. The general principle behind bioelectrical impedance analysis is that two or more conductors are attached to a person's body and a small electric current is sent through the body. The resistance between the conductors provides a measure of body fat between a pair of electrodes, since the resistance to electricity varies between adipose, muscular and skeletal tissue. Fat-free mass (muscle) is a good conductor as it contains a large amount of water (approximately 73%) and electrolytes, while fat is anhydrous and a poor conductor of electric current. Following B.Sc. II student participated in Body Composition Analysis of Undergraduate Students Using Bioelectrical Impedance Analysis method and their counseling on diet and lifestyle.

DRINKING WATER ANALYSIS – YEAR 2017-18

Drinking water analysis of various samples of Amravati region was done on 18th and 19th August 2017 by Dr (Ms) S. N. Gupta, Associate Professor, Chemistry Department Brijlal Biyani Science College, Amravati. The drinking water samples were taken from the main water sources where maximum peoples were using them for drinking purpose. Measurement of Temperature, pH, Conductivity, Total Dissolved Solids (TDS), Salinity, Turbidity and Dissolved Oxygen was done by Digital Water and Soil Analysis kit Labtronics Model-191E- an ISO 9001. Following 120 students of B.Sc. III participated in Drinking water analysis of various samples of Amravati region was done on 18th and 19th August 2017.

Desirable limit of drinking water for various parameters are Temp 25°C, pH 6.5-8.5, Turbidity 5 NTU, Colour 5 Hazen Units, Total Dissolved Solids 500 ppm, Salinity 100 ppm, Dissolved Oxygen 3 ppm and above, Most of the water samples were within WHO/ ISI standards. For samples which do not have physico-chemical parameters within desirable limit, treatment for correction of corresponding parameter is to be done.

The results of the present analysis showed that drinking water collected from different areas of Amravati was found to be suitable for human health. It is recommended to boil water, use aqua guards, proper chlorination, use efficient system for garbage collection and its disposal, sewage waste treatment, recycling of waste into useful products such fertilizers, education of people through media about the causes and consequences of water pollution.

Dr (Ms) S. N. Gupta

Brijlal Biyani Science College, Amravati

5.1.3.399

Detection of adulteration in milk and its analysis from different milk sample - Year 2017-18

As an extension activity Analysis of various milk samples for detection of adulteration in milk was done by Dr. P. B. Raghuwanshi, Dr (Ms) S.N. Gupta and Dr. S. G. Khobragade from 26th August 2017 to 29th August 2017.

Analysis of various milk samples for detection of adulteration in milk is carried out. Various tests done for detection of adulteration in milk is Detection of Neutralizers in milk, hydrogen peroxide, formalin, sugar in milk, starch, urea, salt, pulverized soap, detergents in milk, skim milk powder in milk, benzoic and salicylic acid in milk. Milk samples analysed and report of analysis of various milk samples for various test is done for detection of adulteration in milk. Detection of adulteration in milk and its analysis from different milk samples will help to optimise analysis of dairy products - from improving quality and safety of raw milk and other material, through to milk standardisation and verification of end products.

Milk can be adulterated in any step before processing as well as during processing and before packing by adding water, reagents and prohibited neutralisers like hydrated lime, sodium hydroxide, sodium carbonate or sodium bicarbonate are added to milk to prevent spoilage. The longevity of milk increases and gives the vendor that much time to sell. Reagents like salt and glucose are added to alter the thickness and viscosity. Adding starch prevents curdling of milk. Salt and detergents are added to adjust the lactometer reading to add thickness to the milk. Therefore it is essential to detect adulteration in milk.

Following 120 students of B.Sc. III participated in Analysis of various milk samples for detection of adulteration in milk.

Swach Bharat Abhiyan

6th Dec 2017

NCC unit of Brijlal Biyani Science College organized a rally on 6th December on an eve of **swachta pakhwada** planned to be conducted from 1 Dec 2017 to 15 Dec 2017. The rally started from the college premises and proceeded towards the nearby slum area covering the small huts, zhuga and zhopdi. The cadets recited the various slogans on the cleanliness drive, and regarding the health and sanitation issues. Cadets cleaned the college premises canteen, parking area, lawn, water harvesting area and classrooms. Lt. Dr. S. R. Katke guided the students while principal of the college Dr. N.G. Belsare addressed the cadets. College Teaching and non-teaching staff members participated in rally while the cadets took effort for the success of rally.

Activity Report 2017-18

Naturopathy

- **Teachers-in-charge** : Dr. R. R. Laharia and Mr. H. G. Paralikar
- **Unit Leader Boys** : Mr.Suraj Marotkar,B.Sc.III (COSE)
- **Unit Leader Girls** : Ms. Rashmi Asodiya, B.Sc.III (PCM)
- **Guest Speaker** : Dr. Yogesh Uke and Dr. Vilas Patil
  Maharashtra State Rural Health Organization

Aguest lecture was arranged on topic Naturopathy on date 16/03/2018 in under National Service Scheme for the college staff.Dr. Yogesh Uke and Dr. Vilas Patil of Maharashtra State Rural Health Organizationwere the guest speakers. They created awareness about Naturopathy. They gave the message that "To stay fit, naturopathy is very important aspect. Allopathic treatment has many side effects than any natural therapy." On this occasion, Principal Dr. N. G. Belsare asked everyone to use the techniques of Naturopathy in their life to stay fit.N.S.S. Program Officer Dr. R. R. Laharia and Mr. H. G. Paralikar and college staff were present.

International Yoga Day.
21/06/2018

International Yoga Day was organised on 21st June 2018 in College. International Yoga Day is organised every year on 21st June to create awareness among students about the importance of Yoga in daily life. It also aims to educate students and women to stay fit, health and at mental peace. This activity developed the sense of disciplined way of performing yoga activity at mass level. It also created and develop the awareness among cadets to perform yoga daily to stay fit and healthy. 20 cadets participated. Lt.Dr.S.R.Katke took effect for the programme while Ms. Jyoti Kundwani imparted training.

NCC Notice

International Yoga Day

15/06/2018

All the NCC cadets of I, II and III year are informed that yoga and meditation classes will commence from 17/06/18 in college auditorium at 4.30 pm to 5.30 pm daily. The final international yoga day celebration will be on 21/06/18 at college auditorium at 7.30 am. Hence all cadets are informed to be present regularly for practice class. Further details will be conveyed. Be in touch with senior.

- **Unit Leader Boys** : Mr. Adarsh Khule, B.Sc.III (COSE)
- **Unit Leader Girls** : Ms. Sonali Maraskolhe, B.Sc.III (COSE)

International Yoga Day has been enthusiastically celebrated on 21st June 2018 in the college. On this day along with Principal Dr. N.G.Belsare, the senior and junior college teachers and non-teaching staff actively participated in the activity. The guest of honour Ms. Kundwani, very keenly gave information and benefits of various yoga's, as well as she taught various asana's, pranayam etc. and ended the program with a prayer.

Acknowledgements

Its our immense pleasure to thank our honourable Principal, Dr. N.G. Belsare, Brijlal Biyani Science college, Amravati, for granting permission to conduct this activity within the college campus. Thanks for his motivation.

We are greatly thankful to Dr. Manjushree Boob, for necessary guidance and suggestions when ever needed.

We are also thankful to the UGC, New Delhi for granting Equal Opportunity Centre.

We express immense thanks to Dr. Mrs S. R. Katke, Head, Department of Zoology for giving the permission to conduct the blood tests in the zoology Laboratory.

Organisers

5.1.3.439

Introduction:

Haemoglobin is a protein based component of RBC's whose primary role is to transfer the oxygen from the lungs to rest of the body. Thus Haemoglobin is an important parameter in all the individuals as the working capacity of individuals depend on it.

Whenever the blood is carried into the lungs, these hemoglobin proteins attract whatever oxygen is available and this oxygenated blood then travels throughout the entire bloodstream, releasing oxygen into the various muscles and cells all around the body. Haemoglobin concentration is expressed as the amount of Haemoglobin in grams per decilitre of blood and the normal ranges of Haemoglobin depends on the age , beginning of adolescent and the sex of person.

The normal ranges of Haemoglobin in adult women is 12-16 gm/dl and in adult males is 14-18 gm/dl. In medical condition in which the RBC's or Hb is less than normal is referred as Anaemia. These definitions may vary slightly depending on the source and the laboratory reference used.

1. Anemia: Number of non pregnant women whose hemoglobin count is less than 12 grams per deciliter (g/dl) plus number of pregnant women whose count is less than 11 g/dl.

2. Mild anemia: Number of non pregnant women whose hemoglobin count is between 10.0 and 11.9 grams per deciliter (g/dl) plus number of pregnant women whose count is between 10.0 and 10.9 g/dl.

3.Moderate anemia: Number of women pregnant or not whose hemoglobin count is between 7.0 and 9.9 grams per decilitre (g/dl).

4. Severe anemia: Number of women pregnant or not whose hemoglobin count is less than 7.0 grams per decilitre (g/dl).

Certain groups of people are more likely to have iron-deficiency anaemia. These include babies, teenagers and women. The most common cause for anaemia is undernourishment. The second most common cause is loss of blood e.g during menstruation, injury and bleeding piles. Third cause of anemia is worm infestations (hookworm, pinworm, roundworm and tape worm) which feed on supply of blood and vitamins we take. Other causes are like defects in bone marrow etc.

Clinical manifestation of anemia are:

- Weariness and fatigue
- Sluggishness
- Headaches

5.1.3.440

- Breathlessness
- Irritability
- Feeling breathless after little exercise
- Feeling tired
- Palpitations
- Looking pale
- A rapid pulse

Less common symptoms include:

- tinnitus (ringing in your ears)
- an altered sense of taste
- brittle nails or 'spoon nails' where the middles of your nails are pushed inwards and the edges are raised
- soreness at the edges of your mouth
- a short attention span and poor concentration

There are many reasons for anaemia. Some of the more common reasons are:

- loss of blood (traumatic injury, surgery, bleeding colon cancer),
- nutritional deficiency (iron, vitamin B12, folate),
- bone marrow problems (replacement of bone marrow by cancer,
- suppression by chemotherapy drugs, kidney failure), and
- abnormal hemoglobin (sickle cell anemia)

Hb gm % counting and Blood grouping:

Anemia poses a major threat to girls of age group 15 to 25. It contributes lowered resistance to infection, poor cognitive development, fatigue and skin paleness, shortness of breath, fast irregular heartbeat, low blood pressure, headache, poor memory, and difficulty in thinking, cold hands and feet and decreased work productivity.

To combat with this burning problem in the girls, Iron* initiative program was initiated as a pilot program for newly admitted girls in Brijlal Biyani Science College, Amravati. The girls are advised to carry out blood tests especially for the blood group and the Hb content to know their anemic status as haemoglobin concentration is a widely used measure of anemia.

To be aware about one's blood gr oup is also important specially regarding girls as if girl with Rh –ve marries with a person with Rh +ve blood group then complications are created during 2nd pregnancy, thus we decided to carry out the activity among the newly admitted girl students of our Brijlal Biyani Science college, Amravati in collaboration with Zoology department and Equal opportunity Centre under the guidance of our Principle, Dr. N.G. Belsare.

The important parameters taken into consideration while Hb counting were age and weight and Cleanliness of a girl students. At the same time blood grouping was also carried out. The Activity was started on 13/7/2018 and onwards .

Materials and Methods:

Hb count was done by a standard Haemo Rapid Test Kit provided by the former Honorable Principal Dr. S.B. Lohiya B.B.Sc. College and blood grouping was done by using Standard anticera. All the precautions which must be taken at the time of dealing with blood experiments were taken. Only disposable pricking needles were used for every individuals.

Results and Observations:

There are 199 girl students of B.Sc I year in our college out of which number of students analysed for Hb gm % are around 111 and 111 for blood grouping (Appendix-I).

The results are as given as below:

Table: 1.1; Number of Girls with respect to their age group.

S.No.	Age Group	Number of Girls
1.	17	56
2.	18	45
3.	19	09
4.	20	01
	Total	111

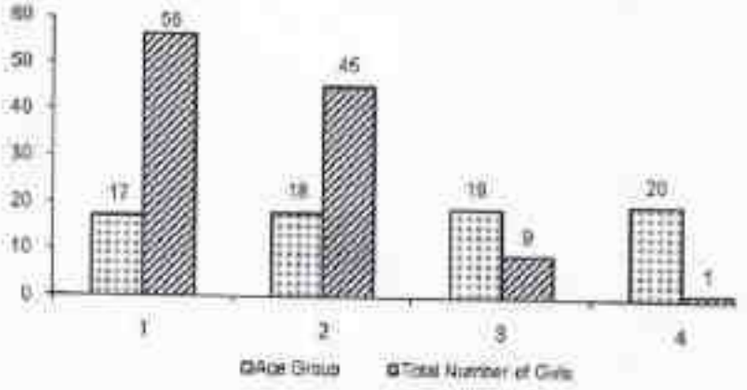

Fig: 1.1; Graph showing number of Girls with respect to their age group.

S.1.3.4/2

Table: 1.2; Number of Girls with respect to their Hb gm%.

S.No.	Number of Girls	Hb gm%	Remark
1.	05	6	Severely anaemic
2.	33	7	
3.	18	8	
4.	11	9	Moderately Anemic
5.	27	10	Mild Anaemic
6.	10	11	Normal Hb
7.	07	12	
	Total = 111		

or

S.No.	Number of Girls	Hb gm%	Remark
1.	47	6-8	Severely anaemic
2.	43	9-12	
3.	01	13-14	
	Total = 91		

Table: 1.4; Table indicating number of Girls of a particular Blood group.

S.No.	Blood Group	Number of Girls
1.	A +ve	23
2.	A –ve	01
3.	AB +ve	10
4.	AB –ve	00
5.	B +ve	44
6.	B –ve	00
7.	O +ve	33
8.	O –ve	00
	Total	111

The blood groups of the students were found to be in the order B+ve >O+ve > A+ve> AB+ve and A-ve where as none of O-ve , B-ve, AB-ve, blood group.

The results indicate that out of 111students, 58 students which were found to be severely anaemic. The details of a particular student including cleanliness, menstruation details and health problems were collected in a form (Annexure I) along with the HB and Blood group while checking.

On 18th August 2018, a health check up camp was organised out of these 48 student, around 44 were present for the camp. During the health checkup Dr. R. R. Laharia guided the students regarding the importance of haemoglobin, how to keep their Hb gm% normal by eating nutritional food and importance of other vitamins and even calcium to stay healthy. She further adviced them to take vitamin B12 rich food and to include foods of animal origin liver, red meat, eggs, kidney, and green leafy vegetables, spinach, cabbage, carrots, radish, celery, tomatoes, beets, yeast, fruits, bananas, black grapes, plums, strawberries, dry fruits, raisins, almonds, soyabeans, fenugreek seeds, jaggery, brown bread, unpolished rice etc. and lemon

S.N.3.143

juice in their diet. and also to have atleast one fruit every day to stay healthy and also to drink milk every day to keep oneself fit. They were also asked to maintain their cleanliness especially to keep their nail clean.

She along with Dr. P.R. Agarwal distributed free medicines which included one tablet of Abendazol (wormicide) which was taken by the students on the spot and bottles of Syrup Tonoferol along Iron tables previously prescription by the Dr. Manjushree Boob.

Total 43 students took the benefit of free medication. After the camp, these students were again tested for their Hb gm% content after a month and it was found that 21 students out of 29 showed elevated Hb. While 8 showed no change. During the process other details about their eating habits improvement and other inquiries were also made orally.

The students were asked whether, they have stopped eating fast food, whether, they are feeling better in the class room or during studies, Whether, they have taken the syrup and tablets regularly as per prescription or not? To all these questions, they replied "yes".

Conclusions:

It is concluded that 50.45 % girl students were severely anaemic which might result into less score in the examination as they get exhausted at early and cannot devote much time on their studies. It was personally observed that they cannot attend the classes with much concentration and energy. From all the above observations it was found that there is a need of creating more awareness about the eating habits among the girl students, as they are having a habit of eating the junk food rather than the nutritional one.

The post interaction with the students indicates that the students are well aware about the importance of haemoglobin in life and how keeping haemoglobin normal is essential for concentration in studies and to do well in life. All the girls are benefitted by the camp and thus the iron+ initiative program started by the college is found to be of great benefit for the girls.

No correlation was seen between the weight and haemoglobin content.

5.1.3.444

Suggestions:

The results will be better if students maintain good habit of eating nutritional food. Next year the activity has to be repeated to know the Hb contents in the blood of B.Sc. I year girl students of the college to create awareness about importance of haemoglobin in every aspect of life, among the new comers in college and initiate the Iron+ initiative program among them.

Rahani

Recycled Paper Bag Workshop of B. Sc. I, II and III Chemistry Students

Year 2018-19

First Recycled Paper Bag Workshop was organised by Department of Chemistry for B. Sc. I, II and III Chemistry Students at Brijlal Biyani Science College, Amravati on 19th August 2018 (Sunday). The training was given by Ms Nirupa Gupta Raney, Ex Principal CBSE School Nagpur. Total 400 students were present.

The sole reason of undertaking this workshop was to make students understand the harm caused due to plastic bags and to encourage them to replace plastic bags with paper bags. Students have brought News Paper, Scissor, Paper Cutter, Fevicol, Scale, Pen, Cloth Clip, Weaving needle, Card board, divider etc. Programme schedule was from 10.30 am to 5.30 pm. In this workshop students were taught how to make 5 different types of paper bags and different articles such as Coaster, Pen Stand, Basket, Dustbin etc. out of newspaper.

Programme schedule was as follows: 400 Total Students - 40 Group - 10 students in each group

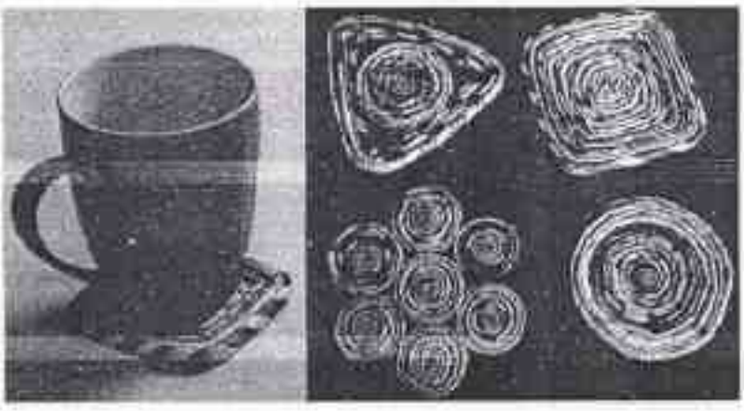

S. N.	Start Time	End Time	Item to be made	Students
1	10.30 am	11.00 am	Paper Bag Type 1	5 students made paper Pipe, 5 students made Paper Bag
2	11.00 am	11.30 am	Paper Bag Type 2	5 students made paper Pipe, 5 students made Paper Bag
3	11.30 am	12.00 pm	Paper Bag Type 3	5 students made paper Pipe, 5 students made Paper Bag
4	12.00 pm	12.30 pm	Paper Bag Type 4	5 students made paper Pipe, 5 students made Paper Bag
5	12.30 pm	01.00 pm	Paper Bag Type 5	5 students made paper Pipe, 5 students made Paper Bag
6	01.00 pm	02.00 pm	Interval	
7	02.00 pm	03.00 pm	Coaster and Pen Stand	5 students made Coaster, 5 students made Pen holder

PRINCIPAL
Brijlal Biyani Science College,
Amravati.

S.I.S.166

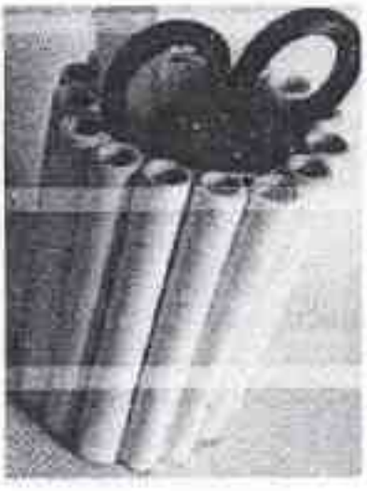

8	03.00 pm	04.00 pm	Basket and Dust Bin	5 students made Basket, 5 students made Dust Bin
9	04.00 pm	04.30 pm	Photo Session	Group 1 to 40 separately, All group together

In this workshop the students have made 5 different types of paper bags out of newspapers. Afterwards they have signed it with their name and message. Each students have made 5 paper bags of 5 different types and then they distributed them in grocery stores in their vicinity thereby they have spread the message of 'Say No to Plastic'. Students have not just learned the art of making a paper bag, they also learned the importance of recycling and how it can benefit everyone. The things that students learned will be taught to the people living in slum areas. In this workshop the students have also made different articles such as Coaster, Pen Stand, Basket, Dustbin etc. out of newspaper.

Certificate

This is to certify that Ms Nirupa Gupta Raney, Nagpur Ex-Principal CBSE School has given training to students of Recycled Paper Bag Workshop of B. Sc. II and III Chemistry Students organized by Chemistry Department, Brijlal Biyani Science College, Amravati on Sunday 19th August 2018.

Ms Nirupa Gupta Raney explained to students the harm caused due to plastic bags and she also encouraged them to replace plastic bags with paper bags. More than 400 students were present.

In this workshop she taught students how to make 5 different types of paper bags and different articles such as Coaster, Pen Stand, Basket, Dustbin etc. out of newspaper. She gave the message of 'Say No to Plastic'. Students have not just learned the art of making a paper bag, they also learned the importance of recycling and how it can benefit everyone.

I express my sincere thanks to Ms Nirupa Gupta Raney for valuable training given to B. Sc. II and III Chemistry Students of Brijlal Biyani Science College Amravati on Sunday 19th August 2018. I also hope that she will continue her valuable guidance to this Institution in future.

Thanking you,

Yours faithfully

Detection of adulteration in milk and its analysis from different milk sample - Year 2018-19

Extension Activity

As an extension activity Analysis of various milk samples for detection of adulteration in milk was done by Dr. P. B. Raghuwanshi, Dr (Ms) S.N. Gupta and Dr. S. G. Khobragade on 21st September 2018.

Following 150 students of B.Sc. III participated in Analysis of various milk samples for detection of adulteration in milk

Analysis of various milk samples for detection of adulteration in milk is carried out. Various tests done for detection of adulteration in milk is Detection of Neutralizers in milk, hydrogen peroxide, formalin, sugar in milk, starch, urea, salt, pulverized soap, detergents in milk, skim milk powder in milk, benzoic and salicylic acid in milk. Milk samples analysed and report of analysis of various milk samples for various test is done for detection of adulteration in milk. Detection of adulteration in milk and its analysis from different milk samples will help to optimise analysis of dairy products - from improving quality and safety of raw milk and other material, through to milk standardisation and verification of end products.

Milk can be adulterated in any step before processing as well as during processing and before packing by adding water, reagents and prohibited neutralisers like hydrated lime, sodium hydroxide, sodium carbonate or sodium bicarbonate are added to milk to prevent spoilage. The longevity of milk increases and gives the vendor that much time to sell. Reagents like salt and glucose are added to alter the thickness and viscosity. Adding starch prevents curdling of milk. Salt and detergents are added to adjust the lactometer reading to add thickness to the milk. Therefore it is essential to detect adulteration in milk.

Body Composition Analysis of Undergraduate Students Using Bioelectrical Impedance Analysis method and their counseling on diet and lifestyle – 2018-19

As an extension activity Body composition analysis of 180 undergraduate students of senior college of Brijlal Biyani Science College Amravati using bioelectrical impedance analysis method and their counseling on diet and lifestyle is done by Dr S. N. Gupta, Department of Chemistry, Brijlal Biyani Science College, Amravati from 17th December to 22nd December 2018.

For ideal weight management and for a more accurate and precise body composition analysis full Body Sensing Technology Kanada Scan Body Composition Monitor – HBF-375 is used which measures body composition- Body Weight, Body Fat Percentage, Segmental Subcutaneous Fat Percentage (Whole Body, Trunk, Arms and Legs), Visceral Fat percentage, Segmental Skeletal Muscle Percentage (Whole Body, Trunk, Arms and Legs), Resting Metabolism, Body Mass Index and Body Age. The general principle behind bioelectrical impedance analysis is that two or more conductors are attached to a person's body and a small electric current is sent through the body. The resistance between the conductors provides a measure of body fat between a pair of electrodes, since the resistance to electricity varies between adipose, muscular and skeletal tissue. Fat-free mass (muscle) is a good conductor as it contains a large amount of water (approximately 73%) and electrolytes, while fat is anhydrous and a poor conductor of electric current. Following B.Sc. II student participated in Body Composition Analysis of Undergraduate Students Using Bioelectrical Impedance Analysis method and their counseling on diet and lifestyle.

Swachhta Pandharwada

08/12/2018

Swachta Pandharwada cleanliness drive was organized to create awareness among the cadets regarding the cleanliness in all respects. The basic objective of pandharwada was –

1. To make them aware about different way to clean their city.
2. To create awareness for segregation of different waste.
3. To make them responsible for cleaning historical monuments and statues of national leader.
4. To train cadets for personal hygiene.
5. To train girls cadets for cleanliness during menstruation cycle.
6. To keep their living and dining area clean.
7. To bring out and explore their ideas through talks and essay writing.

Lt. Dr. S. R. Katke conducted few activities for cadets like essay writing, cleaning statues, cleaning hospital area, cleaning college campus, making plastic free campus, cleaning girls hostel and dining room etc.

Cadets participated in the various activities and ensured to pass this message to others students also. Girls cadets learnt to segregate the waste the developed a sense of responsibility for cleaning statues. They learnt the importance of team work. They were aware about problem of open defecation and various disease spread by it. Thus all Cadets were involved in almost all activities.

Activity Report 2018-2019

NSS Special Camp

"River Cleaning Project"

- **Teachers-in-charge** : Mr. H.G.Paralikar
- **Unit Leader Boys** : Mr. Adarsh Khule, B.Sc.III (COSE)
- **Unit Leader Girls** : Ms. Sonali Maraskolhe, B.Sc.III (PCM)

Gram Kamunja and Ozarkhed is surrounded by Pedhi river. To emphasize the importance of one of the greatest Psalms of water to the villagers, a river cleaning project was undertaken.

Earlier before NSS Special Camp, when we talked with Police Patil Mr. Mangesh Warhade, he told us that one part of river is fully filled with Plaster of Paris. Being Police Patil, he requested to peoples of Sarvajanik Mandals to stop the visarjan of Ganpati and Durgadevi Idols in the river. He complained to Commissioner Office also. After talking to him, we decided to go for the river cleaning project. We meet Sarpanch Mr. Nilesh Warhade of Gat Gram Panchayat Kamunja about the permission for the same project. We had taken the permission of Tehsil Office from Tehsildar. Sarpanch Mr. Nilesh Warhade being kind to us, given us permission to clean the river. Also took a Gram Panchayat Tharav on 28/11/2018.

For this project, NSS volunteers removes plastic from the river from 27/12/2018 to 30/12/2018. More than 100 bags of plastics was taken out and dumped into an unused place outside the River Channel.

On 28/12/2018, Plaster of Paris (POP) and Plastic was removed out of river with the help of JCB machine. On demand of villagers and Gram Panchayant, river deepening was carried out with JCB. Under the guidance of Program Officer Mr. H.G. Paralikar and with supportive assistance by Mr. Viraj Vighe, Sarpach Mr. Nilesh Warhade, Police Patil Mr. Mangesh Warhade, Mr. Ashlesh Warhade, Mr. Ajay Sagne, the project was successfully done.

BRIJLAL BIYANI SCIENCE COLLEGE, AMRAVATI

Activity Report 2018-19

"Routine Skincare And Awareness About Steroid Abuse Over Face"

- **Teachers-in-charge** : Mr. H. G. Paralikar
- **Unit Leader Boys** : Mr. Adarsh Khule,B.Sc.III (COSE)
- **Unit Leader Girls** : Ms. Sonali Maraskolhe, B.Sc.III (PCM)
- **Guest Speaker** : Dr. Komal Varma (Dermatologist)

A guest lecture on the topic 'Routine Skincare And Awareness About Steroid Abuse Over Face'was arranged on 17/02/2019 under National Service Scheme for students.Dermatologist and Skin Specialist Dr. Komal Varma was guest speaker at the event. N.S.S. Program Officer Mr. H. G. Paralikar, Mr. Hemant Rathi, Ms. Patil and N.S.S. Volunteers were present.

DRINKING WATER ANALYSIS – YEAR 2018-19

Drinking water analysis of various samples of Amravati region was done on 8th March 2019 by Dr (Ms) S. N. Gupta, Associate Professor, Chemistry Department Brijlal Biyani Science College, Amravati. The drinking water samples were taken from the main water sources where maximum peoples were using them for drinking purpose. Measurement of Temperature, pH, Conductivity, Total Dissolved Solids (TDS), Salinity, Turbidity and Dissolved Oxygen was done by Digital Water and Soil Analysis kit Labtronics Model-191E- an ISO 9001.

Following 150 students of B.Sc. III participated in Drinking water analysis of various samples of Amravati region on 8th March 2019.

Desirable limit of drinking water for various parameters are Temp 25°C, pH 6.5-8.5, Turbidity 5 NTU, Colour 5 Hazen Units, Total Dissolved Solids 500 ppm, Salinity 100 ppm, Dissolved Oxygen 3 ppm and above, Most of the water samples were within WHO/ ISI standards. For samples which do not have physico-chemical parameters within desirable limit, treatment for correction of corresponding parameter is to be done.

The results of the present analysis showed that drinking water collected from different areas of Amravati was found to be suitable for human health. It is recommended to boil water, use aqua guards, proper chlorination, use efficient system for garbage collection and its disposal, sewage waste treatment, recycling of waste into useful products such fertilizers, education of people through media about the causes and consequences of water pollution.

International Yoga Day.
21/06/2019.

International Yoga Day was organised on 21st June 2019 with collaboration of HVPM. International Yoga Day is organised every year on 21st June to create awareness among students about the importance of Yoga in daily life. It also aims to educate students and women to stay fit, health and at mental peace. 18 cadets and 1 ANO participated at the HVPM ground. This activity developed the sense of disciplined way of performing yoga activity at mass level. It also created and develop the awareness among cadets to perform yoga daily to stay fit and healthy. 18 cadets participated.

NCC Notice
International Yoga Day
13/06/2019

All the NCC cadets are informed that as per every year, this year also the yoga and meditation practice classes will commence from 17/06/19 to 20/06/19. The final yoga presentation will be conducted at HVPM ground. Hence all the NCC girl cadets are informed to be present for practice classes in college auditorium form 4.30 pm to 5.30 pm. The final timing of **International Yoga Day** celebration will be conveyed to you all telephonically. Stay in touch with senior.

Activity Report 2019-2020

"International Yoga Day"

- **Teachers-in-charge** : Mr. H.G.Paralikar
- **Unit Leader Boys** : Mr. Rushikesh Honwalkar, B.Sc.III (COSE)
- **Unit Leader Girls** : Ms. Ritakshi Ambadkar, B.Sc.III (BTB)

International Yoga Day has been enthusiastically celebrated on 21st June 2019 at the Hanuman Vyayam Shikshan Prasarak Mandal's stadium. On this day along with Principal Dr. N.G.Belsare, the senior and junior college teachers and non-teaching staff actively participated in the activity. All the participants gets benefits of various yoga's, as well as learned various asana's, pranayam etc. The program ended with a prayer.

Acknowledgements

Its our immense pleasure to thank our honourable Principal, Dr. D.S. Dhote, Brijlal Biyani Science college, Amravati, for granting permission to conduct this activity within the college campus. Thanks for his motivation.

We are greatly thankful to Dr. Manjushree Boob, for necessary guidance and suggestions when ever needed.

We are also thankful to the UGC, New Delhi for granting Equal Opportunity Centre.

We express immense thanks to Dr. Mrs S. R. Katke, Head, Department of Zoology for giving the permission to conduct the blood tests in the zoology Laboratory.

Organisers

S·N·3·539

Introduction:

Haemoglobin is a protein based component of RBC's whose primary role is to transfer the oxygen from the lungs to rest of the body. Thus Haemoglobin is an important parameter in all the individuals as the working capacity of individuals depend on it.

Whenever the blood is carried into the lungs, these hemoglobin proteins attract whatever oxygen is available and this oxygenated blood then travels throughout the entire bloodstream, releasing oxygen into the various muscles and cells all around the body. Haemoglobin concentration is expressed as the amount of Haemoglobin in grams per decilitre of blood and the normal ranges of Haemoglobin depends on the age , beginning of adolescent and the sex of person.

The normal ranges of Haemoglobin in adult women is 12-16 gm/dl and in adult males is 14-18 gm/dl. In medical condition in which the RBC's or Hb is less than normal is referred as Anaemia. These definitions may vary slightly depending on the source and the laboratory reference used.

1. Anemia: Number of non pregnant women whose hemoglobin count is less than 12 grams per deciliter (g/dl) plus number of pregnant women whose count is less than 11 g/dl.

2. Mild anemia: Number of non pregnant women whose hemoglobin count is between 10.0 and 11.9 grams per deciliter (g/dl) plus number of pregnant women whose count is between 10.0 and 10.9 g/dl.

3.Moderate anemia: Number of women pregnant or not whose hemoglobin count is between 7.0 and 9.9 grams per decilitre (g/dl).

4. Severe anemia: Number of women pregnant or not whose hemoglobin count is less than 7.0 grams per decilitre (g/dl).

Certain groups of people are more likely to have iron-deficiency anaemia. These include babies, teenagers and women. The most common cause for anaemia is undernourishment. The second most common cause is loss of blood e.g during menstruation, injury and bleeding piles. Third cause of anemia is worm infestations (hookworm, pinworm, roundworm and tape worm) which feed on supply of blood and vitamins we take. Other causes are like defects in bone marrow etc.

Clinical manifestation of anemia are:

- Weariness and fatigue
- Sluggishness
- Headaches

513.540

- Breathlessness
- Irritability
- Feeling breathless after little exercise
- Feeling tired
- Palpitations
- Looking pale
- A rapid pulse

Less common symptoms include:

- tinnitus (ringing in your ears)
- an altered sense of taste
- brittle nails or 'spoon nails' where the middles of your nails are pushed inwards and the edges are raised
- soreness at the edges of your mouth
- a short attention span and poor concentration

There are many reasons for anaemia. Some of the more common reasons are:

- loss of blood (traumatic injury, surgery, bleeding colon cancer),
- nutritional deficiency (iron, vitamin B12, folate),
- bone marrow problems (replacement of bone marrow by cancer,
- suppression by chemotherapy drugs, kidney failure), and
- abnormal hemoglobin (sickle cell anemia)

Hb gm % counting and Blood grouping:

Anemia poses a major threat to girls of age group 15 to 25. It contributes lowered resistance to infection, poor cognitive development, fatigue and skin paleness, shortness of breath, fast irregular heartbeat, low blood pressure, headache, poor memory, and difficulty in thinking, cold hands and feet and decreased work productivity.

To combat with this burning problem in the girls, Iron* initiative program was initiated as a pilot program for newly admitted girls in Brijlal Biyani Science College, Amravati. The girls are advised to carry out blood tests especially for the blood group and the Hb content to know their anemic status as haemoglobin concentration is a widely used measure of anemia.

To be aware about one's blood group is also important specially regarding girls as if girl with Rh –ve marries with a person with Rh +ve blood group then complications are created during 2nd pregnancy, thus we decided to carry out the activity among the newly admitted girl students of our Brijlal Biyani Science college, Amravati in collaboration with Zoology department and Equal opportunity Centre under the guidance of our Principal, Dr. D.S. Dhote.

The important parameters taken into consideration while Hb counting were age and weight and Cleanliness of a girl students. At the same time blood grouping was also carried out. The Activity was started on 23/7/2019 and onwards .

Materials and Methods:

Hb count was done by a standard method of Sahli's method and blood grouping was done by using Standard anticera. All the precautions which must be taken at the time of dealing with blood experiments were taken. Only disposable pricking needles were used for every individuals.

Results and Observations:

There are 164 girl students of B.Sc. and B.Voc I year in our college out of which number of students analysed for Hb gm % are around 113 and 113 for blood grouping (Appendix-I).

The results are as given as below:

Table: 1.1; Number of Girls with respect to their age group.

S.No.	Age Group	Number of Girls
1.	17	24
2.	18	64
3.	19	20
4.	20	05
	Total	113

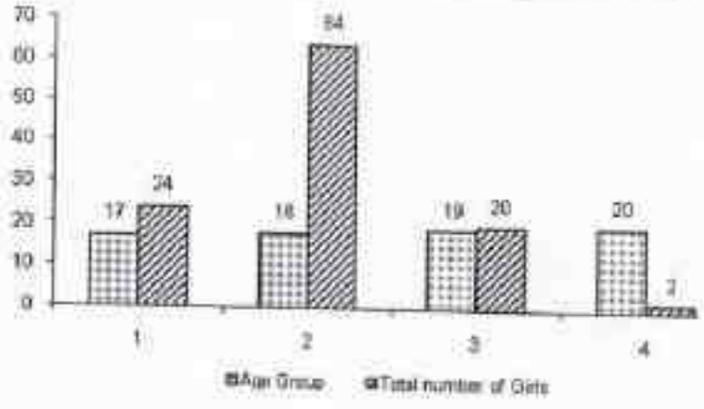

Fig: 1.1; Graph showing number of Girls with respect to their age group.

5·1·3·542

Table:1.2; Number of Girls with respect to their Hb gm%.

S.No.	Number of Girls	Hb gm%	Remark
1.	15	7.1-8	
2.	21	8.1-9	Moderately Anemic
3.	34	9.1-10	
4.	22	10.1-11	Mild Anaemic
5.	15	11.1-12	Normal Hb
6.	06	12.1-13	
	Total = 113		

or

S.No.	Number of Girls	Hb gm%	Remark
1.	36	6-9	Severely anaemic
2.	71	9.1-12	
3.	06	12.1-14	
	Total = 113		

Table: 1.4; Table indicating number of Girls of a particular Blood group.

S.No.	Blood Group	Number of Girls
1.	A +ve	16
2.	A –ve	02
3.	AB +ve	12
4.	AB –ve	00
5.	B +ve	36
6.	B –ve	00
7.	O +ve	45
8.	O –ve	02
	Total	113

The blood groups of the students were found to be in the order O +ve > B +ve > A+ve> AB+ve > O-ve and A-ve , whereas none of B-ve and AB-ve, blood group

The results indicate that out of 164 students, 36 students which were found to be severly anaemic that is Hb below 9 gm%. The details of a particular student including cleanliness, menstruation details and health problems were collected in a form (Annexure I) along with the HB and Blood group while checking.

On 20/2/2020, again students were called for a health check up camp ,during this Dr. R. R. Laharia guided the students regarding the importance of haemoglobin, how to keep their Hb gm% normal by eating nutritional food and importance of other vitamins and even calcium to stay healthy. She further adviced them to take vitamin B12 rich food and to include foods of animal origin liver, red meat, eggs, kidney, and green leafy vegetables, spinach, cabbage, carrots, radish, celery, tomatoes, beets, yeast, fruits, bananas, black grapes, plums, strawberries, dry fruits, raisins, almonds, soyabeans, fenugreek seeds, jaggery, brown bread, unpolished rice etc. and lemon

513, 543

juice in their diet. and also to have atleast one fruit every day to stay healthy and also to drink milk every day to keep oneself fit. They were also asked to maintain their cleanliness especially to keep their nail clean.

After checking around 113 students Analysis was done it was that around 36 students were found to be anaemic, a free medication camp was supposed to be organised for these anemic students at the end of the month of march But it was not possible due to the pandemic covid-19.

Conclusions:

It is concluded that 31.85% girl students were severely anaemic which might result into less score in the examination as they get exhausted at early and cannot devote much time on their studies.Thus students are benefitted by the checking camp and atleast understood the importance of eating healthy nutritional food. Thus the iron+ initiative program started by the college is found to be of beneficial for the girls. No correlation was seen between the weight and haemoglobin content. A free medication camp was not possible due to the pandemic covid-19.

Suggestions:

Next year the same activity will be repeated to know the Hb contents in the blood of B.Sc. I year girl students of the college to create awareness among the newcomers in college and initiate the Iron+ initiative program among them.

DRINKING WATER ANALYSIS – YEAR 2019-20

Drinking water analysis of various samples of Amravati region was done on 6th July 2019. The drinking water samples were taken from the main water sources where maximum peoples were using them for drinking purpose. Measurement of Temperature, pH, Conductivity, Total Dissolved Solids (TDS), Salinity, Turbidity and Dissolved Oxygen was done by Digital Water and Soil Analysis kit Labtronics Model-191E-an ISO 9001.

Following 150 students participated in Drinking water analysis of various samples of Amravati region done on 6th July 2019.

Desirable limit of drinking water for various parameters are Temp 25°C, pH 6.5-8.5, Turbidity 5 NTU, Colour 5 Hazen Units, Total Dissolved Solids 500 ppm, Salinity 100 ppm, Dissolved Oxygen 3 ppm and above. Most of the water samples were within WHO/ ISI standards. For samples which do not have physico-chemical parameters within desirable limit, treatment for correction of corresponding parameter is to be done.

The results of the present analysis showed that drinking water collected from different areas of Amravati was found to be suitable for human health. It is recommended to boil water, use aqua guards, proper chlorination, use efficient system for garbage collection and its disposal, sewage waste treatment, recycling of waste into useful products such fertilizers, education of people through media about the causes and consequences of water pollution.

11th August 2019 to 14th August 2019 was celebrated as Jalsaptah and 25th August 2019 was celebrated as Jalsaptah din. A poster competition was organized on the theme Jalshakti Abhiyan. Students who took part in the event expressed their concern for water shortage through their posters. They empathized the pain being faced by some people in the country. Dr. K. B. Sangve was judge for the event. Ms. Radha Barve was judged as first, Ms. Sakshi Shirbhate as second in the poster competition. A Rally followed by Street Play was organized to create awareness among the people.

STUDENT INDUCTION PROGRAM

Date: 26th to 31st August 2019

REPORT

EXTRA -CURRICULAR ACTIVITIES : SWACHHATA ABHIYAN

Brijlal Biyani Science College, Amravati had organized Student Induction Programme from 26th Aug to 31st Aug 2019 .The aim of SIP is to Update,Upgrade and Uplift the caliber of the students of the college. The activity was organized for the newly admitted students of First year B.Sc.,B.com., B.B.A.,B.C.A. and B.VOC. Under SIP various activities were held and for the successful conduct the faculty member, student leader and batch member have equally contributed to this program and worked as a team. Program was conducted for one week from 26th Aug to 30th Aug 2019. In which all the student of college have perform different activity according to the batch wise time table by the Activity leaders. Under Extracurricular activities SWACHHATA ABHIYAN as one of the sub activities was taken.

Swachhata abhiyan was group activity in which all batches which were present on day1, day2 and day3 have to perform activity on their respective dates. All the batches have to clean or collect all garbage from parking and play ground. Garbage was collected in dustbins and garbage bag. In one week 2019 all batches was conducted. They all have participate actively in this activity under observation of faculty member and stream leader. Thus, swachhata Abhiyan was succefully conducted by the activity leaders Dr. G.D.Agrahari and Dr.K.B.Sangve.

STUDENT INDUCTION PROGRAM

Date: 26th to 31st August 2019

REPORT ON PHYSICAL ACTIVITY

To serve this purpose of Deeksharambh, Brijlal Biyani Science College is the pioneer college in the Sant Gadge Baba, Amravati University area to organized a Student Induction Program(SIP) as per UGC Guidelines from 26th to 31st August2019 for first year students of all five degree programs of the college.

On the very first day of SIP the program started at 7:30 am with the address by the Principal who welcomed all and appreciated their presence in large number and explained about the importance of SIP and its significance.

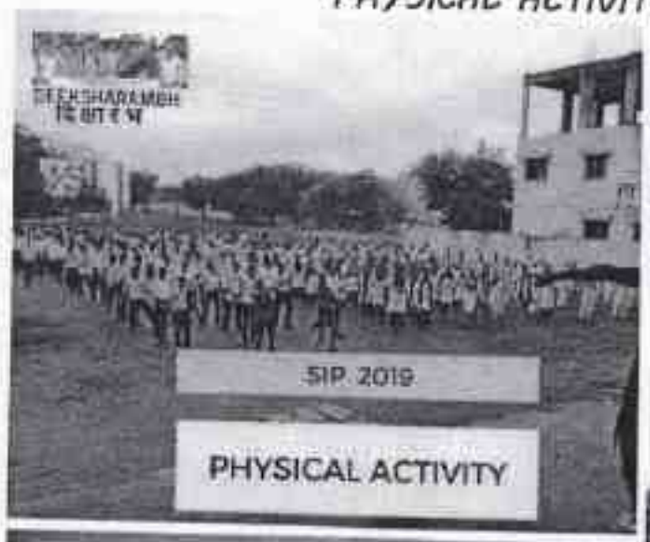

Among the major activities Physical activity have been taken during the student induction program.

To start a day with energy and enthusiasm a physical activity was taken daily at 7:30 am. The very first day a Marathon was run by students along with the Principal from flag arena upto the Samra School and back to Flag arena area of our college. In which various activities like exercise ,Zumba, aerobics, Yoga and different games were performed by students. Mr. Shailendra Pohekar, I.S.E H.S., Mr. Saurabh Pandey , PTI ,Samra School, Ms. Kushali Bhonde a fitness instructors, Grace Arobics, Ms. Arundati Sethe, Zumba and fitness instructor and Ms. Jyoti P. Kundwani who came to teach the various exersices to the students of all ten batches, under the supervision of Physical Activity leaders Shri. P. V. Patmase and Dr. V. V. Vaidya and other faculty members. To motivate the students small prizes were given to the student winning in the games, thus by participating in various activities the students learned the importance of the Physical activities as a daily routine in their life and also some students expressed the views on importance of sports on the eve of National sports day.

Analysis of various milk samples for detection of adulteration in milk is carried out. Various tests done for detection of adulteration in milk is Detection of Neutralizers in milk, hydrogen peroxide, formalin, sugar in milk, starch, uren, salt, pulverized soap, detergents in milk, skim milk powder in milk, benzoic and salicylic acid in milk. Milk samples analysed and report of analysis of various milk samples for various test is done for detection of adulteration in milk. Detection of adulteration in milk and its analysis from different milk samples will help to optimise analysis of dairy products - from improving quality and safety of raw milk and other material, through to milk standardisation and verification of end products.

Milk can be adulterated in any step before processing as well as during processing and before packing by adding water, reagents and prohibited neutralisers like hydrated lime, sodium hydroxide, sodium carbonate or sodium bicarbonate are added to milk to prevent spoilage. The longevity of milk increases and gives the vendor that much time to sell. Reagents like salt and glucose are added to alter the thickness and viscosity. Adding starch prevents curdling of milk. Salt and detergents are added to adjust the lactometer reading to add thickness to the milk. Therefore it is essential to detect adulteration in milk.

Amravati

Brijlal Biyani Science College Amravati

5.1.3.600

Visceral Fat percentage, Segmental Skeletal Muscle Percentage (Whole Body, Trunk, Arms and Legs), Resting Metabolism, Body Mass Index and Body Age. Results are interpreted in terms of ideal weight, overweight, underweight, Period required for weight Loss / Gain at the rate of 1.5 kg per month, Period required for wt maintenance, Fat %, Subcutaneous Fat % (Trunk), Visceral Fat %, Skeletal Muscle % (Whole body), RM, BMI, Body Age. It also highlights correct weight reduction and instructions for better health improvement and weight loss, weight gain and weight maintenance programme.

For ideal weight management and for a more accurate and precise body composition analysis full Body Sensing Technology Karada Scan Body Composition Monitor – HBF-375 is used which measures body composition- Body Weight, Body Fat Percentage, Segmental Subcutaneous Fat Percentage (Whole Body, Trunk, Arms and Legs), Visceral Fat percentage, Segmental Skeletal Muscle Percentage (Whole Body, Trunk, Arms and Legs), Resting Metabolism, Body Mass Index and Body Age. The general principle behind bioelectrical impedance analysis is that two or more conductors are attached to a person's body and a small electric current is sent through the body. The resistance between the conductors provides a measure of body fat between a pair of electrodes, since the resistance to electricity varies between adipose, muscular and skeletal tissue. Fat-free mass (muscle) is a good conductor as it contains a large amount of water (approximately 73%) and electrolytes, while fat is anhydrous and a poor conductor of electric current.

Interpretation of body composition analysis report of postgraduate students (Female + Male) shows that underweight person is 31.8 %; normal person is 47.7 %; Overweight person is 11.4 % and obese person is 9.1 %.

Interpretation of body composition analysis report of postgraduate students (Female) shows that underweight person is 34.4 %; normal person is 37.5 %; Overweight person is 15.6 % and obese person is 12.5 %.

Interpretation of body composition analysis report of postgraduate students (Male) shows that underweight person is 25 %; normal person is 75 %; Overweight person is 0 % and obese person is 0 %.

Swachta Bharat Abhiyan.
25/09/2019.

Cleanliness drive was carried on 25/09/2019 in college premises under the swach bharat abhiyan. The drive was carried to inculcate in cadets the habit of keeping the working place clean. Cadets collected the litter, paper waste, plastic etc from the college premises. Cycle stand, canteen premises, water harvesting ponds and green lawn. 53 cadets participated.

Activity Report 2019-20

"Gandhi Jayanti"

- **Teachers-in-charge** : Mr. H. G. Paralikar
- **Unit Leader Boys** : Mr. Rushikesh Honwalkar, B.Sc.III (COSE)
- **Unit Leader Girls** : Ms. Rituksh Ambadkar, B.Sc.III (BTB)

On the occasion of Birth Anniversary of Mahatma Gandhi and Lal Bahadur Shashtri, National Service Scheme of Brijlal Biyani Science College in collaboration with Nehru Yuva Kendra Amravati organized a rally on "Swasth Bharat - Plastic Mukt Bharat". Rally started at 7.30 am from college to Rajapeth Police Station and back. During the rally, volunteers collected plastic and garbage then dropped it into Amravati Municipal Corporation's garbage truck.

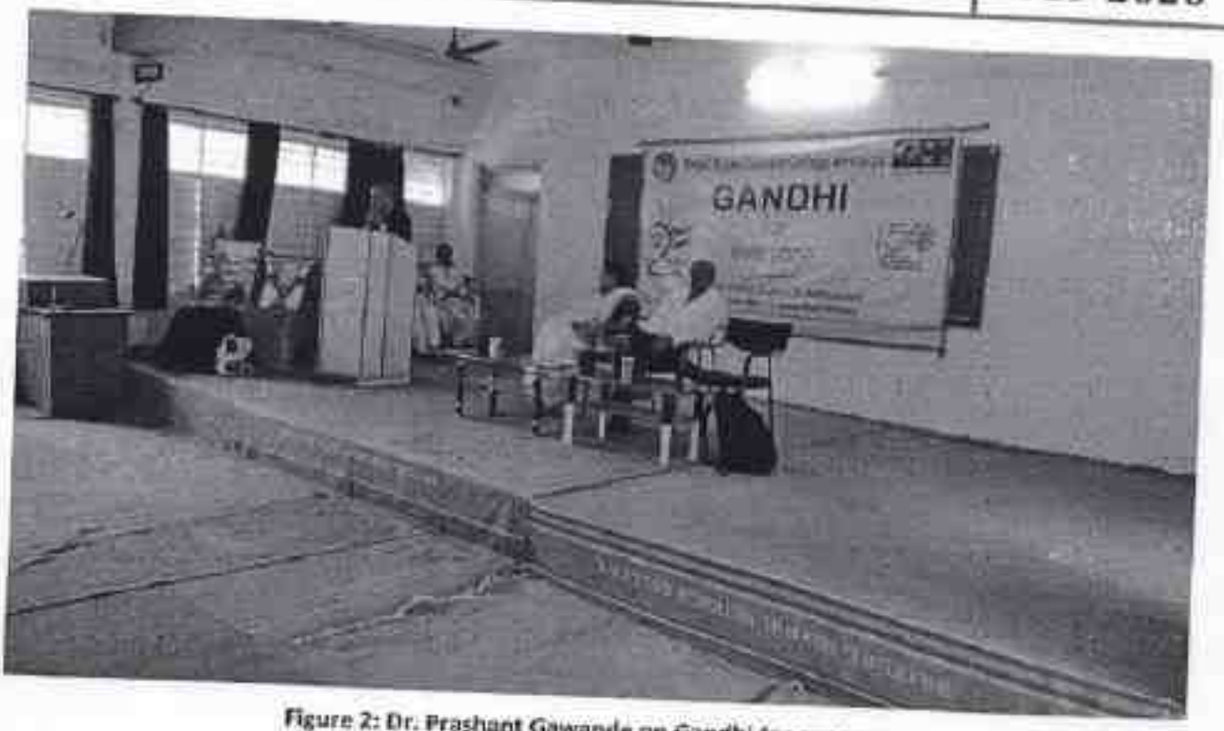

Figure 2: Dr. Prashant Gawande on Gandhi for everyone

In the second part of the program, birth anniversary of Mahatma Gandhi was celebrated. At this time, tribute was paid to Rastrapita Mahatma Gandhi and Vidarbha Kesari late. Brajlalji Biyani. A guest lecture on topic 'Gandhi for Everyone' was also organized on same day. Dr. Prashant Gawande told the importance of Gandhiji in Freedom Fight. He also focused on life of Mahatma Gandhi and his ability of writing. Principal Dr. D. S. Dhote urged everyone to read books wrote by Mahatma Gandhi.

झरोखा...

अमरावती - स्थानीय नेहरु युवा केंद्र में राष्ट्रपिता महात्मा गांधी व लालबहादुर शास्त्री की जयंती के अवसर पर भव्य शांतता रैली निकाली गई. इस समय राज्य संचालक ज्योति मोहीते, संस्थाध्यक्ष अशोक राठी, प्रा.डॉ. दिपक धोटे, ओम लड्ढा, सोहल बासुतकर आदि उपस्थित थे.

कला अधिक वृद्धींगत करायला हवी, असे प्रतिपादन अरुण बुंदेले यांनी केले. त्यांचे शब्दफेक व शब्दोच्चारण कसे असायला हवे याचे अभिनयासह उदाहरण दिले. अध्यक्षीय भाषणात मोहोड यांनी चांगल्या वक्तृत्वाकरीता अधिक वाचन करायला हवे व आजच्या स्पर्धेच्या युगात टिकण्यासाठी विद्यार्थ्यांमध्ये सभाधारीष्ट निर्माण होण्याबद्दल विद्यार्थ्यांना माहिती दिली. या कार्यक्र माला परीसरातील प्रतिष्ठित नागरिक अघम,शालिनी इंगोले, तिहोले डी. बी. वानखडे, व्ही. एस. तिरमारे, विधळे, जामनेकर आदि उपस्थित होते. या कार्यक्रमाचे संचालन धीरज उसरबर्से यांनी केले. आभार कु. जे.एस.बीरे यांनी मानले.विद्यार्थी व पालकवर्ग कार्यक्रमाला उपस्थित होते.

गांधीजींचे विचार आजही अमुल्य- गावंडे

प्रतिनिधी/५ ऑक्टोबर

अमरावती- गांधी कुठल्या एका धर्माचे, जातीचे, पंथाचे पुरस्कर्ते नव्हते,तर सर्वांचे होते. गांधीजींनी आपल्या विचारांशी कधीही तडजोड केली नाही.संपुर्ण जीवन सत्य व अहिंसा या तत्वावर घालविले.इतिहासातील त्यांच्या कार्याचे अनेक दाखले देऊन उपस्थितांना मंत्रमुग्ध केले. आजच्या युवकांनी गांधींचे विचार आत्मसात करावे असे प्रतिपादन प्रशांत गावंडे यांनी 'गांधी सर्वांचे ' या आयोजित परिसंवादात म्हटले. गांधी व लालबहादुर शास्त्री यांच्या जयंती निमित्त नेहरू युवा केंद्र व ब्रिजलाल बियाणी विज्ञान महाविद्यालय यांच्या संयुक्त विद्यमाने 'गांधी सर्वांचे ' या विषयावर परिसंवादाचे आयोजन करण्यात आले होते.कार्यक्रमाच्या अध्यक्षस्थानी संस्थेचे अध्यक्ष अशोक राठी तर प्रमुख पाहुणे म्हणुन नेहरू युवा केंद्र संघटनचे राज्य संचालक ज्योती मोहिते व प्रमुख वक्ते म्हणुन गांधीर्चीचे गाढे अभ्यासक प्रशांत गावंडे तर ब्रिजलाल बियाणी महाविद्यालयाचे प्रा.दिपक धोटे,बियाणी संस्थेचे ओम लड्ढा, जिल्हा युवा समन्वयक स्नेहल बासुतकर उपस्थित होते.

मतदार जनजागृती रॅली

513.609

व आभारप्रदर्शन नेहकिलोर शिरपाते यांनी केले.

ग्रामा यांनी शाळा, कन्हुर, मोरगा, अमरापूर, अहाड - कुहाड, वासेगाव, निभा, हरताळा, चारखुली, बोरगाव धर्माळे, निंभोरा, गणोजा दे गणोरी, चाकुर, ह

महात्मा गांधी म्हणजे विचारधारा : प्रशांत गावंडे

अमरावती दि. १५ : स्थानिक कृ.जलाल विदाणी विज्ञान महाविद्यालयातील राष्ट्रीय सेवा योजना आणि नेहरू युवा केंद्र, अमरावती यांच्या संयुक्त विद्यमाने दि. २ ऑक्टोबर २०१९ रोजी 'राष्ट्रपिता महात्मा गांधी यांच्या १५० व्या जयंती निमित्त आणि 'प्लास्टिक मुक्त भारत - स्वच्छ भारत' या विषयावर १ कि.मी. प्लॉगिंग रन रॅलीचे आयोजन करण्यात आले, असेच प्रशांत गावंडे, विक्रम गांधी संशोधन केंद्र, अकोला यांचे 'गांधी सर्वांसाठी' या विषयावर व्याख्यान आयोजित करण्यात आले.

सकाळी ७.३० वाजता महाविद्यालयापासून प्रभात फेरीस सुरुवात झाली. महाविद्यालय ते राजापेठ पोलीस स्टेशन व परत महाविद्यालय असा स्वच्छता रॅलीचा मार्ग होता. सर्वांनी विद्यार्थ्यांनी प्रभातफेरी दरम्यान रस्त्यालगतचा प्लास्टिक एकत्रित करून जमा केले व तदंतर त्यांनी रिक्षा फिरोलाट खानली.

सकाळी ९.०० वाजता महाविद्यालयीन सभागृहात श्री कमलाल विदाणी शिक्षा समिती, अमरावतीचे अध्यक्ष अॅड. आशोक राठी, उपाध्यक्ष ओमप्रकाशजी लाहोटी यांच्या प्रमुख उपस्थितीत प्रशांत गावंडे यांचे व्याख्यान आयोजित करण्यात आले. 'गांधी म्हणजे खादी, चरखा किंवा चरखा म्हणजे गांधी एक विचारधारा आहे, एक धर्म आहे.' डॉ. बाबासाहेब आंबेडकरांना विरोध असतांना सुद्धा घटनेच्या मसुदा समितीमध्ये समाविष्ट करून घेण्यामागे आणि मसुदा समितीच्या अध्यक्ष करण्यामागे महात्मा गांधीजींचे सर्वांत मोठे योगदान होते, मसुदा समितीमध्ये अनेकांचे नकारात्मक योगदान असलेल्या ३९६ विद्वानांची एक रूप, ब्रह्मलालजी विदाणी होते, असेही ते गावंडे म्हणाले.

अॅड. अशोक राठी यांनी अध्यक्षीय भाषणात गांधीजींच्या जीवनातील वैयक्तिक, सामाजिक व राजकीय आयुष्याचे वर्णन केले तसेच माजी पंतप्रधान स्व. लालबहादूर शास्त्री यांच्या आपल्या भाषणातून आदरांजली वाहिली.

यावेळी संस्थेचे उपाध्यक्ष लोणकुमार लाहोटी, सेवक बुद्धा केंद्र, महाराष्ट्र राज्याच्या संयोजिका ज्योती मोहोते, जिल्हा समन्वयिका स्नेहल बाबुदकर, अशोक महाले, प्राचार्य डॉ. डी.एस. घोटे, प्रा. एच.जी. पखाले, प्रा. ए.आर. भुंबर, डॉ. डी.टी. देशमुख, प्रा. एम.व्ही. पाटमासे, डॉ. एस.आर. कटके, डॉ. एस.के. ईखार, इतरही उपस्थित होते.

या कार्यक्रमाचे सूत्रसंचालन प्रा.एस.के. लेम्हे यांनी केले तर आभार प्रदर्शन प्रा. व्ही.एस. देशपांडे यांनी केले. कार्यक्रमाच्या यशस्वीतेकरीता महाविद्यालयाचे प्राचार्य डॉ. डी.एस. घोटे, रासेयो कार्यक्रम अधिकारी प्रा. एच.जी. पखाळीकर, प्रा.ओ.आर. भुंबर, ग्रंथपिका डोनवलकर, रिक्षाची अंबाडकर, शकुंत सोळंके, सुमीत रेटू, प्रज्ञवल कालबांडे, वैष्णवी मोहोड, सार्थक हरमकर, इतरांनी अथक परिश्रम घेतले.

Activity Report 2019-20

"Health Checkup Camp"

Teachers-in-charge : Dr. P.R.Agrawal
: Mrs. M. A. Bhuptani

One of the most important activity performed was Health Checkup camp. The activity was accomplished in collaboration with Rotary Club of Amravati, Ambanagri on 19th October 2019. Physical checkup such as weight, Blood Sugar, Blood Pressure etc, Dental check up and Gynecological examination of the girls was performed during the camp. Girls were guided about having the nutritious food, daily physical exercise to reduce obesity. Many of the girls were further advised to check Thyroid and hemoglobin. Gynecologist, Dr. Monali Dhole, Dentist, Mrs. Jajoo, Dr. Narendra Rathi and team of rotary club rendered their services.

BRIJLAL BIYANI SCIENCE COLLEGE, AMRAVATI
Activity Report 2019-2020
"AIDS Day Rally"

- **Teachers-in-charge** : Mr. H.G.Paralikar
- **Unit Leader (Boys)** : Mr. Hrushikesh Honwalkar B.Sc.III (COSE)
- **Unit Leader (Girls)** : Mr. Ritakshi Ambadkar B.Sc.III (BTB)

World Aids Day observed annually on December 1st, is dedicated to raising awareness to the Aids pandemic caused by the spread of HIV infection. To create awareness among people an initiative of rally was organised on 03/12/2019 by NSS Department of SGBAU, Amravati. A total of 62 N.S.S. volunteers of our college also participated in the rally.

करुन बाल कल्याण समितीच्या आदेशावरुन बेवनी आश्रमातच या बालिकेवर देखरेख ठेवली जाईल. सीसीटीव्ही कॅमेऱ्याच्या माध्यमातून या बालिकेला कुणी आणले याचा शोध घेतल्या जात आहे.

या आशयाची तक्रार प्राप्त होताच सायबर सेलचे पोलीस निरीक्षक प्रविण काळे यांनी तपास नोडल अधिकाऱ्यांनी लगेच ट्रांजेक्शन रद्द केले. त्यानंतर ही १ लाखाची रक्कम परत सुभाष डवरे यांच्या

पोलीस विभागाने अशा घटनांना टाळण्यासाठी सतर्क राहण्याचे आवाहन केले आहे.

जागतिक एड्स दिन सप्ताह

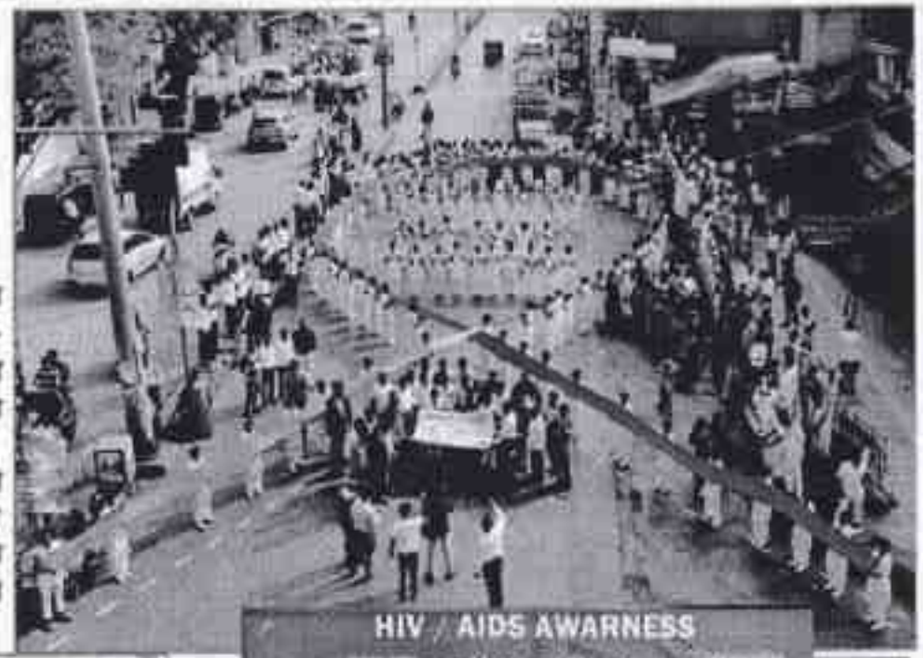

जनजागरण रॅली

अमरावती (प्रतिनिधी): जागतिक एड्स दिन सप्ताहनिमित्त आरोग्य विभागातर्फे जनजागरण रॅली आज काढण्यात आली.

विभागीय आयुक्त पीयूष सिंह यांच्या हस्ते रॅलीला हिरवी झेंडी दाखवून जिल्हा रुग्णालय येथून रॅलीचा शुभारंभ झाला. महापालिका आयुक्त संजय निपाणे, जिल्हा शल्यचिकित्सक डॉ. श्यामसुंदर निकम, जिल्हा आरोग्य अधिकारी डॉ. दिलीप रमणले, जिल्हा कार्यक्रम अधिकारी अजय साखरे आदी उपस्थित होते.

जिल्हा रुग्णालय ते राजकमल चौक असा मार्ग असलेल्या या रॅलीत विविध शाळा-महाविद्यालयाच्या विद्यार्थ्यांसह विविध क्षेत्रातील नागरिकांनी सहभाग घेतला. जागृती व सुरक्षा पालनाची शपथ यावेळी घेण्यात आली.

यावेळी विद्याभारती फार्मसी महाविद्यालयाच्या विद्यार्थ्यांनी पथनाट्याचे सादरीकरण केले. एड्स बाबत जागृती संदेश देणारी मानवी साखळी ही यावेळी उभारण्यात आली होती.

BRIJLAL BIYANI SCIENCE COLLEGE, AMRAVATI
Activity Report 2019-2020
NSS Special Camp
"River Cleaning Project"

- **Teachers-in-charge** : Mr. H.G.Paralikar
- **Unit Leader Boys** : Mr. Rushikesh Honwalkar, B.Sc.III (COSE)
- **Unit Leader Girls** : Ms. Ritakshi Ambadkar, B.Sc.III (BTB)

Gram Dadhi (Pedhi) is surrounded by Pedhi river. To emphasize the importance of one of the greatest Psalms of water to the villagers, a river cleaning project was undertaken. For this project, NSS volunteers removed stuck plastic from the river which was dry as well as wet. The River cleaning work was done between 08/01/2020 to 10/01/2020. Around 100 bags of plastics was taken out and dumped further into Dry Waste part (pit) of Waste Management Project.

BRIJLAL BIYANI SCIENCE COLLEGE, AMRAVATI

Activity Report 2019-2020

NSS Special Camp

"Waste Management Project"

- **Teachers-in-charge** : Mr. H.G.Paralikar
- **Unit Leader Boys** : Mr. Rushikesh Honwalkar, B.Sc.III (COSE)
- **Unit Leader Girls** : Ms. Ritakshi Ambadkar, B.Sc.III (BTB)

Because of weekly Bhaji Market, Dry waste and Wet waste was produced in large quantity. Senior villager Shri Purushottamji Ladhha told us that wet waste decayed around roadside of the village. It's smell cause irritation. To dispose it properly, on demand of villagers and Gram Panchayant, Waste Management Project was carried out. Mr. Lende and other Gram Panchayat members gave us a place for same project.

First day of project started with cleaning the project area for deep pit. Volunteers marked the project area with Calcium Hydroxide powder.

Figure 1: First Day of Project after marking and leaning the project area

PRINCIPAL
Brijlal Biyani Science College,
Amravati

5.13.650

After marking, it takes 7 days of time to build the whole project. Volunteers made two pits of 12×12 feet and of 6 feet of depth. Also the fencing was made around the pits. An iron gate is also build to gate in and out which is also helpful in the maintenance of the project. Two pits have given name as Dry Waste and Wet Waste.

Figure 2: Volunteers working to deepen project area at Dadhi (Pedhi)

Waste Management Project was inaugurated by the hands of Adv. Ashokji Rathi, Honorable President, Shri Brijlal Biyani Shiksha Samiti in presence of Mr. Omprakashji Laddha, Honorable Vice President, Shri Brijlal Biyani Shiksha Samiti and Principal Dr. D. S. Dhote. At the inauguration event Program officer Mr. Harshal Parulikar, all NSS volunteers in the camp, Gram Panchyat members and villagers were also present.

People started using the area for waste eradication. Gram Panchayat members and villagers appreciated the work done by NSS volunteers of college.

BRIJLAL BIYANI SCIENCE COLLEGE, AMRAVATI

Activity Report 2019-20

"River Cleaning and Conservation"

- **Teachers-in-charge** : Mr. H. G. Paralikar
- **Unit Leader Boys** : Mr. Rushikesh Honwalkar, B.Sc.III (COSE)
- **Unit Leader Girls** : Ms. Ritakshi Ambadkar, B.Sc.III (BTB)
- **Guest Speaker** : Dr. Daya Pande

In India, civilization is flourished on banks of great rivers. Dattak Gram Dadhi Pedhi is one of the examples of it. A Gat-Gram Panchayat involving small villages, out of which Dadhi is on bank of Pedhi River. To encourage and enrich the knowledge of the students for River Cleaning Project during camp (07/01/2020 to 14/01/2020), a lecture was organized on River Cleaning and Conservation. Guest speaker Dr. Daya Pande, Associate Professor, Department of Geography, Bhartiya Mahavidyalaya, Amravati on 09/01/2020. Throughout her speech, she told about 'how to conserve the river and how the cleaning of' it is important. Students were motivated by the speech and have a healthy interaction with Dr. Daya Pande for their camp project.

Guest Speaker Dr. Daya Pande

दाढी-पेठी येथे झाले आयोजन

बियाणी महाविद्यालयाचे रासेयो शिबिर

भातकुली. बजलाल बियाणी विज्ञान महाविद्यालयाद्वारा संचालित राष्ट्रीय सेवा योजनेचे विशेष श्रमसंस्कार शिबिर भातकुली तालुक्यातील दसक ग्राम दाढी (पेठी) येथे नुकतेच उत्साहपूर्ण वातावरणात पार पडले. रासेयोच्या पथकाने अनेक उपक्रम या शिबिरांतर्गत राबविले.

गावकऱ्यांच्या सहकार्याने श्रमदानाच्या समन्वेषण उपक्रमाचे आयोजन गावामध्ये साप्ताहिक बाजाराच्या कडेला मुख्य व आतला कचऱ्याच्या व्यवस्थापनकरीता खड्डे निर्मिती करण्यात आली. स्वच्छतेश्वर ग्रामस्वच्छता, नदी व सर्वेक्षण यात्रास्थळे उपक्रम नदी परिसर स्वच्छता, उन्नत भारत यशस्वीरित्या पार पाडण्यात आले. गावातील सरपंच राणीताई मठ्ठे, ग्रामपंचायत सदस्य व प्रतिष्ठित नागरिकांचे या कामात विद्यार्थ्यांना सहकार्य लाभले.

शिबिराच्या समारोपीय कार्यक्रमाला संत गाडगेबाबा अमरावती विद्यापीठाचे कुलगुरू डॉ. मुरलीधर चांदेकर यांनी सदिच्छा भेट देऊन विद्यार्थ्यांनी केलेल्या प्रकल्पाची पाहणी केली. त्यांनी विद्यार्थ्यांशी संवादही साधला. यावेळी प्रकल्पाच्या मार्गदर्शिका असलेल्या जिद्द व महाविद्यालयाच्या कार्यक्रम अधिकारी डॉ. राजेश धुरंधर उपस्थित होते.

श्रमसंस्कार तुमच्याला नक्कीच पुढच्या शिक्षणात नेईल, असे प्रतिपादन केले. कुलसचिव डॉ. देशमुख यांनीही विद्यार्थ्यांना मार्गदर्शन केले. शिबिराच्या समारोपीय कार्यक्रमाला विद्यापीठाचे रासेयो समन्वयक डॉ राजेश धुरंधर, प्राचार्य डॉ. दीपक घोटे, प्रभारी प्राचार्य डॉ. देशमुख, कार्यक्रम अधिकारी प्रा. हरीश पाखोडकर व प्रा आकांक्षा भुयर, विद्यार्थी प्रतिनिधी ऋषीकेश होनखळकर, विद्यार्थिनी प्रतिनिधी रिताली आवडकर आदी ग्रामस्थांने उपस्थित होते.

Recycled Paper Bag Workshop of M. Sc. I and II Chemistry Students

Extension Activity - Year 2019-20

Recycled Paper Bag Workshops was organised by Dr (Ms) S. N. Gupta, Department of Chemistry for M. Sc. I & II Chemistry Students at Brijlal Biyani Science College, Amravati on 19th January 2020.

The sole reason of undertaking this workshop was to make students understand the harm caused due to plastic bags and to encourage them to replace plastic bags with paper bags. In this workshop students were taught how to make 5 different types of paper bags and different articles such as Coaster, Pen Stand, Basket, Dustbin etc. out of newspaper. Total 26 students of M.Sc. I and 19 students of M.Sc. II were present. Programme schedule was from 10.30 am to 5.30 pm as follows.

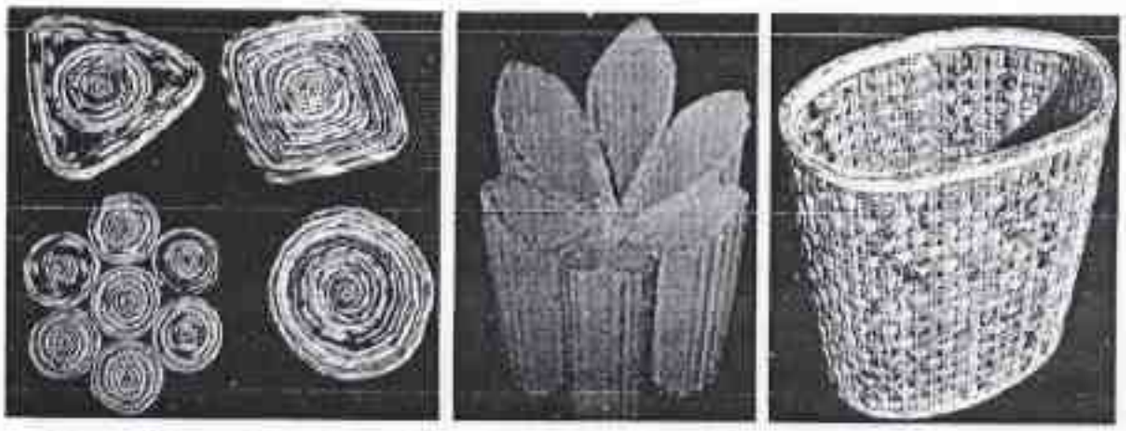

S. N.	Start Time	End Time	Item to be made
1	10.30 am	11.00 am	Paper Bag Type 1
2	11.00 am	11.30 am	Paper Bag Type 2
3	11.30 am	12.00 pm	Paper Bag Type 3
4	12.00 pm	12.30 pm	Paper Bag Type 4
5	12.30 pm	01.00 pm	Paper Bag Type 5
6	01.00 pm	02.00 pm	Interval
7	02.00 pm	03.00 pm	Coaster and Pen Stand
8	03.00 pm	04.00 pm	Basket and Dust Bin
9	04.00 pm	04.30 pm	Photo Session

In this workshop the students have made 5 different types of paper bags out of newspapers. Afterwards they have signed it with their name and message. Each students have made 5 paper bags of 5 different types and then they distributed them in grocery stores in their vicinity thereby they have spread the message of 'Say No to Plastic'. Students have not just learned the art of making a paper bag, they also learned the importance of recycling and how it can benefit everyone. The things that students learned will be taught to the people living in slum areas. In

Guest lecture on "WILD EDIBLE PLANTS: SOLUTION TO NUTRITIONAL INSECURITY""

U.G. Department of Botany of Brijlal Biyani Science College, Amravati has organized *Guest lecture on "WILD EDIBLE PLANTS: SOLUTION TO NUTRITIONAL INSECURITY"* on Wednesday, 4th of August 2021 through ZOOM app and YouTube live.

The Guest lecture has been started by 11:30 am in which Dr. N. H. Shahare (Head of Botany department, Brijlal Biyani Science College) was the chairperson; Dr. Amit Setiya (Non-officio Member, Maharashtra State Biodiversity Board and Biodiversity and conservation program manager, CRANES) was the Guest of Honor and resource person of the guest lecture. During this Dr. S. J. Ishwarkar along with Dr. S. R. Kadu and Mr. G. S. Bajaj were present for this guest lecture. The Guest lecture was attended by the 164 students of U.G and P.G. of Biyani College and other colleges along with the 4 Faculty members of Biyani College and 1 faculty member of other college. The anchoring of the function was done by Mr. G. S. Bajaj.

Initially the Guest lecture was started by the introduction and delivering the objectives of the workshop. At the outset Dr. N. H. Shahare, Head Department of Botany, delivered his introductory speech. In his speech he explained the intent behind conducting this Guest lecture and spoke about need of understanding nutritional value of wild plants.

Mr. G. S. Bajaj gave the introduction of the resource person in which he mentioned all the achievements of the resource person in his career and contribution of Resource person in biodiversity conservation.

Proceeding further, Dr. Amit Setiya, resource person of the Guest lecture delivered his speech in which he appreciated the participants for attending guest lecture. In the beginning he told his own story of his role in Biodiversity conservation. In his guest lecture he has shown various wild plants and explained the nutritional compostion and nutritional value of wild plants. During his lecture he inspired students by giving simple example of his work and importance of Wild plant and biodiversity conservation.

After the guest lecture, Dr. N. H. Shahare delivered his presidential speech in which he admired the guest speaker and mentioned his conclusions.

Lastly the vote of thanks for the guest lecture was presented by Dr. S. R. Kadu in which she expressed his thanks to all the guest and students.

Outcome:

Nearly 164 Participants have attended the guest lecture. All the participants received knowledge of wild vegetable plants. They understood the current scenario and status of availability of Wild plants. They got to know the ways of identifying wild vegetable and ways of consuming it. We received overwhelming response from students.

BRIJLAL BIYANI SCIENCE COLLEGE
WOMEN HEALTH CAMP
REPORT

Haemoglobin estimation and blood testing is carried out every year for the girls students of B.Sc I year since 2010-11. But this year due the Pandemic covid -19 it was not possible to detect the haemoglobin of these girls physically.

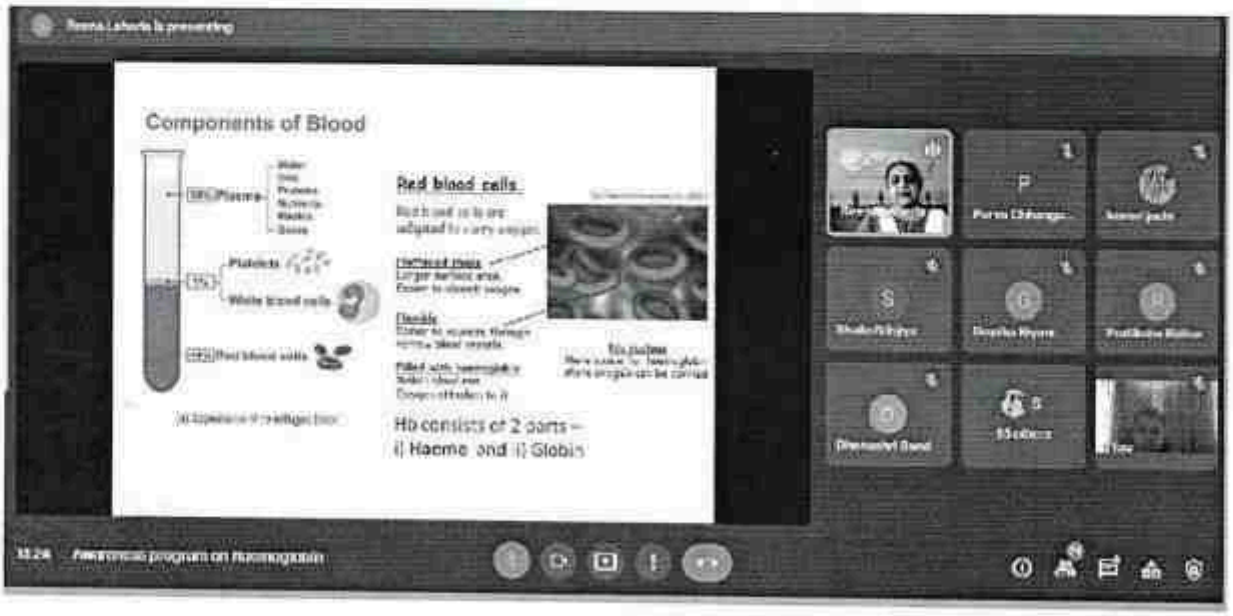

It is very important to create awareness about the importance of Health with respect to haemoglobin among the adolescent girls, so to make them sensitize an online awareness program was organised by Equal opportunity Centre in collaboration with Zoology department on 27th August 2021 at 1.00 pm-2.00pm. Dr. R.R. Laharia, being the speaker, guided the girls about the importance of Hemoglobin and factors affecting it. She had covered various reasons of loss of haemoglobin, nutritional aspect which included various vitamins, and factors affecting RBC production. She had also asked the students to maintain cleanliness, good health and hygiene. Around 74 of B.Sc. 1 year girl students along with ladies staff got benefitted. Dr.P.R.Agrawal, Co-ordinator, Equal Opportunity Cell and members Dr. S.R.Kadu, and Dr. G.N.Daga took the efforts to make the program successful.

Co-ordinator,

Dr. R.R. Laharia

ब्रजलाल बियाणी महाविद्यालयाच्या समान संधी केंद्राव्दारे

हिमोग्लोबीनचे महत्व विषयावर जनजागृती

प्रतिनिधी / ५ सप्टेंबर

अमरावती : स्थानिक ब्रजलाल बियाणी विज्ञान महाविद्यालयामध्ये शुक्रवार २७ ऑगस्ट रोजी हिमोग्लोबीनचे महत्व, किशोरवयीन मुलीमध्ये जागृती निर्माण करण्याकरीता आभासी कार्यक्रमाचे आयोजन करण्यात आले.

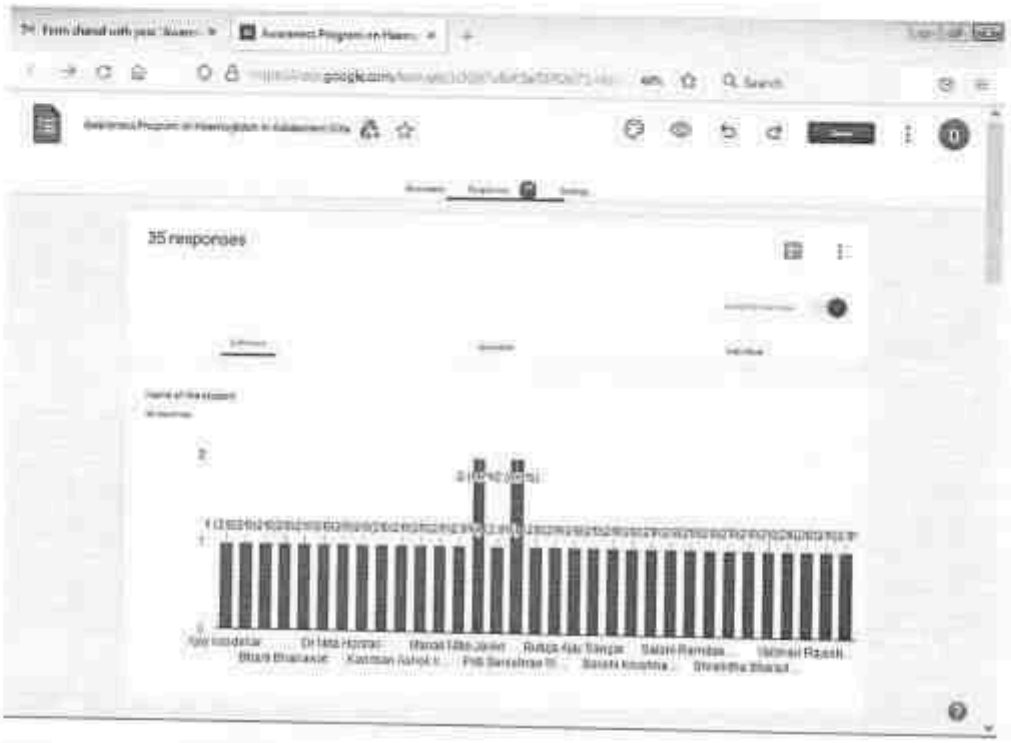

किशोरवयीन मुलीमध्ये आरोग्यविषयक जागृती निर्माण करण्याची गरज आहे याकरता समान संधी केंद्राव्दारे डॉ. रिना लहरिया, सहायक प्राध्यापिका, प्राणिशास्त्र विभाग यांनी विद्यार्थीनींना मार्गदर्शन केले व हिमोग्लोबीनबद्दल माहिती दिली. हिमोग्लोबीन कसे कमी होते, ते कसे वाढविता येते व कोणत्या प्रकारचे प्रोटीन घेतले पाहिजे याबाबत माहिती देतांना स्वच्छतेचे महत्वही समजावून सांगितले. या कार्यक्रमाला ७४ मुली उपस्थित होत्या. ब्रजलाल बियाणी विज्ञान महाविद्यालयाच्या सर्व महिला प्राध्यापिका उपस्थित होत्या. समान संधी केंद्राच्या समन्वयक डॉ. पी. आर. अग्रवाल यांनी कार्यक्रमाचे सूत्रसंचालन केले. महाविद्यालयाचे डॉ. दिपक एस. भोंडे यांच्या मार्गदर्शनाखाली कार्यक्रम घेण्यात आला. या कार्यक्रमासाठी समान संधी केंद्राचे सदस्य डॉ. एस. आर. कडू तसेच डॉ. जी. एन. डागा यांचे सहकार्य लाभले.

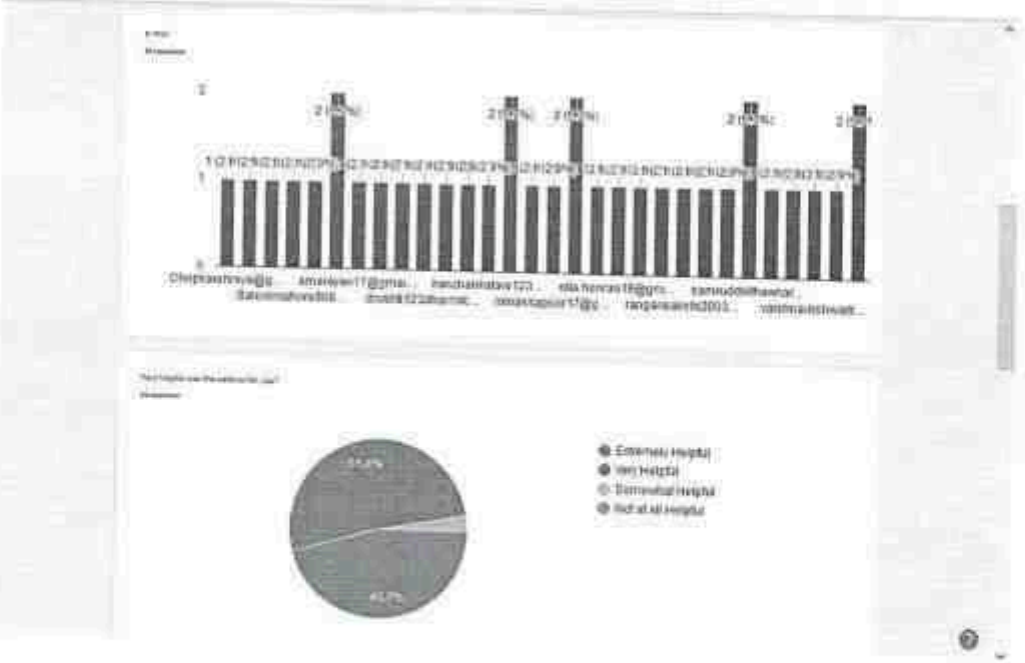

जाहीर नोटीस

STUDENT INDUCTION PROGRAM (2020-21)

4 th November to 9th November-2020

PHYSICAL ACTIVITY REPORT

Physical fitness is the most important aspect of one life, so in order to develop the culture of daily exercise routine among the student, various online activities like Zumba, Aerobics and Yoga online videos of eminent instructors were shown for the students during the SIP. Like Zumba by Ms. Arundhati Sathe, Grace Arobics, and Aerobics by fitness instructor Ms. Apeksha Thakre, and Yoga by Dr.S. D. Patil, HOD, B.P.Ed., D.C.P.E, HVPM .and Ms. Shweta Bhave Diploma in Yoga were organized every day as last session of SIP. So, that all the 6 batch students can get motivated and perform these activities at home and make it a practice of their daily routine. Thus by participating in these activities the students learned the importance of the Physical activities and make it as a daily routine of their life. The Physical Activity was conducted along with the activity leaders Mr. P. V. Patmase and Dr. V. V. Vaidya along with the support of Mr. Shailendra Pohekar, I.S.E.H.S, Mr Saurabh Pandey, PTI Samra School, fitness instructors.
