Guest Lecturer on

Life Skills

Dare to Dream

All the students of commerce & management always dream about their future career & prospects so that they become successful in their education and professional career too. Its dire need of the industries that they need employees with high zeal, sound knowledge better understanding and self Motivated. In short students should be well versed with the life skills. Keeping this in view guest lecture on Dare to Dream was organized on 05/08/16 by dept. of Commerce & Management. Ms. Asra Mirza was invited to interact with the students & guide them about it. She is a JCI, national trainer.

Ms. Asra Mirza explained the important of increasing the vision of students to achive success in their life and improves their academic performance. Today there is a greater need to dare in the multinational Industrial cultural as they need employs with high zeal, sound knowledge, better understanding and self motivated employees. She also explained how the life skills can be developed only when the students understand the practical applicability of the topics that they learn in their course syllabus. In order to make better understanding and to boost up their hidden potential, she had covered various life skills topics i.e goal setting, motivation, communication skill, grooming and most importantly how to achieve the goal of life. Goal setting provides students with long tern vision and short term motivation, which is very much necessary to set their career.

About 180 students had taken part to attend this program and had actively participated in it. All the staff member of commerce and management dept. was present for the guest lecture. Mrs. Gayatri Mohta took the initiative to arrange the guest lecture under the guidance of Mrs. N.J. Honda mam. Through this activity all have taken the lesson of goal setting and motivation

Guest Lecture

On

Skill Development Training

A training program was arranged for students of Department of Commerce and Management on Skill Development Training in the college auditorium on 18th August 2018 at 1:00 p.m. Mr. Prashant Choudhary, national trainer of JCI took a very interactive session with the students. Total 56 students were present for this training session of two hours.

Dr. Sagar Dhanodkar, JCI Centurian, President, was also present for the same.

Mr. Prashant Chaudhary tried to explain to the students the skills which are essential for entrepreneurs. He elaborated the need of discipline and vast reading for success. Reading enhances knowledge and gives new ideas for growth, improvement, and development

Mr. Choudhary also emphasized the need of persistence in our life. He gave a strong message of change in attitude and we should always live in a "win-win" situation. This message was conveyed through an activity.

Students enjoyed the session with good take home lessons. The object of this activity was to enhance employable skills and development of entrepreneurship skills amongst the students

This session was successful under the able guidance of Mrs. N.J.Honrao (HOD) and the efforts for arranging this training program were taken by Mrs. S.P. Nibjiya. The students who attended this training program will be given certificates by JCI.

Seminar

By

Mr. Will Harries

Topic- ABC's of Success

Date: 12 March 2019

Brijlal Biyani Science College, Commerce of Management Department has organized a guest lecture of Mr. Will Harries on the topic of ABC's of successes in college auditorium

Mr. Will Harries is a form content developer for Zig-Zaglar and director of Global Sales Training for Motorola. He is the founder of Willpower Group which manages three International Organization: Willpower Consultation, Willpower Motivational Improvement Leaders Pvt. Ltd. This seminar was created with the understanding that hard skill and soft skill are equally important to succeed in the world. Hard skill get you hired, however soft skills make the difference in who is promoted and who is fired.

ABC's of Success for students provided the clear idea about the soft skills needed to achieve success at every stage of life; starting from where the student are now and how they can lead to achieve their goals post colleges. He explained the topic by organizing the various activities; where they had to do group discussion and explain themselves, describe the person who is your role model etc.

Activity Report 2018-19
"Build Yourself Everyday"

Teachers-in-charge : Dr. P.R.Agrawal
: Mrs. S.P.Nibjiya

On March 6th, 2109, Mr.Piyush Rathi, an alumnus of 2005 batch who working with Swiss Bank as Assistant Vice President at Credit Suisse, Pue, visited his alma mater after being invited to give a guest lecture. The guest lecture " Build Yourself Everyday, organized by the Alumni Committee gave students unique insights about goal setting and achieving the dreams.

He shed light on the life he lead and how his perseverance, dedication and learning new skills built him everyday. He highlighted the importance of goal setting and how it can bring fantastic results. Understanding the importance of goal setting and knowing how to set goals for yourself is crucial to accomplishing great things in your life, he added. "No goals are unrealistic, only the timelines are." He said.

The feedback from students was very positive. It was an inspiring lecture that was highly appreciated by the students, motivating them to strive for their future career.

Dr. Prachi Agrawal and Mrs.Shaila Nibjiya on behalf of Biyani Alumni Association extended their heartfelt gratitude to Mr. Piyush for taking out time from his busy schedule and delivering such an informative and motivating session.

STUDENT INDUCTION PROGRAM

Date: 26th to 31st August 2019

REPORT ON MENTORING SESSIONS ON UNIVERSAL HUMAN VALUES

To serve this purpose of Deeksharambh, Brijlal Biyani Science College is the pioneer college in the Sant Gadge Baba, Amravati University area to organized a Student Induction Program(SIP) as per UGC Guidelines from 26th to 31st August2019 for first year students of all five degree programs of the college.

On the very first day of SIP the program started at 7:30 am with the address by the Principal who welcomed all and appreciated their presence in large number and explained about the importance of SIP and its significance.

Among the major activities mentoring sessions on universal human values activity have been taken during the student induction program.

The aim of mentoring activity was to helps students to improve their skills, attitudes, and resources necessary to succeed, both in the college environment as well as to pursue productive and satisfying lifes. Respect for diversity and a commitment to students' personal growth are the guiding principles in the work we do. With this commitment, we had a fresh take at an effective mentorship program at Brijlal Biyani Science College, Amravati. It was designed with the aim of providing a platform for productive interaction and guidance of 1st year students by senior students and faculties.

To achieve the above said goals different activities were conducted, the details of which was provided to the mentors of each batch.

Day 1: Student Aspirations, Family Expectation:

Activities 1:Ice Breaking : Introduction of students (Any one or anything you wish), 2.Group Discussion : (Any One)

a. Indian parents have very high expectations about their children's education and careers
b. Balance between your aspirations and Family expectations

c. Nuclear family vs Joint Family

d. Parental Pressure and stress on children

Day 2 : Gratitude:

Activity1: Ice Breaking: Birthday Lineup (or anything you wish). The Outcome is that they will understand the mess that can be created and leadership skills.

Activity 2: (Any one):

a. Write a letter to your parents to show their gratitude towards them.

b. Write a letter to your teachers to show their gratitude towards them.

c. Make thank you postcards

d. Express your gratitude and also feelings when you helped someone.

Day 3 : Self and Body and Prosperity:

Activity:1. Difference Between Want and Need

Ice Breaking : Four Corner (or anything you wish). The out come is It can be noticed that maximum of them prefer best things.But we can communicate that basic need is Food, Shelter and Clothing. Everything else is our wants and desires.

2: Ask the students to make a list 5 things which they bought but did not use.

3: Ask the students to write a few lines on :

a.What is the meaning of prosperity? Give the areas of living (e.g., food, mobile, house) where you feel prosperous and areas where you feel not. Explain with examples.

b. Give examples from your life where you think the lack of prosperity is due to your mixing the needs of the self with needs of the body (i.e., you are trying to satisfy the need of the self by physical things, which cannot be satisfied). What would you do about it?

Day 4: Peer Pressure

Activities 1: Ice Breaking : Divide in seven groups (or anything you wish).

Activity 2: Make students understand what is peer pressure and also tell the difference between positive peer pressure and negative peer pressure. Give 7 different scenarios (one to each group) on peer pressure and ask them to set a role play in 10 mins and present the same in 5 mins.

Activity3: Give 7 different scenarios (one to each group) on peer pressure and ask them to set a role play in 10 mins and present the same in 5 mins.

Day 5: Empathy (Ability to understand and share the feeling of others)
Activity : Make pairs (two boys, two girls) of all the students. Ask one of them to tie a cloth on the eyes of the partner. The other will take a tour of the same floor of the college by guiding the blind folded. On return, the roles will be reversed. Ask the students to share their experience.

Outcome : Students will understand how to feel others situation without getting judgmental and they should analysis every situation with empathy.

The Benefits of Mentoring are :

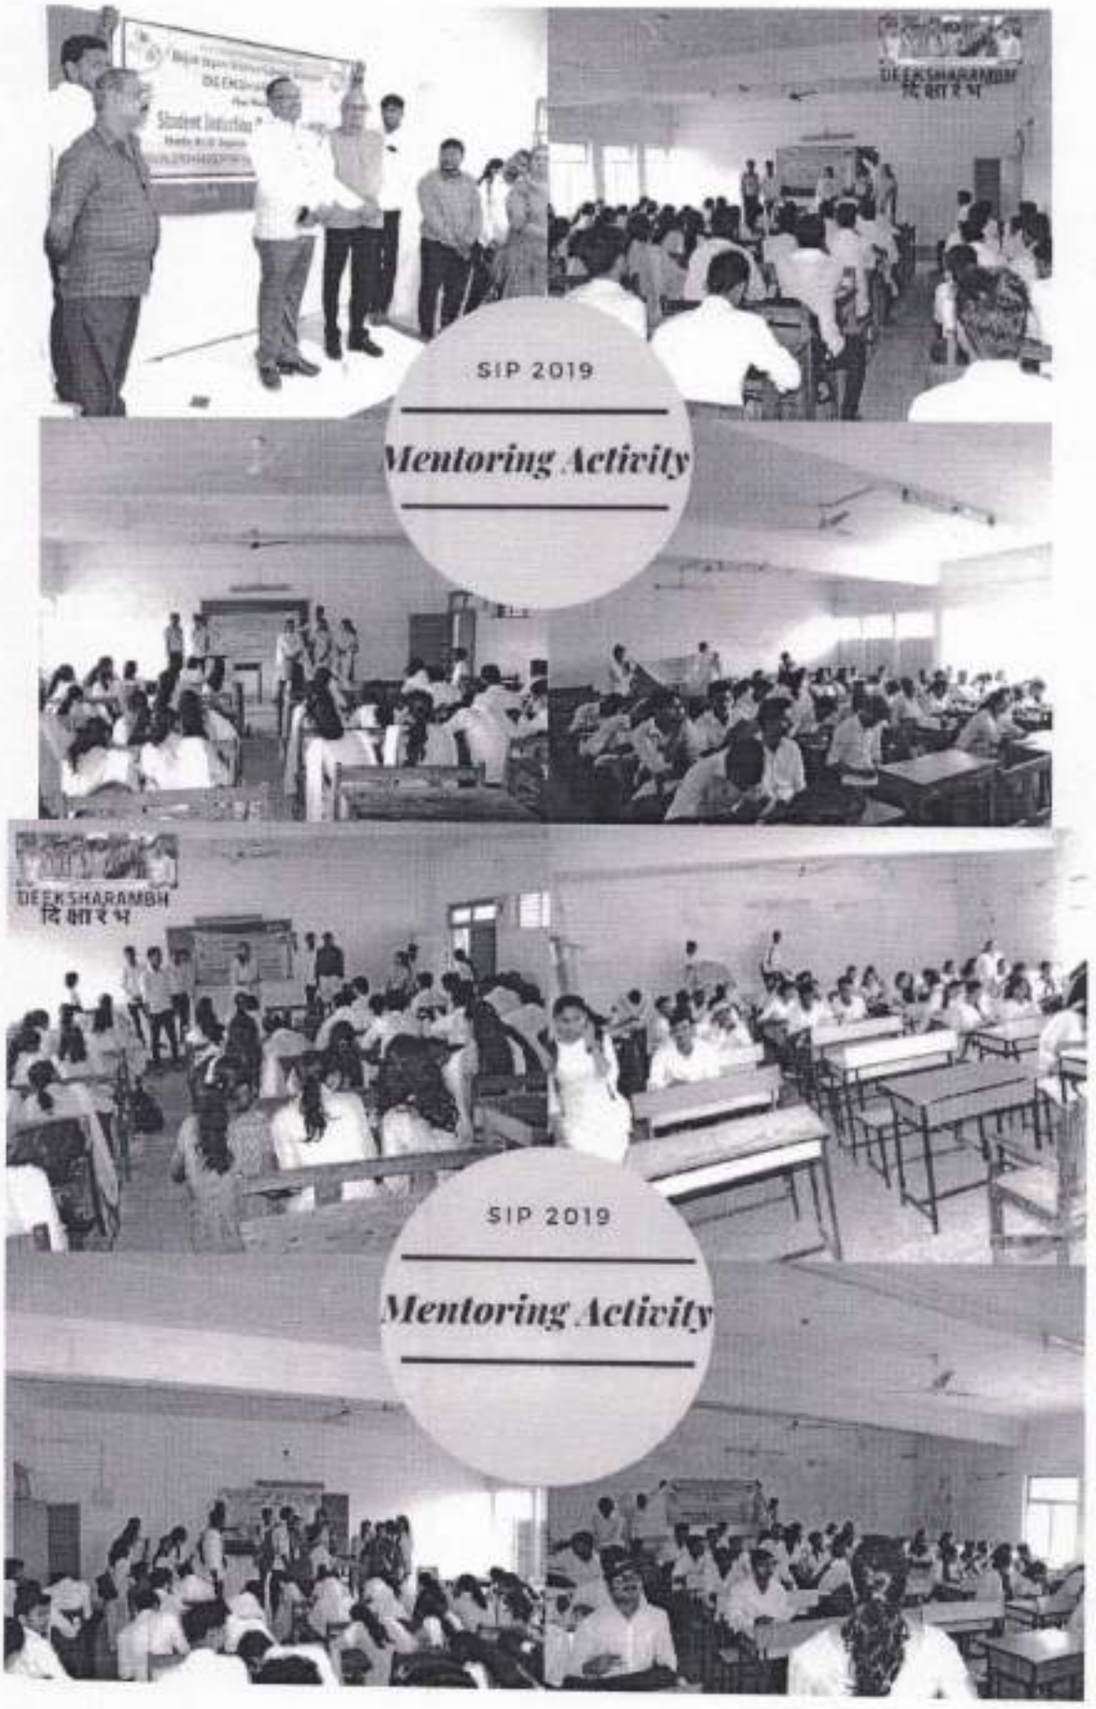

- Gain practical advice, encouragement and support
- Learn from the experiences of others
- Increase their social and academic confidence
- Become more empowered to make decisions
- Develop your communication, study and personal skills
- Develop strategies for dealing with both personal and academic issues
- Identify goals and establish a sense of direction
- Make new friends across year groups
- Gain recognition for your skills and experience

Student Take Away: Students understood universal human values. Student explored themselves and experienced the joy of learning, stand up to peer pressure, take decisions with courage, be aware of relationships, be sensitive to others, understand the role of money in life, and feeling of prosperity, etc. Human values as enshrined in our constitution like justice, liberty, equality, fraternity, human dignity and the unity and integrity were understood.
Prizes: In one activity the students were asked to express gratitude towards their parents by writing letter to them. The activity leaders Dr. P.R. Agrawal and Dr. V.S.Tondre decided to give prizes to best three letters. Ms. V. R. Deshpande analyzed the letters.

1. Mr. Siddhant R. Rithe - B8
2. Ms. Rutuja Y. Deshkar - B2
3. Ms. Prachi S. Khadekar - B9

Webinar on Important Life Lessons are often out of Syllabus

A webinar was conducted on 6th August, 2020 on the topic "Important Life Lessons are often out of Syllabus". Dr. Prachi Agrawal, HoD of Mathematics of Brijlal Biyani Science College was the distinguished speaker. This webinar was taken through zoom and only 100 participants could join it and many missed the opportunity to listen to this lecture.

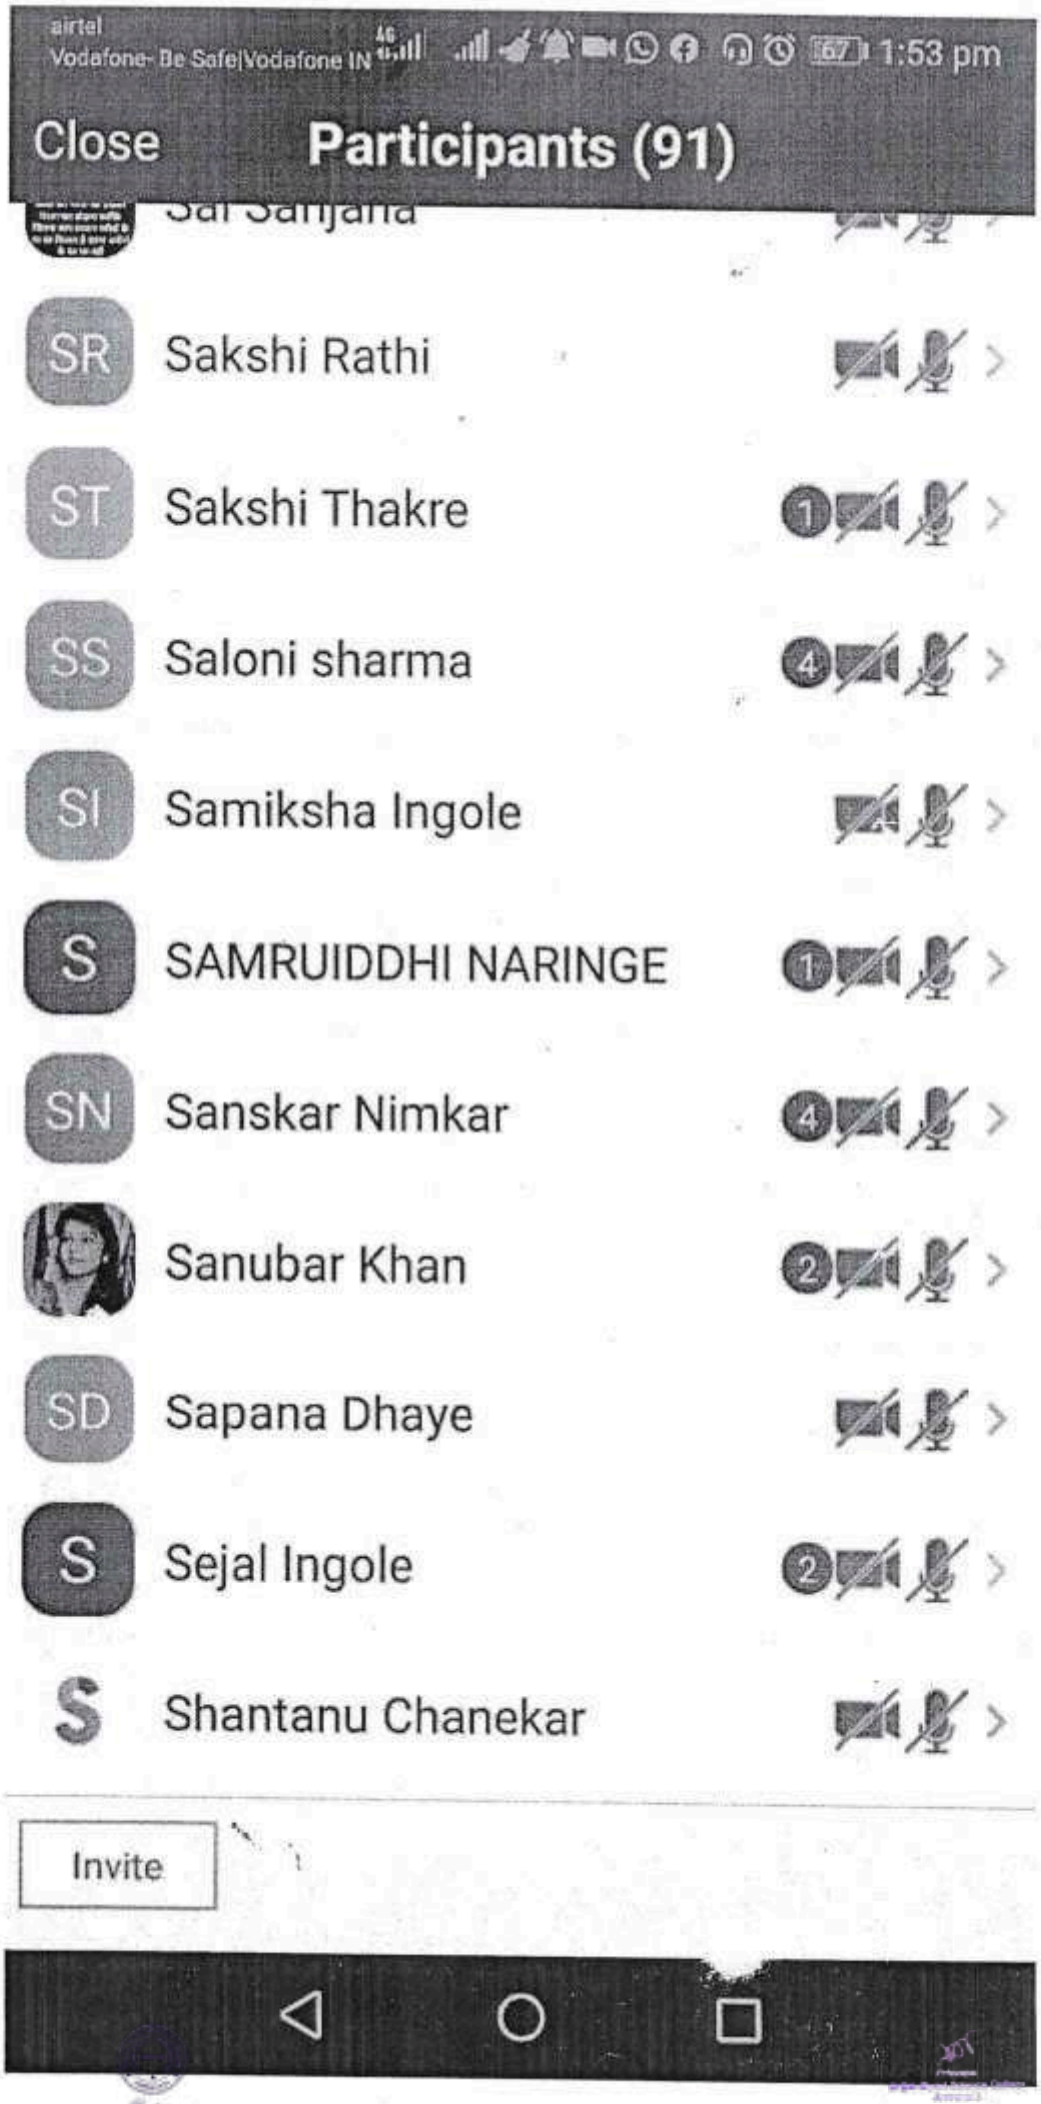

It was indeed a very insightful and motivational session. Dr. Agrawal. She covered all the important points which are the need of hour. There is so much uncertainty and chaos all around. Considering the scenario and what the students are going through, she covered all the points appropriately.

The truth is that no life Lessons and skills are covered in the curriculum which are essential for survival. Dr. Agrawal covered the various Life Lessons viz., adapting and accepting change, having patience, avoiding to influenced by negative talks, being organized, living in the present moment and reminding positive. She elaborated each lesson with a distinctive story and incident. She emphasized that the students take this opportunity given to them by covid and take full advantage and develop themselves.

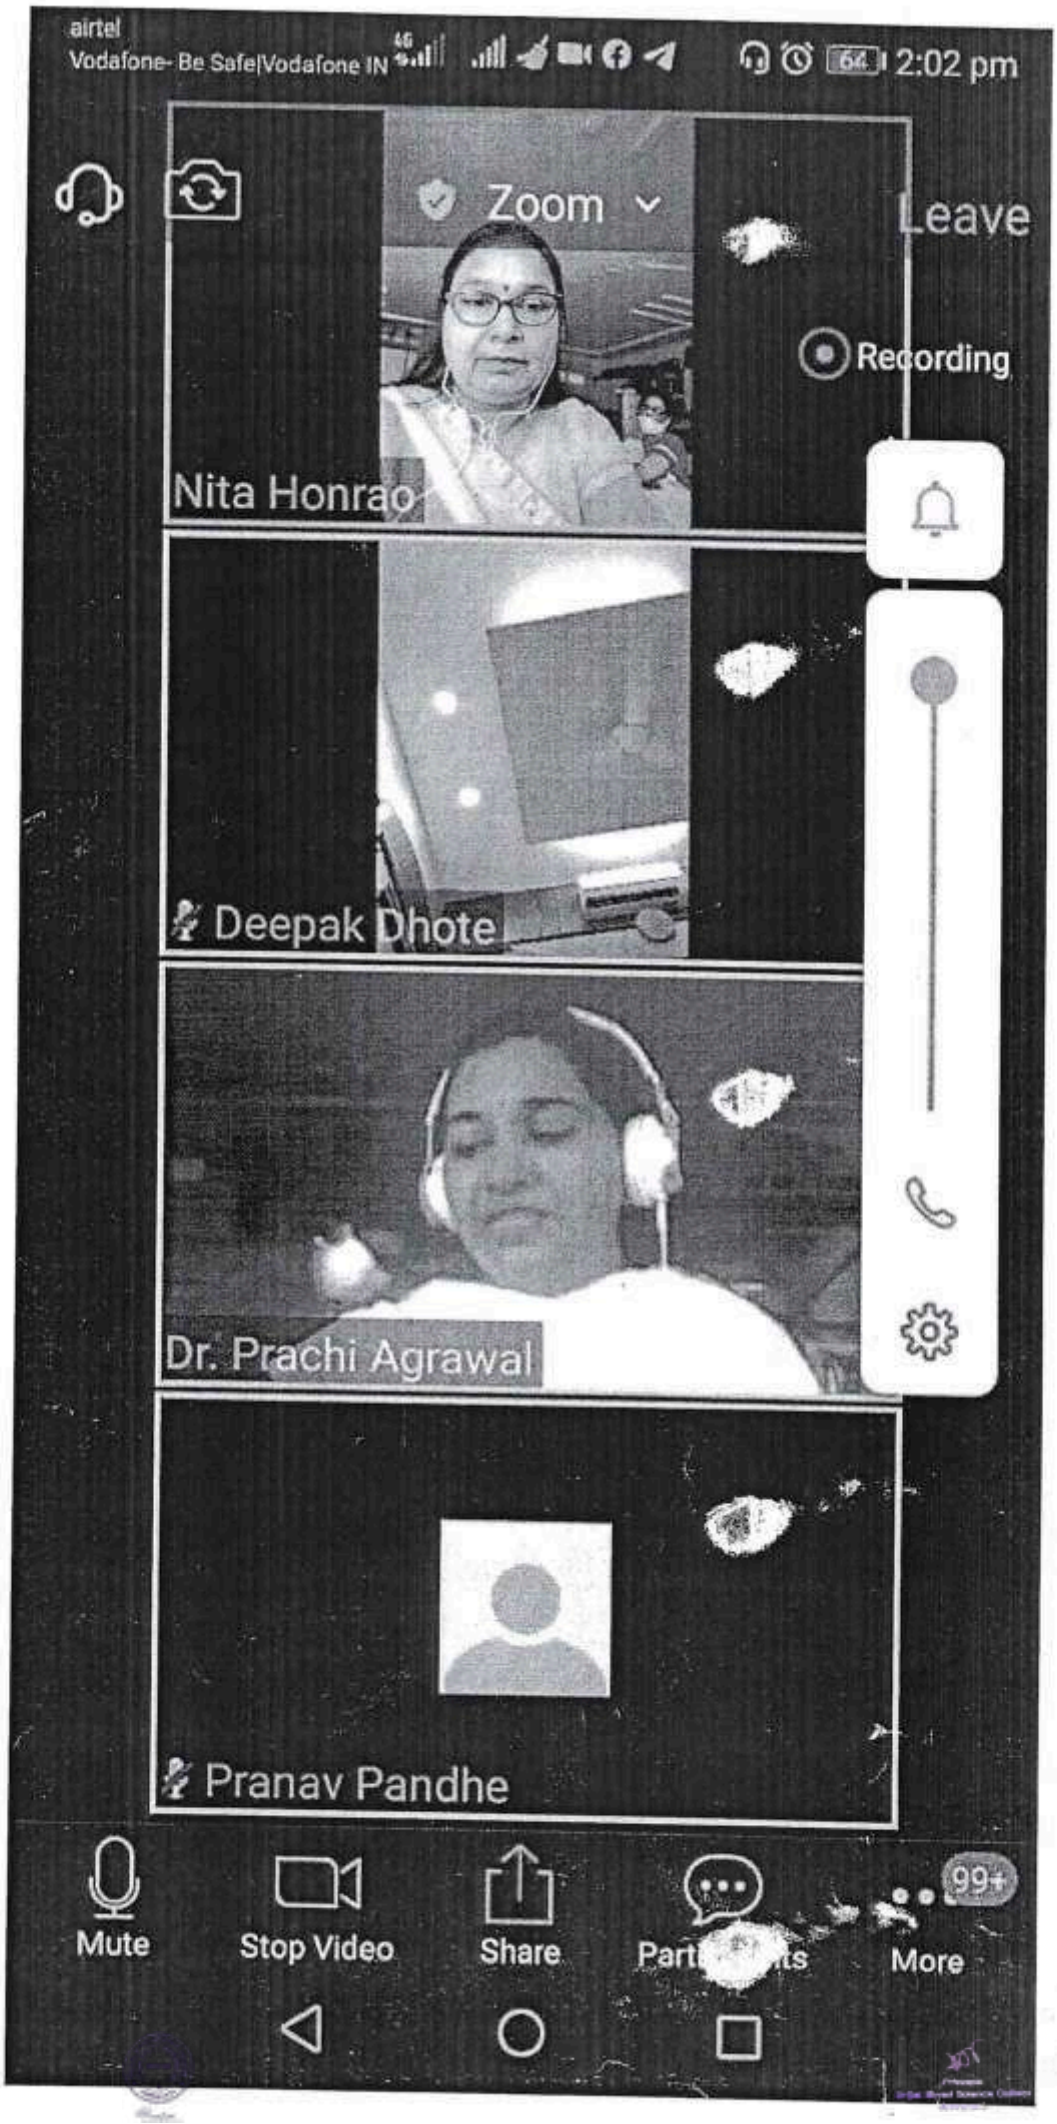

A very inspiring session which was beneficial not only to the students but also the faculty members.

Webinar on How to Start a Start Up

A webinar was arranged on How to start a start up on 15th August 2020. CEO of BadaBusiness.com, Dr. Vivek Bindra was the speaker. The YouTube link was shared with the students.

Dr. Bindra covered various success strategies for entrepreneurs and solopreneurs. He also gave the strategies to his audience to bounce back post corona. He gave a golden statement to the students "The more your money works for you the less you have to work for money. "

He also elaborated how to use technology for speed and scale, ... also explained Management by Absence, what he called as MBA. He also emphasized on continuous improvement, development and learning. He also cited some examples for the better understanding of the audience. He said it is equally important that you know how to tackle and handle your clients. He also emphasized that if you give more than what you promised to your clients, they will promise you lifetime value.

In this world of gateways of information, how you utilize the information determines your success or failure.

The object to encourage the young blood towards making of repreneurs and solopreneurs was widely achieved through this webinar. The webinar was open for the general public also. Modiji's vocal for local can be achieved by such motivational and guiding webinars.

Detection of adulteration in milk and its analysis from different milk sample - Year 2020-21

As an extension activity Analysis of various milk samples for detection of adulteration in milk was done by Dr (Ms) S. N. Gupta, Department of Chemistry on 11th September 2020.

Following 32 students of B.Sc. III BTB group participated in Analysis of various milk samples for detection of adulteration in milk.

Analysis of various milk samples for detection of adulteration in milk is carried out. Various tests done for detection of adulteration in milk is Detection of Neutralizers in milk, hydrogen peroxide, formalin, sugar in milk, starch, urea, salt, pulverized soap, detergents in milk, skim milk powder in milk, benzoic and salicylic acid in milk. Milk samples analysed and report of analysis of various milk samples for various test is done for detection of adulteration in milk. Detection of adulteration in milk and its analysis from different milk samples will help to

optimise analysis of dairy products - from improving quality and safety of raw milk and other material, through to milk standardisation and verification of end products.

Milk can be adulterated in any step before processing as well as during processing and before packing by adding water, reagents and prohibited neutralisers like hydrated lime, sodium hydroxide, sodium carbonate or sodium bicarbonate are added to milk to prevent spoilage. The longevity of milk increases and gives the vendor that much time to sell. Reagents like salt and glucose are added to alter the thickness and viscosity. Adding starch prevents curdling of milk. Salt and detergents are added to adjust the lactometer reading to add thickness to the milk. Therefore, it is essential to detect adulteration in milk.

Recycled Paper Bag Workshop of B. Sc. III Chemistry Students

Extension Activity - Year 2020-21

Recycled Paper Bag Workshops was organised by Dr (Ms) S. N. Gupta, Department of Chemistry for B. Sc. III Chemistry Students at Brijlal Biyani Science College, Amravati on 26th December 2020. The sole reason of undertaking this workshop was to make students understand the harm caused due to plastic bags and to encourage them to replace plastic bags with paper bags. In this workshop students were taught how to make 5 different types of paper bags and different articles such as Coaster, Pen Stand, Basket, Dustbin etc. out of newspaper. Total 40 students of B.Sc.III CBZ were present.

In this workshop the students have made 5 different types of paper bags out of newspapers. Afterwards they have signed it with their name and message. Each students have made 5 paper bags of 5 different types and then they distributed them in grocery stores in their vicinity thereby they have spread the message of 'Say No to Plastic'. Students have not just learned the art of making a paper bag, they also learned the importance of recycling and how it can benefit everyone. The things that students learned will be taught to the people living in slum areas. In this workshop the students have also made different articles such as Coaster, Pen Stand, Basket, Dustbin etc. out of newspaper.

DRINKING WATER ANALYSIS – YEAR 2020-21

Drinking water analysis of various samples of Amravati region was done on 18th December 2020. The drinking water samples were taken from the main water sources where maximum peoples were using them for drinking purpose. Measurement of Temperature, pH, Conductivity, Total Dissolved Solids (TDS), Salinity, Turbidity and Dissolved Oxygen was done by Digital Water and Soil Analysis kit Labtronics Model-191E-an ISO 9001.

Following 45 B.Sc. III PCM students participated in Drinking water analysis of various samples of Amravati region done on 18th December 2020.

Desirable limit of drinking water for various parameters are Temp 25°C, pH 6.5-8.5, Turbidity 5 NTU, Colour 5 Hazen Units, Total Dissolved Solids 500 ppm, Salinity 100 ppm, Dissolved Oxygen 3 ppm and above, Most of the water samples were within WHO/ ISI standards. For samples which do not have physico-chemical parameters within desirable limit, treatment for correction of corresponding parameter is to be done.

The results of the present analysis showed that drinking water collected from different areas of Amravati was found to be suitable for human health. It is recommended to boil water, use aqua guards, proper chlorination, use efficient system for garbage collection and its disposal, sewage waste treatment, recycling of waste into useful products such fertilizers, education of people through media about the causes and consequences of water pollution.

Bioelectrical impedance analysis method involves determination of Body Weight, Body Fat Percentage, Segmental Subcutaneous Fat Percentage (Whole Body, Trunk, Arms and Legs), Visceral Fat percentage, Segmental Skeletal Muscle Percentage (Whole Body, Trunk, Arms and Legs), Resting Metabolism, Body Mass Index and Body Age. Results are interpreted in terms of ideal weight, overweight, underweight, Period required for weight Loss / Gain at the rate of 1.5 kg per month, Period required for wt maintenance, Fat %, Subcutaneous Fat % (Trunk), Visceral Fat %, Skeletal Muscle % (Whole body), RM, BMI, Body Age. It also highlights correct weight reduction and instructions for better health improvement and weight loss, weight gain and weight maintenance programme.

For ideal weight management and for a more accurate and precise body composition analysis full Body Sensing Technology Karada Scan Body Composition Monitor – HBF-375 is used which measures body composition- Body Weight, Body Fat Percentage, Segmental Subcutaneous Fat Percentage (Whole Body, Trunk, Arms and Legs), Visceral Fat percentage, Segmental Skeletal Muscle Percentage (Whole Body, Trunk, Arms and Legs), Resting Metabolism, Body Mass Index and Body Age. The general principle behind bioelectrical impedance analysis is that two or more conductors are attached to a person's body and a small electric current is sent through the body. The resistance between the conductors provides a measure of body fat between a pair of electrodes, since the resistance to electricity varies between adipose, muscular and skeletal tissue. Fat-free mass (muscle) is a good conductor as it contains a large amount of water (approximately 73%) and electrolytes, while fat is anhydrous and a poor conductor of electric current.

STUDENT INDUCTION PROGRAM (2020-21)

4 th November to 9th November-2020

MENTORING ACTIVITY:

The aim of mentoring activity was to help students to improve their skills, attitudes, and resources necessary to succeed, both in the college environment as well as to pursue productive and satisfying lives. Respect for diversity and a commitment to students' personal growth are the guiding principles in the work we do. With this commitment, we had a fresh take at an effective mentorship program at Brijlal Biyani Science College, Amravati. It was designed with the aim of providing a platform for productive interaction and guidance of 1st year students by faculties. To achieve the above said goals different activities were conducted, the details of which was provided to the mentors of each batch. . On 06/11/20 following values were discussed by way of sharing powerPoint presentation and giving number of examples to make the concept clear, so that students may implement these values in their daily lives such as :-

- Acceptance to Change
- Patience
- Feeding the Positive Feeling
- Keeping Organized
- Cultivate Goodness
- Power of Positivity
- Gratitude

At the end, a task of writing thank you letters or making thank you cards for whoever they feel grateful to was given to the students

on 08/11/20 the following points were discussed like:-

- SELF and BODY and PROSPARITY
    - Want — have a desire to possess or do (something); wish for.
    - Need — require (something) because it is essential or very important rather than just desirable.
- Peer Pressure
    - Positive Peer Pressure
    - Negative Peer Pressure

At the end, a task was given to the students that to list out five different things that they bought but did not use.

The students took following benefits from this activity:-

- Gain practical advice, encouragement and support
- Learn from the experiences of others
- Increase their social and academic confidence
- Become more empowered to make decisions
- Develop your communication, study and personal skills
- Develop strategies for dealing with both personal and academic issues
- Identify goals and establish a sense of direction
- Gain recognition for your skills and experience

Thus the take Away by the Students is that they understood universal human values. They explored how to take decisions with courage, be aware of relationships, be sensitive to others, understand the role of money in life, and feeling of prosperity, difference between want and need, why to be patient, organized, etc. Human values as enshrine in our constitution like justice, liberty, equality, fraternity, human dignity and the unity and integrity were also understood. Dr. P.R. Agarwal and Dr. V.S. Tondre took efforts to conducted this activity.

Report on Training & Development Program

(Wednesday, the 06th January 2021)

A Training and development program was organized by Department of Electronics of Brijlal Biyani Science College, Amravati for the students of B. Voc. The training program it was held on 6th January 2021 at Electronics lab. The speaker for the training and development program was Mr. Kazi Khusro. He has done doctorate in Management studies. Currently he is Investor, Director & CEO –Health Smith company & Director -Goose Ltd- Bangladesh. A visionary curious & trustworthy Hospital & healthcare Business leader with transformational Leadership offering more than 16 year of experience in hospital & Health care verticals contributing to positive EBITDA & P&L Management.

The objective of organizing program was to notify the students about the training program to be held at Hyderabad organized by Morph-Pro and Health Smith. Through this program students can learn better aspects of training and improve their capabilities.

Mr. Kazi Khusro joined the program through Google Meet and interacted with the students explaining about the importance of training program. He also explained that through the training program the students will get to learn about the live project work that is about creating live project planning task, assignment, how to start project work, business meetings, field work, group project, Preparation of project report, project conclusion, CV preparations etc.

He also explained the students about the importance of organizational exposure which they will get through the visits to the multispecialty hospital and to learn about how the different departments of hospital works. They will also get the exposure to technology, modern equipments, work culture though attending training program.

Mr. Kazi Khusro further explained that the training program will also provide the practical exposure, self development and an opportunity for placement. Students were highly motivated by attending the program and were excited to join the development program. The complete program was organized and anchored by Amita Tembhare and vote of thanks was given by Mrs. Minal Bhuptani.

80 students of B. Voc. II Year & III Year attended the program by online and offline mode along with the staff member Ms. A. M. Tembhare, Mrs. Minal Bhuptani and Mr. Gopal Dayma.

The complete program was held under the guidance of Principal Dr. D. S. Dhote Sir.
