5.1.4.

Q_nM

Average percentage of students benefitted by guidance for competitive examinations and career counselling offered by the Institution during the last five years

5.1.4.1. Number of students benefitted by guidance for competitive examinations and career counselling offered by the institution year wise during last five years

Year	2015-16	2016-17	2017-18	2018-19	2019-20
Number	590	85	158	273	241

Data Requirement for last five years:(As per Data Template)

- Name of the scheme
- Number of students who have passed in the competitive exam
- Number of students placed

Formula

$$\text{Percentage per year} = \frac{\text{Number of students benefited by guidance for competitive examinations and career counselling offered by the institution}}{\text{Number of students}} \text{X } \mathbf{100}$$

$$Average\ percentage = \frac{\sum \text{Percentage per year}}{5}$$

Response:

Percentage of Year 2015-16 = (590 / 1549) X 100 = 38.09

Percentage of Year 2016-17 = (85 / 1726) X 100 = 4.92

Percentage of Year 2017-18 = (158 / 1824) X 100 = 8.66

Percentage of Year 2018-19 = (273 / 1993) X 100 = 13.70

Percentage of Year 2019-20 = (241 / 2031) X 100 = 11.87

	Average percentage = (38.09 + 4.92 + 8.66 + 13.70 + 11.87) / 5 = 77.24 /5 = 15.45 **File Description (Upload)** • Activity reports - Guidance for Competitive Examinations (2015-16 to 2019-20) • Number of students benefited by guidance for competitive examinations and career counseling during the last five years (Data Template)
