AUCTA Newsletter

Editorial

The board of editors is extremely cheerful to present the 1st issue of 27th volume of AUCTA newsletter to the honourable members of Amravati University Chemistry Teachers' Association and other stakeholders.

The present issue is incorporated with the reports of co-curricular activities like Intercollegiate Seminar Competitions, General Aptitude Test and Motivational Science Workshops conducted virtually in online mode at various colleges under the banner of AUCTA during the academic session 2020-21. In this issue we have also included one scientific article entitled "Potency of Murraya koenigii (curry leaves) against breast cancer". The list of new and deleted life members of AUCTA is given in this newsletter. The different co-curricular activities conducted under the wings of AUCTA during the session 2020-21 are also highlighted in this issue through newspaper cuttings.

At this juncture, we are very much thankful to the office bearers and managing committee members of AUCTA for their strong support during the toughest period of Covid-19 pandemic. The editorial board strongly feels that members of AUCTA need to contribute spontaneously in making the AUCTA Newsletter more readable and informative by sharing scientific information, research articles, reviews etc. The board of editors extend its best wishes to all the readers and contributors of AUCTA Newsletter.

Report of Online Inter-Collegiate Seminar Competition for B.Sc.-II Students (2020-21)

Department of Chemistry, J.D. Patil Sangludkar Mahavidyalaya, Daryapur organized the online university level inter-collegiate seminar competition for B.Sc.-II, Semester-III chemistry students on the topics of physical chemistry in collaboration with Amravati University Chemistry Teachers' Association (AUCTA) on 6th September 2021 on online mode through Zoom app and YouTube. Inaugural function of this event was held at 11 am. under the chairmanship of Dr. D. S. Thakare, Principal, J.D. Patil Sangludkar Mahavidyalaya, Daryapur and in gracious presence of chief guest Dr. M. L. Narwade, Former Professor, GVISH, Amravati and Ex-Joint Director, Higher Education, Amravati Division. Dr. P. R. Rajput, President, AUCTA and Principal, S.S.S.K.R. Innani Mahavidyalaya, Karanja Lad and Dr. K. N. Puri, Secretary, AUCTA and Professor, Department of Chemistry, Shri Shivaji Science College, Amravati were the guest on this occasion. Mr. A. R. Somwanshi, Convener and Head, Department of Chemistry, J.D. Patil Sangludkar Mahavidyalaya, Daryapur welcomed the guests and Mr. R. G. Sawarkar introduced them.

While speaking as a chief guest Dr. M. L. Narwade advised the students to participate in such seminar competitions which will enrich their knowledge and presentation. He said, such competitions would surely help the students to explore themselves in respect of the subject and the hidden talents in them. On this occasion Dr. P. R. Rajput informed the students about the activities which are being organised by AUCTA on different platforms. How AUCTA helps the college teachers to organise events such as seminar competitions, quizzes, workshops and other academic activities in their respective colleges. He also appealed the students for being a part of such events to be organised in future. In presidential speech, Dr. D. S. Thakare, by quoting the examples of number of successful students in the faculty of science told that success in any field depends upon our devotion and sincerity, presentation is a part of personality development. If we have knowledge of subject and good presentation skill, it will surely help us to bring positive results for us, he added. He also appealed the students to give time for study and devote whole heartedly.

This type of online seminar competition was organized for the first time in the history of college due to COVID-19 pandemic. Total 29 students from various colleges affiliated to Sant Gadge Baba Amravati University, Amravati submitted the pre-recorded video links of their presentation. These presentations were examined by eminent panel of jury members Dr. A. S. Burghate, Shri Shivaji Science College, Amravati and Dr. S. K. Deshmukh, Shri Shivaji College of Arts, Commerce and Science, Akola. Following students won the 1st, 2nd and 3rd Prize of this seminar competition.

Prize	Name of Students	Name of College
First	Ms. Anushka Kochar	Brijlal Biyani Science College, Amravati
Second	Ms. Ankita Joshi	Phulsing Naik Mahavidyalaya, Pusad
Third	Mr. Kanishk Jagtap	Amolakchand Mahavidyalaya, Yavatmal

The inaugural function was conducted by Dr. A. S. Dighade while Dr. S. S. Dhote proposed the vote of thanks. On this occasion, the AUCTA android app developed by Dr. S. S. Dhote and Mr. R. G. Sawarkar, J.D. Patil Sangludkar Mahavidyalaya, Daryapur was launched on Goggle play store. This app will be helpful to introduce AUCTA to everyone at one's fingertips.

Report of Online Inter-Collegiate Seminar Competition for B.Sc.-III Students (2020-21)

Department of Chemistry, Late Pushpadevi Patil Arts and Science College, Risod organized the online university level inter-collegiate seminar competition for B.Sc.-III, Semester-V chemistry students on the topics of inorganic chemistry in collaboration with Amravati University Chemistry Teachers' Association (AUCTA) on 5th February 2021.

The programme started at 11 am. with the welcome of guests by Dr. P. S. Phatak. The chief guest for this programme was Prof. W. S. Marathe, Former Head, Department of Chemistry, Brijlal Biyani Science College, Amravati. The guests of honour were Dr. P. R. Rajput, President, AUCTA and Principal, S.S.S.K.R. Innani Mahavidyalaya, Karanja Lad and Dr. K. N. Puri,

Principal
Brijlal Biyani Science College
Amravati.

Secretary, AUCTA and Professor, Department of Chemistry, Shri Shivaji Science College, Amravati. Dr. J. B. Devhade, Principal, Late Pushpadevi Patil Arts and Science College, Risod holds the chair of president. Opening remark and introduction to the seminar competition was given by Dr. J. B. Devhade. He highlighted about how students get encouragement from such a valuable programme. Prof. W. S. Marathe in his speech mentioned the need of practices to be taken on online platform in this COVID-19 situation where physical way of teaching is not possible. He also explained the importance of seminar like activities in the development of students, not only in knowledge point of view but also in personality and soft skill developments to present and elaborate the acquired knowledge.

To avoid the network issues in smooth conduction of this seminar competition on virtual online meeting platforms, in the consideration of students from rural areas, organisers have done the online registration of participants and invited pre-recorded video links of their presentation of either YouTube or Google drive. Total 28 students from various colleges affiliated to Sant Gadge Baba Amravati University, Amravati were participated in this online seminar competition. These links were provided to juries Dr. D. B. Dupare, Shri Dr. R.G. Rathod Arts and Science College, Murtizapur and Dr. D. M. Nagrik, G.S. Science, Arts and Commerce College, Khamgaon. These videos were scrutinised and judged by the juries. Marks were given to the participants as per the guidelines of AUCTA. The question-answer session was held on scheduled programme day, where juries asked questions to the participants related to their topic of presentation and made the final list of winners. Following students won the 1st, 2nd and 3rd Prize of this seminar competition.

Prize	Name of Students	Name of College
First	Ms. Sneha Daryani	Dr. R.G. Rathod Arts and Science College, Murtizapur
Second	Ms. Ruchita Todkar	G.S. Science, Arts and Commerce College, Khamgaon
Third	Ms. Sameegha Shaikh Ms. Sakshi Deulkar	Phulsing Naik Mahavidyalaya, Pusad Amolakchand Mahavidyalaya, Yavatmal

At the end Dr. K. F. Shelke, Convener and Head, Department of Chemistry, Late Pushpadevi Patil Arts and Science College, Risod presented vote of thanks. For the smooth conduction of competition Mr. A. R. Jadhao, Organizing Secretary, Dr. A. D. Badar and technical support team of Mr. G. D. Kanade and Mr. N. B. Umabarkar took special efforts.

Report of Online General Aptitude Test for B.Sc.-III Students (2020-21)

Admissions to the various post graduate programmes in the premier institutes like IIT, IISER, TIFR, NISER, ICT etc. are based on the performance of the students in the aptitude test conducted by respective institutes. With a view to provide an acquaintance with the pattern of these entrance examinations, AUCTA organizes "General Aptitude Test" for B.Sc.-III chemistry students every year. This year "General Aptitude Test" was conducted in online mode on 8th March 2021 at various colleges under the directions of Dr. Ms. Sharayu K. Deshmukh, Shri Shivaji College of Arts, Commerce and Science, Akola. The number of students appeared for GAT-2021 was 1555 from different colleges of the university. Following tables indicate the result of toppers and participation of students of various colleges.

Report of Online Inter-Collegiate Seminar Competition for M.Sc.-I Students (2020-21)

Department of Chemistry, G.S. Science, Arts and Commerce College, Khamgaon organized the online university level inter-collegiate seminar competition on the topics of organic chemistry for M.Sc.-I chemistry students in collaboration with Amravati University Chemistry Teachers' Association (AUCTA) on 4th August 2021.

The programme was inaugurated by Dr. V. G. Thakare, Former Principal, Shri Shivaji Science College, Amravati and chaired by Dr. D. S. Talwankar, Principal, G.S. Science, Arts and Commerce College, Khamgaon. At the beginning, Dr. D. M. Nagrik, Organizing Secretary introduced the event. Welcome speech was given by convener of the programme, Dr. H. S. Chandak, Head, Department of Chemistry, G.S. Science, Arts and Commerce College, Khamgaon. The programme was conducted in online mode through zoom app. The guest of honour Dr. P. R Rajput, President, AUCTA and Former Principal, S.S.S.K.R. Innani Mahavidyalaya, Karanja Lad talked on the benefits of such seminar competitions in the development of student's personality and enhancing the subject knowledge. Dr. K. N. Puri, Secretary, AUCTA and Professor, Department of Chemistry, Shri Shivaji Science College Amravati, gave the information about various activities conducted by AUCTA for the benefit of students, teachers and non-teaching staff members. On this occasion, Dr. Subhash alias Dadasaheb Bobdey, President, Vidarbha Shikshan Prasarak Mandal, Khamgaon congratulated the AUCTA and organizing committee through his message for conducting this online seminar competition. Shri Ashokji Zunzunuwala, Vice-President, Vidarbha Shikshan Prasarak Mandal, Khamgaon appealed the students to participate in such academic events at a large extent.

Total 13 students from various colleges affiliated to Sant Gadge Baba Amravati University, Amravati were registered for this seminar competition and examined by the panel of jury members Dr. P. S. Pande, Shankarlal Khandelwal Arts, Science and Commerce College, Akola and Dr. Rahim Shaikh, Govt. Vidarbha Institute of Science and Humanities, Amravati. Following students won the 1st, 2nd and 3rd Prize of this seminar competition.

Report of Online Inter-Collegiate Seminar Competition for M.Sc.-II Students (2020-21)

Department of chemistry, Shri R.L.T. College of Science, Akola organized the online university level inter-collegiate seminar competition for M.Sc.-II chemistry students on the topic of analytical chemistry i.e. modern methods of instrumental analysis in collaboration with Amravati University Chemistry Teachers' Association (AUCTA) on 28th January 2021. The competition was inaugurated by Dr. S. P. Kulkarni, Former Head, Department of Chemistry, Adarsha Science, J.B. Arts and Birla Commerce Mahavidyalaya, Dhamangaon-Rly. The programme was chaired Dr. V. D. Nanoty, Principal, Shri R.L.T. College of Science, Akola. Dr. P. R. Rajput, President, AUCTA and Principal, S.S.S.K.R. Innani Mahavidyalaya, Karanja Lad and Dr. K. N. Puri, Secretary, AUCTA and Professor, Department of Chemistry, Shri Shivaji Science College, Amravati were the guest of honour on this occasion.

Introducing the event, Dr. P. R. Kawle, Organizing Secretary, outlined the online seminar competition conducted through the platform of Google Meet. Speaking as the guest of honour, Dr. P. R. Rajput had encouraged students to build up their confidence and expressed goodwill by congratulating them. Dr. K. N. Puri expressed the commitment that, despite the influence of COVID-19, academic programme is being conducted in various districts of Sant Gadge Baba Amravati University, Amravati in online mode without any interruption to create interest in the subject among the students and keep their perseverance. Dr. V. D. Nanoty, President of the programme had congratulated the AUCTA organization and organizing committee of this online seminar competition and emphasized that college has always been and will continue to be at the forefront of implementing academic activities by AUCTA. Dr. P. T. Agrawal, Convener and Head, Department of Chemistry had expressed thanks to AUCTA and all the members of association.

Total 15 students from different colleges affiliated to Sant Gadge Baba Amravati University, Amravati were registered for this competition and important work of evaluation of their presentation was carried out by Dr. N. H. Bansod, Shri Shivaji Science College, Amravati and Mr. N. S. Kadu, Bhartiya Mahavidyalaya, Amravati. For 1st, 2nd and 3rd Prize of this seminar competition, students were judged as below.

Report of One Day Online Motivational Science Workshop - Akola and Buldana District

AUCTA's Innovative Outsourcing Programme Committee was formed to implement student centric innovative ideas and motivational science workshop is one of them. The "One Day Online Motivational Science Workshop" was organized by Department of Chemistry, Shri D.M. Burungale Science and Arts College, Shegaon in collaboration with Amravati University Chemistry Teachers' Association (AUCTA) on 28th February 2021 on the occasion of "National Science Day" for B.Sc. and M.Sc. students of Akola and Buldana districts. This workshop was inaugurated by Dr. N. S. Thakare, Principal, Matoshri Subhadrabai Art, Science and Late Pandurang Thakare Commerce College, Manora. Dr. S. V. Kolhe, Vice-President, AUCTA and Professor, Department of Chemistry, Shri Shivaji Arts, Commerce and Science College, Akot, Dr. K. N. Puri, Secretary, AUCTA and Professor, Department of Chemistry, Shri Shivaji Science College, Amravati, Dr. D. S. Hedaoo, Convener, Innovative Outsourcing Programme Committee, AUCTA and Assistant Professor, Department of Chemistry, Arts, Science and Commerce College, Chikhaldara were present as guest of honour for this workshop. Principal of the college Dr. R. E. Khadsan was chairman of this workshop. On this special occasion "Speech Competition" was conducted for B.Sc. and M.Sc. chemistry students from Akola and Buldana district.

In this competition 10 colleges participated for PG-level and 25 colleges for UG-level. Dr. P. R. Mahalle, Late B.S. Arts, Prof. N.G. Science, and A.G. Commerce College, Sakharkherda and Dr. G. H. Kurhade, Vidnyan Mahavidyalaya, Malkapur worked on jury panel for UG-level and Dr. N. R. Thakare, Shri Shivaji Science College, Amravati for PG-level. Following students won the 1st, 2nd and 3rd Prize of this competition.

Report of One Day Online Motivational Science Workshop - Yavatmal and Washim District

AUCTA's Innovative Outsourcing Programme Committee was formed to implement student centric innovative ideas and motivational science workshop is one of them. The "One Day Online Motivational Science Workshop" was organized by Department of Chemistry, R.A. Arts, Shri M.K. Commerce and Shri S.R. Rathi Science College, Washim in collaboration with Amravati University Chemistry Teachers' Association (AUCTA) on 8th March 2021 on the occasion of "World Women's Day" for B.Sc. and M.Sc. students of Yavatmal and Washim districts.

In this workshop 15 students from PG-level and 20 students from UG-level chemistry were participated. Different themes have been provided to students for this competition. The workshop started at 11 am with introduction and welcome of guests by Dr. N. V. Rathod, Organizing Secretary, followed by welcome speech by Dr. R. F. Pagariya, Professor and Head, Department of Chemistry, R.A. Arts, Shri M.K. Commerce and Shri S.R. Rathi Science College, Washim. The workshop has been inaugurated by Dr. A. B. Potency of Murraya koenigii (Curry Leaves) Against Breast Cancer

Dr. Nazia Akhtar Rashidi
Department of Chemistry, Mungasaji Maharaj Mahavidyalaya, Darwha

According to the latest survey, number of patients with cancer in India is 1,392,179 for the year 2020, the projected incidence among males was 679,421 (94.1 per 100,000) and among females 712,758 (103.6 per 100,000). One in 68 males (lung cancer), 1 in 29 females (breast cancer) and 1 in 9 Indians will develope cancer during their lifetime. Breast cancer is the second most prevalent cancer in the world and is a major public health problem in India. Every year 75,000 new cases of breast cancer are reported in India and it attributed to factors like environmental pollution, urbanization, genetics and changing food habits.

Curry leaves are popular leaf-spice used in very small quantities for their distinct aroma due to presence of volatile oil and ability to improve digestion. Mustard seeds sizzling in hot oil ... into it go chopped onion and curry leaf ... "ssssshh". No curry in south India is complete without this step. More than adding to multi-hued look and spicy taste, curry leaves are also used in many Indian ayurvedic and Unani prescriptions. Curry leaves have a slightly pungent, bitter and feebly acidic taste and they retain their flavour and other qualities even after drying.

Curry leaves belongs to Kingdom - Plantae, Subkingdom - Tracheobionta, Superdivision - Spermatophyta, Division - Magnoliophyta, Class - Magnoliopsida, Subclass - Rosidae, Family - Rutaceae, Genus - Murraya J. Koenig ex L. and Species - Murraya koenigii (L.) Spreng. Out of 14 global species belonging to the genus Murraya, only M. koenigii and M. paniculata are available in India. Murraya koenigii is more popular due to its wide range of medicinal properties. Traditionally, this plant is used in Indian systems of medicine for variety of ailments and also used as a tonic, stomachic and carminative. Curry leaves have medicinal value for

containing secondary metabolites which are highly potential as anti-cancer medicines, since cytotoxicity occurs directly on the cancer cell or tumor growth modulated even inhibited. Several secondary metabolites function as anti-cancer component are alkaloid, flavonoid and phenol.

Various chemical constituents of curry leaves are carbazole alkaloids, coumarins and flavonoids. Its constituents are catechin, epicatechin, rutin, naringin, myricetin, quercetin, gallic acid, ferulic acid, vanillic acid and cinnamic acid, due to which it serve as potent agent for treating cancer especially breast cancer[1]. M. koenigii leaves extracts exhibit hypoglycemic and hypolipidemic effects in experimental animals, it reduced blood cholesterol and glucose levels in ob/ob mice. Carbazole alkaloids and methanolic extracts of M. koenigii are reported to possess anti-oxidative, anti-diarrheal, anti-inflammatory, anti-trichomonal and immuno-modulatory activities. Mahanine, a carbazole alkaloid purified from M. koenigii leaves has apoptotic effects in human leukemia cells[2].

New wave in cancer therapy

Recent study demonstrate for the first time that the hydro-methanolic extract of M. koenigii leaves rich in phenolic content, potently inhibits the activity of the proteasome both in-vitro and in-vivo. The CLE induced cell death in two breast cancer cell lines in a time and dose-dependent manner. Leaf extract altered the growth kinetics of cancer cells in a dose-dependent manner as demonstrated by the colony formation assay. Cancer cells but not normal cells were arrested in the S phase of cell cycle. Annexin V binding experiments demonstrate that apoptosis was induced by CLE in both the breast carcinoma cell lines. Inhibition of proteolytic activity of 26S proteasome, the protein-degrading machine, is now considered a novel, promising path for cancer therapy. Interestingly, proteasome inhibitors have been demonstrated to selectively kill cancer cells and also enhance the sensitivity of tumor cells to chemotherapeutic agents. Recently, polyphenols / flavonoids reported to inhibit proteasome activity. It is important to note that M. koenigii leaves, a rich source of polyphenols, inhibit proteolytic activity of cancer cell proteasome and cause cell death.

Hydro-methanolic extracts of M. koenigii leaves are rich in phenolic content. Polyphenols have numerous biological activities, including anti-oxidant, anti-inflammatory and metal-chelating properties. Recent studies shown that, naturally occurring polyphenols / flavanoids modulate the functionality of 26S proteasome, a multi-enzymatic, multi-catalytic complex localized both in cytoplasm and nucleus of eukaryotic cells[3]. The 26S proteasome is a huge 2.4 MDa complex comprising of two sub-complexes, the 19S regulatory subunit and 20S catalytic subunit[4]. The 20S sub-unit possesses at least three distinct activities, which are associated with three different â subunits, respectively chymotrypsin-like activity (â5), trypsin-like activity (â2) and caspase-like activity (â1)[5]. The 26S proteasome is the major non-lysosomal pathway of protein degradation in eukaryotic cells. This proteolytic machine is involved in degradation of oxidized, unfolded, misfolded proteins and antigen presentation[6]. It regulates cellular processes like apoptosis, signal transduction, cell-cycle regulation and cell differentiation. Two important functions of proteasome system are to promote tumor cell proliferation and protect tumor cells against apoptosis[7].

Methodology

Preparation of curry leaves extracts (CLE) involves collection of leaves, drying, grinding, weighing and finally extracting. Next step is to determine total phenolic content (TPC) of the extract. Final concentration of total polyphenols present in the extract is expressed as ig of Gallic acid equivalents (GAEs). Once Hydro-methanolic extract of curry leaves is prepared and its total phenolic content determined, it is subjected to cell lines for studies.

Future Scope

Development of a novel class of anticancer drugs that lack lethal effects of traditional chemotherapeutic agents which remains non influential to common chemo-resistance would prove to be a major advance in cancer treatment. With the exploration of several protein / peptide receptors and tumor-related peptides and proteins may emerge as a "new wave" for impressive and discriminatory anticancer drugs snatching the largest share in cancer therapeutic market. Plants are the wealthy sources of peptides with probable anticancer properties. Till date only few plant derived peptides been considered for studying various anticancer mechanisms. Therefore plant peptides can be explored more for anticancer activities.

I would... establish the conviction that chemistry, as an independent science, offers one of the most powerful means towards the attainment of a higher mental cultivation; that the study of chemistry is profitable, not only in as much as it promotes the material interests of mankind, but also because it furnishes us with insight into those wonders of creation which immediately surround us and with which our existence, life and development are most closely connected.

Activity Report 2020-21

"Guidance on Quantitative Aptitude"

Dates : 23/08/2021 to 28/08/2021

Time : 3:00 pm to 5:00 pm

Topic : Quantitative Aptitude

Target Audience: Thirty five students of our college appears in competitive examination and they face many problems in Quantitative Aptitude. However the lectures are meant primarily for the such UG Students of Brijalal Biyani Science College, Amravati.

Technical Platform: The Extension Activity Was Conducted using Zoom App through Smart Board platform of ICT, Brijalal Biyani Science College, Amravati.

Faculty : Dr. P.R. Agrawal, Mr. H.G. Paralikar, Mr. A.R. Gulalkari, Mr. M.S. Kute.

Abstract of The Lectures:

In current times, Quantitative Aptitude tests have become the norm for almost all competitive exams in India. Such aptitude questions are included in all exams to measure a candidate's accuracy of calculations, mental numerical ability and logical formula application. So to help all such students, aspiring to crack any competitive exams, Department of mathematics organized five days guidance program on Quantitative Aptitude from 23/08/2021 to 27/08/2021, covering ten different topics.

A brief Overview:

The arranged webinars were one week online class lectures. In these one week lectures Dr. P.R. Agrawal introduced Speed, Time & Distance; important formulas used while solving Numerical Problems and discussed various problems on Speed and Time such an effortless manner. Latter Mr. A. R. Gulalkari took over the session and discussed Percentage, Important formulas on percentage and Problem solving strategies with Examples, Students felt interested on the topic.

In The 2nd Day, Mr. A. R. Gulalkari Mainly discussed Simple Interest , Formulas and Examples Latter Mr. M. S. Kute took over the 2nd session and the session was mainly focused on "Simplification".

In The 3rd Day, Mr. M.S. Kute took the both session and delivered lectures on "Average", Formulas & Examples, Problem solving strategies.

In The 4th Day, Mr. A. R. Gulalkari Mainly discussed Compound Interest , Formulas and Examples Latter Mr. M. S. Kute took over the 2nd session and the session was mainly focused on "Simplification".

In The 5th Day, Mr. H.G. Paralikar the both session and delivered lectures on "Profit & Loss", Formulas & Examples, Problem solving strategies.

In The 6th Day, faculty arranged the online Quiz through Google forms and students gave well response to Quiz. Feedback forms are given to students & E-certificates were provided to Participants. This online Quiz was designed to serves the purpose of a brief assessment to gauge the skills, abilities and knowledge of students.

It was very informative and knowledge enriching Workshop for the participants.

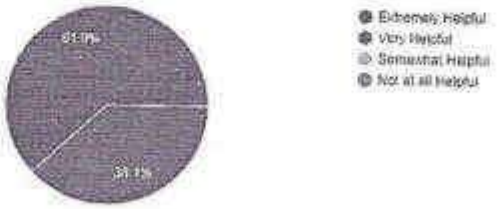

Virtual platform based lectures gives better experience to the participants.

The lectures were a huge success and received a positive response from the participants.

"Career opportunity to Students for M.Sc. in Industrial Polymer Chemistry & M.Sc. in Photonics Physics".

The Webinar on *"Career opportunity to Students for M.Sc. in Industrial Polymer Chemistry & M.Sc. in Photonics Physics"* was organized by IQAC, Brijlal Biyani Science College, Amravati in collaboration with MIT- World Peace University, Pune. The webinar was organized on Zoom platform with Live Streaming on YouTube on Tuesday, 10th August 2021 at 3:00 PM onwards. Honorable Dr. D. S. Dhote, Principal, Brijlal Biyani Science College, Amravati, was the Chairperson of the event. Dr. Vasi Shaikh, Professor & Program Head, M.Sc. IPC, IT-WPU and Dr. Narendra L. Mathakari, Professor, School of Physics, MIT-WPU were the Guest Speakers of the webinar. The webinar started with welcoming and honoring all the dignitaries.

Graduation plays a critical role in shaping one's professional career. Some students find the right way to fulfill their dreams while a majority of them struggle to choose the right career option after graduation. Before choosing the best career after graduation, students need to know the growth prospects, competition, availability of jobs, work requirements, etc. of that field. With the same motive, this webinar was organized to make students aware of Career opportunities after M.Sc. in Industrial Polymer Chemistry & M.Sc. in Photonics Physics. The objective of the webinar was to get students familiarized with various career paths in the corresponding subject area.

Respected speaker Respected Dr. Vasi Shaikh, Professor & Program Head, M.Sc. IPC, IT-WPU guided the students about the various aspects and importance of Polymers in today's era. Sir gave the details about M. Sc. Industrial Polymer Chemistry at MIT-WPU and career opportunities in it. Second Guest of speaker Respected Dr. Narendra L. Mathakari, Professor, School of Physics, MIT-WPU illuminated students with the importance Photonics with the help of power point
