1. Title of the Practice

NEW GIRLS STUDENT ORIENTATION (GSO) OF ONE WEEK

2. Objectives of the Practice

The objectives of New Girls Student Orientation are:

• To facilitate self-growth, self-worth and actualization of potential of the students through myriad ways of empowerment and competence building.

• To introduce girl students to college services which will support their educational and personal goals (ex. library, information technology and academics).

• To familiarize students with the campus environment and physical facilities.

• To create an atmosphere that minimizes anxiety, promotes positive attitudes, and stimulates an excitement for learning.

• To provide a welcoming atmosphere for the girls student to meet faculty, staff especially ladies staff, ,as well as other new students.

• To provide the new girls students comprehensive information about the academic and student service resources and programs like NSS, NCC, Student Council, Remedial Coaching, Competitive exam Coaching, etc.

3. The Context

Girl's orientation is like sowing the seed to raise the green plant of a charming full grown family which bears fruits. The GSO course serves as the orientation course provided for first semester college girl students to assist them in the acquisition of fundamental skills essential for academic and overall success. This course is offered primarily through the Equal Opportunity Centre established for the betterment of the girl student of the college. This course serves as the anchor course among the girls. The college endeavours to do its best to reach out to each student and nurture her potential. The attempt is to draw out individual students to unfurl their wings and explore their areas of interest, not only in academics but in extra-curricular activities as well. Apart from that, the college is sensitive to the needs of students belonging to diverse social, cultural, and regional backgrounds. The attempt is to build inter-connecting bridges among students and faculty and create an atmosphere that is conducive to self-realization and self-evolution. This sense of sisterhood enables students to participate creatively and grow in self-esteem, and induces a sense of well-being and satisfaction.

i. Reproductive Health
ii. Campus Resources
iii Legal Literacy
iv Communication Skill Development
v Computer Awareness (Merits/ Demerits)
vi Positive Attitude Development
vii Health And Hygiene Awareness
viii Physical Fitness

4. The Practice

The GSO for first year girls students of BBA, BCA and B.Sc. was held from 10th July 2017 to 15th July 2017. As the girls are on their first step of the chosen carrier and a very different mode of their life, it is very important to orient them in the right direction. Keeping this in view, the Equal Opportunity Centre organized one week GSO which was designed to facilitate academic, cultural, social, physical awareness amongst the girls.

1 : Healthy Womanhood

With the intention to impart knowledge on **"Healthy Womanhood",** the first lecture was on 10/07/17. It was delivered by Dr. S.R.Katke, Head, Department of Zoology. She boldly and clearly discussed many facts with the girls which were very important to understand. It was noticed that most of the girls were unaware of their physiology and were very happy with the initiative.

2 : Importance of Health and Fitness

At a very young age girls have low hemoglobin levels, low calcium levels. Girls don't take proper diet, which gives rise to many health issues, which in turn causes mental and physical stress to them. They can't concentrate on their studies. Dr. Reena Laharia, Assistant Professor, Department of Zoology, explained the girls about the importance of maintaining good health and hygiene on 11/7/17.

3 : Real Happiness

There are lot of pressures on today's teens, regarding studies, co-curricular activities, expectations from family, teachers, friends, etc. The cases of depression are increasing day by day. On 12/7/17, Mrs. Honrao, Head, Department of Commerce and Management Department explained how we can find Real Happiness in very small things, small moments which are generally neglected by us.

4 : Emotional Intelligence

As the students step in the outside world, it is important that they should develop their Emotional Intelligence. On 12/7/17, Mrs. M.A. Bhuptani, Assistant Professor, Department of Commerce and Management, guided the students to control over anger, take criticism as a challenge and increase acceptance power.

5 : Legal Awareness

Our government has framed many laws for the safety and security of women. But girls are not aware of these laws. So Mrs. Shaila Nibjiya, Department of Commerce and Management, on 13/7/17, guided the girls about these legal provisions and safety rules for girls. She explained in detail article 14 to the girls.

6 : Effect of Mobiles & Computers on Human

As there are advancements in technology and new development in Mobiles and Computers, the current generation is totally dependent on it. They should know merits and demerits of these. On 14/7/17, Dr. Varsha Tondre, Head, Department of Computer Science, guided girls about the ill effects of mobiles and computer on human body especially, a women body. She explained hoe a change in DNA can take place by continuous exposure to the mobile waves.

7 : Effect of Mobiles & Computers on Environment

We are facing a major issue of global warming and our environment is under a big threat. Excessive use of technology adds to it. Dr. Ujjwala Junghare, Department of Computer Science, explained the effects of development in technology on environment on 14/7/17. She also guided the student as to how they can contribute for saving the environment and what precautions are to be taken to save our mother nature.

Yoga Sessions

Yoga in daily life develops the areas of physical, mental social and spiritual health. When the body is physically healthy, the mind is clear focused and stress is under control.

Keeping this in view, yoga sessions were provided to girls daily for 20 minutes. Mrs. Gadwe, Department of Statistics, took the efforts to teach yogasans to the girls daily. Ms. Sharayu Dhakite, Department of Biotechnology, gave the practical.

5. Evidence of Success

On 15th July 2017, a valedictory function was organized to get the feedback from girls.

7.2.004

Community Life: Students will have an understanding of the community and environment on and around the college campus.

- Girls will be able to articulate opportunities for involvement in the campus community.
- Girls will identify opportunities for civic engagement.

Personal Life: Girls will engage in activities designed to improve their study and learning skills and to enhance their personal growth and development.

- Girls will identify personal time management systems that work for them.
- Girls will be able to successfully identify stress management techniques.
- Girls will be able to identify resources in the community that are available to promote and enhance their personal growth and development

Activity Report 2018-2019

"One Week Orientation Program on Women Empowerment"

"For I Year Girls"

Teachers-in-charge: Dr. P.R.Agrawal

1. Title of the Practice

NEW GIRLS STUDENT ORIENTATION (GSO) OF ONE WEEK

2. Objectives of the Practice

The objectives of New Girls Student Orientation are:

- To facilitate self-growth, self-worth and actualization of potential of the students through myriad ways of empowerment and competence building.
- To introduce girl students to college services which will support their educational and personal goals (ex. library, information technology and academics).
- To familiarize students with the campus environment and physical facilities.
- To create an atmosphere that minimizes anxiety, promotes positive attitudes, and stimulates an excitement for learning.
- To provide a welcoming atmosphere for the girls student to meet faculty, staff especially ladies staff, as well as other new students.
- To provide the new girls students comprehensive information about the academic and student service resources and programs like NSS, NCC, Student Council, Remedial Coaching, Competitive exam Coaching, etc.

3. The Context

Girl's orientation is like sowing the seed to raise the green plant of a charming full grown family which bears fruits. The GSO course serves as the orientation course provided for first semester college girl students to assist them in the acquisition of fundamental skills essential for academic and overall success. This course is offered primarily through the Equal Opportunity Centre established for the betterment of the girl student of the college. This course serves as the anchor course among the girls. The college endeavours to do its best to reach out to each student and nurture her potential. The attempt is to draw out individual students to unfurl their wings and explore their areas of interest, not only in academics but in extra-curricular activities as well. Apart from that, the college is sensitive to the needs of students belonging to diverse social, cultural, and regional backgrounds. The attempt is to build inter-connecting bridges among students and faculty and create an atmosphere that is conducive to self-realization and self-evolution. This sense of sisterhood enables students to participate creatively and grow in self-esteem, and induces a sense of well-being and satisfaction.

PROPOSED MODULES

There are eight (8) modules that are proposed for girl students to complete during the GSO course. Professors are afforded flexibility in determining how these modules will be implemented during the course, as long as the information is addressed.

a. Reproductive Health
b. Campus Resources
c. Legal Literacy
d. Communication Skill Development
e. Computer Awareness (Merits/ Demerits)
f. Positive Attitude Development
g. Health And Hygiene Awareness
h. Physical Fitness

4. The Practice

The GSO for first year girls students of BBA, BCA and B.Sc. was held from 9th July 2018 to 14th July 2018. As the girls are on their first step of the chosen carrier and a very different mode of their life, it is very important to orient them in the right direction. Keeping this in view, the Equal Opportunity Centre organized one week GSO which was designed to facilitate academic, cultural, social, physical awareness amongst the girls.

i : Healthy Womanhood

With the intention to impart knowledge on **"Women Body",** the first lecture was on 009/07/18 It was delivered by Dr. S.R.Katke, Head, Department of Zoology. She boldly and clearly discussed many facts with the girls which were very important to understand. It was noticed tha most of the girls were unaware of their physiology and were very happy with the initiative.

ii : Importance of Health and Hygiene

At a very young age girls have low hemoglobin levels, low calcium levels. Girls don't tak proper diet, which gives rise to many health issues, which in turn causes mental and physica stress to them. They can't concentrate on their studies. Dr. Reena Laharia, Assistant Professo Department of Zoology, explained the girls about the **"Importance of Health and Hygiene"** o 10/7/18.

iii : Real Happiness

There are lot of pressures on today's teens, regarding studies, co-curricular activitie expectations from family, teachers, friends, etc. The cases of depression are increasing day b day. On 11/7/18, Mrs. Honrao, Head, Department of Commerce and Management Departme explained how we can find **Real Happiness** in very small things, small moments which a generally neglected by us.

3.667 7.2.036

iv : Communication Skills

As the students step in the outside world, it is important that they should develop the Communication Skills. On 11/7/18, Mrs. M.A. Bhuptani, Assistant Professor, Department o Commerce and Management, guided the students on ways to improve Communication Skills.

v : Legal Awareness

Our government has framed many laws for the safety and security of women. But girls are no aware of these laws. So Mrs. Shaila Nibjiya, Department of Commerce and Management, o 12/7/18, guided the girls about these legal provisions and safety rules for girls. She explained i detail article 14 to the girls.

vi : Stage Fear

The **fear** of performing on **stage** is a problem that is quite common. Most of those affected don know how to overcome the block. Today, an on-stage performance is seen as not just a extracurricular activity, but an important life skill. To groom our girls to perform without fear Dr Prachi Agrawal, Head, Department of Mathematics gave some tips to the girls to overcom **"Stage Fear"** on 12/07/18.

vii : Evolution of Mobiles

As there are advancements in technology and new development in Mobiles and Computers, the current generation is totally dependent on it. They should know merits and demerits of these and as to how they evolved. On 13/7/18, Dr. Varsha Tondre, Head, Department of Computer Science, guided girls about history on evolution of mobiles and effects of mobiles and computer on human body especially, a women body. She explained how a change in DNA can take place by continuous exposure to the mobile waves.

vii : Cyber Crime

In technically driven society, people use various devices to make life simple. Globalization results in connecting people all around the world. The increasing access to and continuous use of technology has radically impacted the way in which people communicate and conduct their daily lives. And with this there is incease in threat of Cyber Cime. On 13/07/18, Dr. Ujjwala Junghare, Department of Computer Science, explained the girls about cyber crime and how to keep themselves safe on cyber.

Evidence of Success

On 14th July 2018, a valedictory function was organized to get the feedback from girls.

- Girls gave a very positive feedback of the workshop and requested for some more sessions to be conducted in future.
- Girls also informed in their feedback that through this orientation program they got introduced to all the incharges of various activities like NSS, NCC, EOC, Youth Festival, CCC, Women Grievance Cell, Career Counseling Cell, etc and therefore now can avail different facilities.
- In their feedback girls also informed that knowing their own structure in the healthy womenhood class made them more confident about themselves.
- They were able to identify health risks related to ignorance of hygiene and minor problems.
- They were able to understand legal provisions available for protecting them and their basic rights
- They became familiar with various legislations to demand their due share in society.
- Girls engaged in activities designed to improve their study and learning skills and to enhance their personal growth and development.
- Girls were able to identify personal time management systems that work for them.
- Girls were able to successfully identify stress management techniques.
- Girls were able to identify resources in the community that are available to promote and enhance their personal growth and development.

5. Problems Encountered and Resources Required

Problems Encountered

In this age of specialization and utilitarian attitude it is challenging to motivate students to explore areas and fields of knowledge beyond their chosen fields.

Resources Required

i) Physical Infrastructure
ii) Administrative support
iii) Financial Support
iv) Subject Experts
